Lucid Dreaming - The Path of Non-Dual Dream Yoga Santatagama, 2020-09-10 Lucid dreaming like you've never seen before The complete alchemical elixir Transform Lucid Dreaming into Non-dual Dream Yoga Lucid dreaming is an ancient art that has been practiced for over two millennia However throughout the eons the essence of lucid dreaming seems to have been forgotten Instead of being a path toward self-transcendence lucid dreaming became the goal and its biggest treasure was lost A plague of thoughts and conceptual analysis posing as genuine knowledge an entanglement

in old dogmatic traditions and lineages filled with rhetoric that reinforces the ego narrative and sense of separation or a general lack of an enlightenment oriented non dual perspective these are common symptoms in many lucid dreaming books and teachings But this work is not a common lucid dreaming book it is for those on the path to enlightenment it elevates this ancient art into its rightful place What you will find in the book *Rare Lucid Dreaming and Dream Yoga* wisdom and insights not found anywhere else Instructions on how to have and induce a lucid dream Practices on how to purify and reprogram your subconscious mind through Lucid Dreaming Learning how to interact with dream characters and archetypal figures and how they can help you in your spiritual path The knowledge of how to transform nightmares into illuminating dreams Learning how to perform any type of spiritual practice within the dream state Teachings on how to elevate the practice of lucid dreaming into non dual Dream Yoga to realize your true nature enlightenment Revealing how to awaken and become lucid in the dream of real life The Transcendence of the post death Bardo state Unforgettable vivid dreams and the increased chance of experiencing spontaneous lucid dreams as your mind soaks in this book s wisdom and energy And much more More than being just a guide to discover lucid dreaming this book is a guide to discover and transcend the lucid dreamer a guide to Self discovery and Self realization Every night you are resuscitated from the darkness of sleep by the light of dreams Will you continue to neglect this other facet of your existence and sleep through them with ignorance or will you awaken to the infinite potential that the dream state can bring an awakening into the eternal state of unfathomable bliss Only you can decide The opportunity It is in your hands right here right now

Wisdom Is Bliss Robert Thurman,2021-08-03 Robert Thurman is a living treasure one of today s most provocative spiritual thinkers Daniel Goleman author of *Emotional Intelligence* Robert Thurman the preeminent scholar and interpreter of Tibetan Buddhist philosophy for the modern world leads us on a joyful exploration into the nature of reality through Buddha s threefold curriculum of super education Buddha had to be an educator rather than a prophet or religion founder since he had achieved his goal of exact and complete understanding of reality by using reason experiments to open his own mind and vision to do so Thurman writes From his own experience he could help others as a teacher by streamlining the

process He could not just transplant his realization into their minds They could not get their own realizations just by believing whatever he said He could only provide them with a prospect of full realization along a path of learning and experiencing they could follow they would have to travel on their own This book is your invitation to travel that same road Deeply felt and bracingly direct it doesn't teach about the teaching it is the teaching Get ready to get real and have fun along the way as you chart a path to reliable lasting happiness Path to Bliss Dalai Lama XIV Bstan-Ṭdzin-rgya-mtsho,1991
