

PATER'S PORTRAITS

Mythic Patterns in the Fiction of Walter Pater

by Gerald Cornelius Alderman

Paters Portraits Mythic Pattern In The F

Kurt Lampe

Paters Portraits Mythic Pattern In The F:

Walter Pater and Persons Stephen Cheeke, 2024-06-20 Walter Pater and Persons investigates the vital concept of the Person in the work of Walter Pater a major influence on late nineteenth and early twentieth century literature Stephen Cheeke explores the intersections of the person persona and personality in Pater's work re-examines arguments about his famously personal prose style traces Pater's ambivalent fascination with impersonality and asceticism considers the poetics of personification in his writings about Greek myth and religion in the divine logos of early Christianity and in the theory of Platonic Universals and explores his fascination with metempsychosis the many persons through whom the individual soul transmigrates Cheeke also explores the networks in which Pater was interpreted and misinterpreted by different persons and personalities such as Oscar Wilde Arthur Symonds and W B Yeats Their misreadings of Pater and rebellions against his work from Decadent antinomian and mystical perspectives reveal the ways in which Pater's writing had always been in a critical dialogue with its own thinking as well as a prescient one in relation to his reception The philosophical question of what is a person a crucial one for the nineteenth century and with an increasing urgency in our own times is illuminated throughout this work

Pater the Classicist Charles Martindale, Stefano Evangelista, Elizabeth Prettejohn, 2017 Pater the Classicist is the first book to address in detail Walter Pater's important contribution to the study of classical antiquity Widely considered our greatest aesthetic critic and now best known as a precursor to modernist writers and post modernist thinkers of the twentieth century Pater was also a classicist by profession who taught at the University of Oxford He wrote extensively about Greek art and philosophy but also authored an influential historical novel set in ancient Rome Marius the Epicurean and a variety of short stories depicting the survival of classical culture in later ages These superficially diverging interests actually went closely hand in hand it can plausibly be asserted that it is the classical tradition in its broadest sense including the question of how to understand its workings and temporalities which forms Pater's principal subject as a writer Although he initially approached antiquity obliquely through the Italian Renaissance for example or the poetry of William Morris later in his career he wrote more and more directly about the ancient world and particularly about Greece his first love The essays in this collection cover all his major works and reveal a many-sided and inspirational figure whose achievements helped to reinvigorate the classical studies that were the basis of the English educational system of the nineteenth century and whose conception of Classics as cross-disciplinary and outward looking can be a model to scholars and students today They discuss his classicism generally his fiction set in classical antiquity his writings on Greek art and culture and those on ancient philosophy and in doing so they also illuminate Pater's position within his Victorian context among figures such as J A Symonds Henry Nettleship Vernon Lee and Jane Harrison as well as his place in the study and reception of Classics today

Perennial Decay Liz Constable, Dennis Denisoff, Matthew Potolsky, 1999 When Oscar Wilde was convicted of gross indecency in 1895 a reporter for the National Observer wrote that there was not a man or a woman in the English speaking

world possessed of the treasure of a wholesome mind who is not under a deep debt of gratitude to the marquis of Queensberry for destroying the high Priest of the Decadents But reports of the death of decadence were greatly exaggerated and today more than one hundred years after the famous trial and at the beginning of a new millennium the phenomenon of decadence continues to be a significant cultural force Indeed decadence in the nineteenth century and in our own period has been a concept whose analysis yields a broad set of associations In Perennial Decay Emily Apter Charles Bernheimer Sylvia Molloy Michael Riffaterre Barbara Spackman Marc Weiner and others extend the critical field of decadence beyond the traditional themes of morbidity the cult of artificiality exoticism and sexual nonconformism They approach the question of decadence afresh reevaluating the continuing importance of late nineteenth century decadence for contemporary literary and cultural studies

Portrait of the Artist as Hermes Donald F. Nelson, 2020-05-01 Within the framework of Jungian archetypal psychology and utilizing Karl Kerényi's theories on Hermes and the archetypal symbolism of mother and daughter this book combines the mythopoeic and psychoanalytical approaches in interpreting Krull's development as both a mythic identification with Hermes and an odyssey into the archaic depths of the Collective Unconscious As a counterpart to the thematic line of investigation detailed stylistic analyses aim at pointing out significant correspondences between form and content

Text, Body and Indeterminacy Anna Budziak, 2009-03-26 The nature of the self is an important point at which philosophy and literature intersect Text Body and Indeterminacy acknowledges this connection by forging a link between the philosophical concept of the self and the category of the literary character The philosophical horizon of Text Body and Indeterminacy is delineated by the neo pragmatist debate on selfhood The book entwines the ideas of Richard Rorty and Richard Shusterman by stressing similarity in their aestheticizing of ethics and by showing the difference in their understanding of the self as textual or bodily The characters created by Pater and Wilde are freshly assessed within this dual philosophical perspective Their doppelgangers are seen as the forerunners of postmodernist concepts the cerebral flâneur is reflected in Rorty's model ironist and the sensuous aesthete returns through Shusterman's notion of the somatic self Text Body and Indeterminacy establishes how Pater renders his protagonists through discursive patterns tropes of Decadence philosophical theorems and myths only to subvert these vocabularies and to emphasize the reality of the body the extra textual dimension of the self It also shows how Wilde's sensuous personae both bodily and indeterminate transcend the vocabularies available to the Wildean flâneurs Through its interpretations Text Body and Indeterminacy uniquely combines literary portraits by Pater and Wilde highlights interlocking themes and in every reading points to the ethical gains of tilting the idea of selfhood into the somatic realm

