Paternalism In A Southern City:

Bossism and Reform in a Southern City James Duane Bolin, 2021-12-14 William Frederick Billy Klair 1875 1937 was the undisputed czar of Lexington Kentucky for decades As political boss in a mid sized southern city he faced problems strikingly similar to those of large cities in the North As he watched the city grow from a sleepy market town of 16 000 residents to a bustling active urban center of over 50 000 Klair saw changes that altered not just Lexington but the nation and the world urbanization industrialization and immigration But Klair did not merely watch these changes like other political bosses and social reformers he actively participated in the transformation of his city As a political boss and a practitioner of what George Washington Plunkitt of Tammany Hall referred to as honest graft Klair applied lessons of organization innovation manipulation power and control from the machine age to bring together diverse groups of Lexingtonians and Kentuckians as supporters of a powerful political machine James Duane Bolin also examines the underside of the city once known as the Athens of the West He balances the postcard view of Bluegrass mansions and horse farms with the city s well known vice district housing problems racial tensions and corrupt politics With the reality of life in Lexington as a backdrop the career of Billy Klair provides as a valuable and engaging case study of the inner workings of a southern political machine *The New Encyclopedia of Southern Culture* Nancy Bercaw, Ted Ownby, 2014-02-01 This volume of *The New Encyclopedia of Southern Culture* reflects the dramatic increase in research on the topic of gender over the past thirty years revealing that even the most familiar subjects take on new significance when viewed through the lens of gender The wide range of entries explores how people have experienced understood and used concepts of womanhood and manhood in all sorts of obvious and subtle ways The volume features 113 articles 65 of which are entirely new for this edition Thematic articles address subjects such as sexuality respectability and paternalism and investigate the role of gender in broader subjects including the civil rights movement country music and sports Topical entries highlight individuals such as Oprah Winfrey the Grimke sisters and Dale Earnhardt as well as historical events such as the capture of Jefferson Davis in a woman s dress the Supreme Court s decision in *Loving v Virginia* and the Memphis sanitation workers strike with its slogan I AM A MAN Bringing together scholarship on gender and the body sexuality labor race and politics this volume offers new ways to view big questions in southern history and culture **Paternalism in a Southern City** Edward J. Cashin, Glenn T. Eskew, 2001 These essays look at southern social customs within a single city in the nineteenth and early twentieth centuries In particular the volume focuses on paternalism between masters and slaves husbands and wives elites and the masses and industrialists and workers How Augusta s millworkers homemakers and others resisted exploited or endured the constraints of paternalism reveals the complex interplay between race class and gender One essay looks at the subordinating effects of paternalism on women in the Old South slave free black and white and the coping strategies available to each group Another focuses on the Knights of Labor union in Augusta With their trappings of chivalry the Knights are viewed as a response by Augusta s white male

millworkers to the emasculating maternalism to which they were subjected by their own wives and daughters and those of mill owners and managers Millworkers are also the topic of a study of mission work in their communities a study that gauges the extent to which religious outreach by elites was a means of social control rather than an outpouring of genuine concern for worker welfare Other essays discuss Augusta s aristocracy of color who had to endure the same effronteries of segregation as the city s poorest blacks the role of interracial cooperation in the founding of the Colored Methodist Episcopal Church as a denomination and of Augusta s historic Trinity CME Church and William Jefferson White an African American minister newspaper editor and founder of Morehouse College The varied and creative responses to paternalism discussed here open new ways to view relationships based on power and negotiated between men and women blacks and whites and the prosperous and the poor

Southern Histories David R. Goldfield, 2003 Goldfield looks at an array of issues from the Thomas Jefferson Sally Hemmings controversy to debates over the Confederate flag to the proliferation of African American history museums and monuments in the region Finally he recalls his work as a consultant on U S Supreme Court cases involving a majority black voting district in North Carolina as a coauthor of an environmental and economic impact study of offshore drilling in the Gulf of Mexico and as a mitigating witness in the sentencing phases of six racially polarizing death penalty cases His contributions Goldfield hopes made history more real to people in vocations outside of academia

BOOK JACKET The Secular Spectacle Chad E. Seales, 2013 Using ethnographic and archival sources Chad E Seales argues in *The Secular Spectacle* that white Protestants in Siler ritually engaged material cultures of racial segregation and southern industrialization that had been forged in the early twentieth century in order to reclaim public space following the arrival of Latino Catholics

The Rural Face of White Supremacy Mark Roman Schultz, 2006-12-20 Now in paperback *The Rural Face of White Supremacy* presents a detailed study of the daily experiences of ordinary people in rural Hancock County Georgia Drawing on his own interviews with over two hundred black and white residents Mark Schultz argues that the residents acted on the basis of personal rather than institutional relationships As a result Hancock County residents experienced more intimate face to face interactions which made possible more black agency than their urban counterparts were allowed While they were still firmly entrenched within an exploitive white supremacist culture this relative freedom did create a space for a range of interracial relationships that included mixed housing midwifery church services meals and even common law marriages

