Pastoral Aesthetics Nathan Carlin, 2019-03-06 It is often said that bioethics emerged from theology in the 1960s and that since then it has grown into a secular enterprise yielding to other disciplines and professions such as philosophy and law During the 1970s and 1980s a kind of secularism in biomedicine and related areas was encouraged by the need for a neutral language that could provide common ground for guiding clinical practice and research protocols Tom Beauchamp and James Childress in their pivotal *The Principles of Biomedical Ethics* achieved this neutrality through an approach that came to be known as principlist bioethics In *Pastoral Aesthetics* Nathan Carlin critically engages Beauchamp and Childress by revisiting the role of religion in bioethics and argues that pastoral theologians can enrich moral imagination in bioethics by cultivating an aesthetic sensibility that is theologically informed psychologically sophisticated therapeutically oriented and experientially grounded To achieve these ends Carlin employs Paul Tillich's method of correlation by positioning four principles of bioethics with four images of pastoral care drawing on a range of sources including painting fiction memoir poetry journalism cultural studies clinical journals classic cases in bioethics and original pastoral care conversations What emerges is a form of interdisciplinary inquiry that will be of special interest to bioethicists theologians and chaplains

English Pastoral James Rebanks, 2021-09-02 As a boy James Rebanks's grandfather taught him to work the land the old way Their family farm in the Lake District hills was part of an ancient landscape a patchwork of crops and meadows of pastures grazed with livestock and hedgerows teeming with wildlife And yet by the time James inherited the farm it was barely recognisable The men and women had vanished from the fields the old stone barns had crumbled the skies had emptied of birds and their wind blown song English Pastoral is the story of an inheritance one that affects us all It tells of how rural landscapes around the world were brought close to collapse and the age old rhythms of work weather community and wild things were lost And yet this elegy from the Lake District fells is also a song of hope how guided by the past one farmer began to salvage a tiny corner of England that was now his doing his best to restore the life that had vanished and to leave a legacy for the future This is a
