Constitutionality of the President's "pocket Veto" Power United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Separation of Powers,1971 *The British in Argentina* David Rock,2018-11-29 Drawing on largely unexplored nineteenth and twentieth century sources this book offers an in depth study of Britain s presence in Argentina Its subjects include the nineteenth century rise of British trade merchants and explorers of investment and railways and of British imperialism Spanning the period from the Napoleonic Wars until the end of the twentieth century it provides a comprehensive history of the unique British community in Argentina Later sections examine the decline of British influence in Argentina from World War I into the early 1950s Finally the book traces links between British multinationals and the political breakdown in Argentina of the 1970s and early 1980s leading into dictatorship and the Falklands War Combining economic social and political history this extensive volume offers new insights into both the historical development of Argentina and of British interests overseas Encyclopaedia Britannica ,1810

Argentina Jill Hedges,2011-06-30 In the early 20th century Argentina possessed one of the world s most prosperous economies yet since then Argentina has suffered a series of boom and bust cycles that have seen it fall well below its regional neighbours such as Chile At the same time despite the lack of significant ethnic or linguistic divisions Argentina has failed to create an over arching post independence national identity and its political and social history has been marked by frictions violence and a 50 year series of military coups d tat Such difficulty in defining and resolving a common past has increased the complexity of resolving a national project for the present and future This lack of a national sense of identity highlighted by continuing frictions between Buenos Aires and the interior over the centralization of power in the capital is perhaps one factor explaining the enduring attraction of Peronism since its origins in the early 1940s Juan Peron s maxim if I define I exclude provided for a broad form of identification covering a range of different regional socioeconomic and political experiences However it also provided the basis of an amorphous and ideologically vacuous political platform that has eluded

precise definition for 50 years thus distorting the country's entire political spectrum Jill Hedges here analyses the modern history of Argentina from the adoption of the 1853 constitution until the present day highlighting the political factionalism the weakness of and lack of trust in political institutions and economic dependence on foreign capital which have contributed to its political instability and economic fluctuation Exploring political economic and social aspects of Argentina's recent past this book will be invaluable to anyone interested in South American history and politics The War of the Rebellion: v. 1-53 [serial no. 1-111] Formal reports, both Union and Confederate, of the first seizures of United States property in the southern states, and of all military operations in the field, with the correspondence, order and returns relating specially thereto. 1880-1898. 111 v United States. War Department, 1897 Official records produced by the armies of the United States and the Confederacy and the executive branches of their respective governments concerning the military operations of the Civil War and prisoners of war or prisoners of state Also annual reports of military departments calls for troops correspondence between national and state governments correspondence between Union and Confederate officials The final volume includes a synopsis general index special index for various military divisions and background information on how these documents were collected and published Accompanied by an atlas **Encyclopædia**, 1798 Through the Heart of Patagonia Hesketh Hesketh-Prichard, Francisco Pascasio Moreno, Arthur Smith Woodward, Oldfield Thomas, James Britten, Alfred Barton Rendle, 1902 **Congressional Oversight of Executive Agreements** United States. Congress. Senate. Judiciary, 1972 Hearings, Reports and Prints of the Senate Committee on the Judiciary United States. Congress. Senate. Committee on the Judiciary, 1971 *Encyclopædia Britannica*, 1810 *Latin America* Robert L. Scheina, 1987 Shows how Latin American naval fleets were developed to protect these nations from foreign intervention discusses the influence of the U S Navy on the continent and analyzes the Falklands War *Latin America's Wars* Robert L. Scheina, 2003-01-31 Robert Scheina's latest book drawn upon years of research lecturing and teaching in the field is a groundbreaking and definitive study of Latin American military history Despite the pivotal role of wars in U S history few in the United States under *Argentina*, 2008

Cabañas, Jeanne Dubino, Veronica Salles-Reese, Gary Totten, 2015-06-26 This collection examines the intersections between the personal and the political in

travel writing and the dialectic between mobility and stasis through an analysis of specific cases across geographical and historical boundaries The authors explore the various ways in which travel texts represent actual political conditions and thus engage in discussions about national transnational and global citizenship how they propose real world political interventions in the places where the traveler goes what tone they take toward political or socio political violence and how they intersect with political debates Travel writing can be viewed as political in a purely instrumental sense but as this volume also demonstrates travel writing s reception and ideological interventions also transform personal and cultural realities This book thus examines the ways in which politics material effects inform and intersect with personal experience in travel texts and engage with travel s dialectic of mobility and stasis In spite of globalization and efforts to eradicate the colonial vision in travel writing and in travel writing criticism this vision persists in various and complex ways While the travelogue can be a space of discursive and direct oppression these essays suggest that the travelogue is also a narrative space in which the traveler employs the genre to assert authority over his or her experiences of mobility This book will be an important contribution for interdisciplinary scholars with interests in travel writing studies global and transnational studies women s studies multicultural studies the social sciences and history