Thought Wilfrid Parsons, Francis Xavier Talbot, Gerald Groveland Walsh, 1968

The Birth of Hedonism Kurt Lampe, 2017-05-09 According to Xenophon Socrates tried to persuade his associate Aristippus to moderate his excessive indulgence in wine women and food arguing that only hard work can bring happiness Aristippus wasn't convinced Instead he and his followers espoused the most radical form of hedonism in ancient Western

philosophy Before the rise of the better known but comparatively ascetic Epicureans the Cyrenaics pursued a way of life in which moments of pleasure particularly bodily pleasure held the highest value In *The Birth of Hedonism* Kurt Lampe provides the most comprehensive account in any language of Cyrenaic ideas and behavior revolutionizing the understanding of this neglected but important school of philosophy *The Birth of Hedonism* thoroughly and sympathetically reconstructs the doctrines and practices of the Cyrenaics who were active between the fourth and third centuries BCE The book examines not only Aristippus and the mainstream Cyrenaics but also Hegesias Anniceris and Theodorus Contrary to recent scholarship the book shows that the Cyrenaics despite giving primary value to discrete pleasurable experiences accepted the dominant Greek philosophical belief that life long happiness and the virtues that sustain it are the principal concerns of ethics The book also offers the first in depth effort to understand Theodorus's atheism and Hegesias's pessimism both of which are extremely unusual in ancient Greek philosophy and which raise the interesting question of hedonism's relationship to pessimism and atheism Finally the book explores the new Cyrenaicism of the nineteenth century writer and classicist Walter Pater who drew out the enduring philosophical interest of Cyrenaic hedonism more than any other modern thinker *The Historical Novel in Nineteenth-Century Europe* Brian Hamnett, 2011-11-24 Brian Hamnett examines key historical novels by Scott Balzac Manzoni Dickens Eliot Flaubert Fontane Gald's and Tolstoy revealing the contradictions inherent in this form of fiction and exploring the challenges writers encountered in attempting to represent a reality that linked past and present **British Aestheticism and Ancient Greece** S. Evangelista, 2015-12-17 This book is the first comprehensive study of the reception of classical Greece among English aesthetic writers of the nineteenth century By exploring this history of reception it aims to give readers a new and fuller understanding of literary aestheticism its intellectual contexts and its challenges to mainstream Victorian culture **Walter Pater (1839-1894)** Elisa Bizzotto, Franco Marucci, 1996 *Harvard Studies in Classical Philology, Volume 88* D. R. Shackleton Bailey, 1984 This volume of thirteen essays includes Tantalus and Anaxagoras Notes on Seneca Rhetor More on Pseudo Quintilian's Longer Declamations Lurius Varus a Stray Consular Legate and Loss of Self Suffering Violence The Modern View of Dionysus from Nietzsche to Girard *Chasing the Metaphysical Referent in Victorian Aesthetics* Lauren Leigh Todd, 1998 **Nineteenth-century Literature**, 2005 *Studies in Walter Pater*, 2008 **Walter Pater** William Howard Sullivan, 1969 **Aspects of Apuleius' Golden Ass: without special title** Rudi van der Paardt, 1978 **Pictures from the Heart** Sandra A. Thomson, 2003-08-02 For hundreds of years people have turned to the tarot for guidance and focus in seeking answers to life's questions While millions use the Tarot regularly much of its history lore and symbolism remain obscure making it difficult for the user to get the deepest possible reading Also with hundreds of different decks available drawing on several major traditions finding the right deck the one that the Tarot user will find most sympathetic to their needs desires and usage can become an arduous task *Pictures from the Heart* provides hundreds of entries detailing the symbolism of the Tarot contrasting the various decks on the market as well as issues figures and topics

of interest to the Tarot user For both the experienced and the neophyte user this tarot dictionary is a long awaited and essential resource Patterns of Deification in the Acts of the Apostles Daniel B. Glover,2022-10-11 Five times throughout the course of Luke s narrative in Acts an individual character is identified as a god Rarely have scholars read these deification scenes within their narrative and historical settings with sufficient care With regard to the narrative setting scholars working on the deification scenes tend to take one or another as normative and read the remaining acclamations in light of a particular interpretation of that one pericope However such reading strategies run aground when they arrive at the final acclamation 28 1 10 which breaks the exegetical bow of the interpretive ship In this study Daniel B Glover evaluates the deification scenes in the Book of Acts by locating them within the broader ancient Mediterranean context of deification He offers a fresh reading of Acts that situates each of the five scenes within a distinct literary pattern recognizable to its earliest readers Creative and Critical Approaches to the Short Story Noel Harold Kaylor,1997 The collection is unique in that it combines the critical creative approaches to short fiction and includes works by influential critics and writers who convey their love of the genre through their writing Contributors include some of the best critics of the Short Story anywhere talented fiction writers one a Pulitzer Prize winner Whitaker's Cumulative Book List ,1967
