**Space Baby: Zoom to the Moon!** Pat-a-Cake, 2019-03-07 Zoom to the Moon introduces big ideas to little ones This first book about space will delight young babies With shiny foil to focus on and bright colour to capture and keep their attention this book will be revisited time and time again and also be interesting to older toddlers Publisher s description      **The ERIC Review** , 1991 Provides information on programs research publications and services of ERIC as well as critical and current education information      *Parenting, Inc.* Pamela Paul, 2008-04-01 A leading social critic goes inside the billion dollar baby

business to expose the marketing and the myths helping parents determine what's worth their money and what's a waste. Parenting coaches, ergonomic strollers, music classes, sleep consultants, luxury diaper creams, a never-ending rotation of DVDs that will make a baby smarter, socially adept, and bilingual before age three. Time-strapped, anxious parents hoping to provide the best for their baby are the perfect mark for the parenting industry. In *Parenting Inc.* Pamela Paul investigates the whirligig of marketing hype, peer pressure, and easy consumerism that spins parents into purchasing overpriced products and raising overprotected, overstimulated, and overprovided-for children. Paul shows how the parenting industry has persuaded parents that they cannot trust their children's health, happiness, and success to themselves. She offers a behind-the-scenes look at the baby business so that any parent can decode the claims and discover shockingly useless products and surprisingly effective services. And she interviews educators, psychologists, and parents to reveal why the best thing for a baby is to break the cycle of self-recrimination and indulgence that feeds into overspending. Paul's book leads the way for every parent who wants to escape the spiral of fear, guilt, competition, and consumption that characterizes modern American parenthood. **Toddler**

lucid book about a chaotic scene Dwight Garner The New York Times Memoirs of fatherhood are rarely so honest or so blunt Daniel Engber The Atlantic An instant classic M C Mah Romper NAMED A MOST ANTICIPATED BOOK OF 2022 BY LIT HUB

THE MILLIONS An unsparing loving account of fatherhood and the surprising magical and maddening first five years of a son s life I was not prepared to be a father this much I knew Keith Gessen was nearing forty and hadn t given much thought to the idea of being a father He assumed he would have kids but couldn t imagine what it would be like to be a parent or what kind of parent he would be Then one Tuesday night in early June the distant idea of fatherhood came careening into view Raffi was born a child as real and complex and demanding of his parents energy as he was singularly magical Fatherhood is another country a place where the old concerns are swept away where the ordering of time is reconstituted where days unfold according to a child s needs Whatever rulebooks once existed for this sort of thing seem irrelevant or outdated Overnight Gessen s perception of his neighborhood changes suddenly there are flocks of other parents and babies playgrounds and schools that span entire blocks Raffi is enchanting as well as terrifying and like all parents Gessen wants to do what is best for his child But he has no idea what that is Written over the first five years of Raffi s life Raising Raffi examines the profound overwhelming often maddening experience of being a dad Gessen traces how the practical decisions one must make each day intersect with some of the weightiest concerns of our age What does it mean to choose a school in a segregated city How do you instill in your child a sense of his heritage without passing on that history s darker sides Is parental anger normal possibly useful or is it inevitably authoritarian and destructive How do you get your kid to play sports And what do you do in a pandemic when the whole world seems to fall apart By turns hilarious and poignant Raising Raffi is a story of what it means to invent the world anew      **Bunny My Honey** Anita Jeram,2009-12-22 Hopping into a board book

humor and a sometimes literal bite Pre order YOUR UTOPIA the new book written by Bora Chung and translated by Anton Hur coming February 2024 From an author never before published in the United States Cursed Bunny is unique and imaginative blending horror sci fi fairy tales and speculative fiction into stories that defy categorization By turns thought provoking and stomach turning here monsters take the shapes of furry woodland creatures and danger lurks in unexpected corners of everyday apartment buildings But in this unforgettable collection translated by the acclaimed Anton Hur Chung's absurd haunting universe could be our own The Head follows a woman haunted by her own bodily waste The Embodiment takes us into a dystopian gynecology office where a pregnant woman is told that she must find a father for her baby or face horrific consequences Another story follows a young monster forced into underground fight rings without knowing his own power The titular fable centers on a cursed lamp in the shape of a rabbit fit for a child's bedroom but for its sinister capabilities No two stories are alike and readers will be torn whether to race through them or savor Chung's wit and frenetic energy on every page Cursed Bunny is a book that screams to be read late into the night and passed on to the nearest set of hands the very next day Like the work of Carmen Maria Machado and Aoko Matsuda Chung's stories are so wonderfully blisteringly strange and powerful that it's almost impossible to put Cursed Bunny down Kelly Link bestselling author of Get In Trouble