Yankee Town, Southern City Steven Elliot Tripp, 1999-03 One of the most hotly debated issues in the historical study of race relations is the question of how the Civil War and Reconstruction affected social relations in the South Did the War leave class and race hierarchies intact Or did it mark the profound disruption of a long standing social order *Yankee Town Southern City* examines how the members of the southern community of Lynchburg Virginia experienced four distinct but overlapping events Secession Civil War Black Emancipation and Reconstruction By looking at life in the grog shop at the military encampment on the street corner and on the shop floor Steven Elliott Tripp illustrates the way in which ordinary

people influenced the contours of race and class relations in their town **The Southern Historian** ,2001 Manners and Southern History Ted Ownby,2011-03-31 Contributions by Catherine Clinton Joseph Crespino Jane Dailey Lisa Lindquist Dorr Anya Jabour John F Kasson Jennifer Ritterhouse and Charles F Robinson II The concept of southern manners may evoke images of debutantes being introduced to provincial society or it might conjure thoughts of the humiliating behavior white supremacists expected of African Americans under Jim Crow The essays in *Manners and Southern History* analyze these topics and more Scholars here investigate the myriad ways in which southerners from the Civil War through the civil rights movement understood manners Contributors write about race gender power and change Essays analyze the ways southern white women worried about how to manage anger during the Civil War the complexities of trying to enforce certain codes of behavior under segregation and the controversy of college women s dating lives in the raucous 1920s Writers study the background and meaning of Mardi Gras parades and debutante balls the selective enforcement of anti miscegenation laws and arguments over the form that opposition to desegregation should take Concluding essays by Jane Dailey and John F Kasson summarize and critique the other articles and offer a broader picture of the role that manners played in the social history of the South *Freedom's Coming* Paul Harvey,2012-09-01 In a sweeping analysis of religion in the post Civil War and twentieth century South *Freedom's Coming* puts race and culture at the center describing southern Protestant cultures as both priestly and prophetic as southern formal theology sanctified dominant political and social hierarchies evangelical belief and practice subtly undermined them The seeds of subversion Paul Harvey argues were embedded in the passionate individualism exuberant expressive forms and profound faith of believers in the region Harvey explains how black and white religious folk within and outside of mainstream religious groups formed a southern evangelical counterculture of Christian interracialism that challenged the theologically grounded racism pervasive among white southerners and ultimately helped to end Jim Crow in the South Moving from the folk theology of segregation to the women who organized the Montgomery bus boycott from the hymn inspired freedom songs of the 1960s to the influence of black Pentecostal preachers on Elvis Presley Harvey deploys cultural history in fresh and innovative ways and fills a decades old need for a comprehensive history of Protestant religion and its relationship to the central question of race in the South for the postbellum and twentieth century period **A Forgotten Sisterhood** Audrey Thomas McCluskey,2014-10-30 Emerging from the darkness of the slave era and Reconstruction black activist women Lucy Craft Laney Mary McLeod Bethune Charlotte Hawkins Brown and Nannie Helen Burroughs founded schools aimed at liberating African American youth from disadvantaged futures in the segregated and decidedly unequal South From the late nineteenth through mid twentieth centuries these individuals fought discrimination as members of a larger movement of black women who uplifted future generations through a focus on education social service and cultural transformation Born free but with the shadow of the slave past still implanted in their consciousness Laney Bethune Brown and Burroughs built off each other s successes and learned from each other s struggles as administrators

lecturers and suffragists Drawing from the women s own letters and writings about educational methods and from remembrances of surviving students Audrey Thomas McCluskey reveals the pivotal significance of this sisterhood s legacy for later generations and for the institution of education itself *A Common Thread* Beth English,2010-01-25 With important ramifications for studies relating to industrialization and the impact of globalization *A Common Thread* examines the relocation of the New England textile industry to the piedmont South between 1880 and 1959 Through the example of the Massachusetts based Dwight Manufacturing Company the book provides an informative historic reference point to current debates about the continuous relocation of capital to low wage largely unregulated labor markets worldwide In 1896 to confront the effects of increasing state regulations labor militancy and competition from southern mills the Dwight Company became one of the first New England cotton textile companies to open a subsidiary mill in the South Dwight closed its Massachusetts operations completely in 1927 but its southern subsidiary lasted three more decades In 1959 the branch factory Dwight had opened in Alabama became one of the first textile mills in the South to close in the face of post World War II foreign competition Beth English explains why and how New England cotton manufacturing companies pursued relocation to the South as a key strategy for economic survival why and how southern states attracted northern textile capital and how textile mill owners labor unions the state manufacturers associations and reform groups shaped the ongoing movement of cotton mill money machinery and jobs *A Common Thread* is a case study that helps provide clues and predictors about the processes of attracting and moving industrial capital to developing economies throughout the world **The Coming of Southern Prohibition** Michael Lewis,2016-06-06 In *The Coming of Southern Prohibition* Michael Lewis examines the rise and fall of South Carolina s state run liquor dispensary system from its emergence in the 1890s until statewide prohibition in 1915 The dispensary system requiring government owned outlets to bottle and sell all alcohol began as a way to both avoid prohibition and enrich governmental coffers In this revealing study Lewis offers a more complete rendering of South Carolina s path to universal prohibition and thus sharpens our understanding of historical southern attitudes towards race religion and alcohol By focusing on the Aiken County border town of North Augusta South Carolina Lewis details how their lucrative dispensary operation which promised to both reduce alcohol consumption and generate funding for the county s cash strapped government delayed statewide prohibition by nearly a decade Aided by Georgia s adoption of dry laws in 1907 Aiken County profited from alcohol sales to Georgians crossing the state line to drink Lewis shows in fact that the Aiken County dispensary at the foot of the bridge connecting South Carolina to Georgia sold more liquor than any other store in the state Notwithstanding the moral debates surrounding temperance the money resulting from dispensary sales helped pave roads build parks and schools and keep county and municipal taxes the lowest in South Carolina The power of this revenue is notable as Lewis reveals given the rejection of prohibition laws voiced by the rural native born Protestant population in Aiken County which diverged from the sentiment of their peers in other parts of the region Lewis s socio cultural analysis which

includes the impact of adjacent mill villages and African American communities employs statistical findings to reveal an interplay of political and economic factors that ultimately overwhelmed any profit margin and ushered in statewide prohibition in 1915 Original and enlightening The Coming of Southern Prohibition explores a single community as it wrestled with the ethical and financial stakes of alcohol consumption and sale amid a national discourse that would dominate American life in the early twentieth century **The One** R. J. Smith,2012-11-06 A tribute to the life and achievements of the Godfather of Soul covers his unconventional youth in a segregated South his complicated family life and his work as a civil rights advocate and entrepreneur A Confederate Legend Edward J. Cashin,2008 Deepens our understanding of what it was like to be a common soldier in the Confederate army and live through the years after defeat Benson fought loyally for the south went to prison and escaped then survived Reconstruction The Uplift Generation Clayton McClure Brooks,2017-03-22 Offering a fresh look at interracial cooperation in the formative years of Jim Crow The Uplift Generation examines how segregation was molded not by Virginia s white political power structure alone but rather through the work of a generation of Virginian reformers across the color line who from 1900 to 1930 engaged in interracial reforms This group of paternalists and uplift reformers believed interracial cooperation was necessary to stem violence and promote progress Although these activists had varying motivations they worked together because their Progressive aims meshed finding themselves unlikely allies Unlike later incarnations of interracialism this early work did not challenge segregation but rather helped to build and define it intentionally and otherwise The initiatives whose genesis ranged from private one on one communications to large scale interracial organizations shaped Progressivism the emergence of a race conscious public welfare system and the eventual parameters of Jim Crow in Virginia Through extensive use of personal papers newspapers and other archival materials The Uplift Generation shares the stories of these fascinating yet often forgotten reformers and the complicated and sometimes troubling consequences of their work Uniquely Okinawan Courtney A. Short,2020-03-03 Uniquely Okinawan explores how American soldiers sailors and Marines considered race ethnicity and identity in the planning and execution of the wartime occupation of Okinawa during and immediately after the Battle of Okinawa 1945 46 Seeking Eden Staci L. America Aflame David Goldfield, 2011-03-15 In this spellbinding new history David Goldfield offers the first major new interpretation of the Civil War era since James M McPherson s *Battle Cry of Freedom* Where past scholars have limned the war as a triumph of freedom Goldfield sees it as America s greatest failure the result of a breakdown caused by the infusion of evangelical religion into the public sphere As the Second Great Awakening surged through America political questions became matters of good and evil to be fought to the death The price of that failure was horrific but the carnage accomplished what statesmen could not It made the United States one nation and eliminated slavery as a divisive force in the Union The victorious North became synonymous with America as a land of innovation and industrialization whose teeming cities offered squalor and opportunity in equal measure Religion was supplanted by science and a gospel of progress and the South was left behind Goldfield s panoramic narrative sweeping from the 1840s to the end of Reconstruction is studded with memorable details and luminaries such as Harriet Beecher Stowe Frederick Douglass and Walt Whitman There are lesser known yet equally compelling characters too including Carl Schurz a German immigrant warhero and postwar reformer and Alexander Stephens the urbane and intellectual vice president of the Confederacy **America Aflame** is a vivid portrait of the fiery trial that transformed the country we live in
