Path To Freedom Goodneb Evil Rubian:

Defiant Brides Nancy Rubin Stuart, 2014-03-04 Get a fresh perspective on the American Revolution as an award winning author reveals the true story of two young women who defied their Loyalist families to marry radical patriots Henry Knox and Benedict Arnold Shelf Awareness When Peggy Shippen the celebrated blonde belle of Philadelphia married American military hero Benedict Arnold in 1779 she anticipated a life of fame and fortune but financial debts and political intrigues prompted her to conspire with her treasonous husband against George Washington and the American Revolution In spite of her commendable efforts to rehabilitate her husband s name Peggy Shippen continues to be remembered as a traitor bride Peggy s patriotic counterpart was Lucy Flucker the spirited and voluptuous brunette who in 1774 defied her wealthy Tory parents by marrying a poor Boston bookbinder simply for love When her husband Henry Knox later became a famous general in the American Revolutionary War Lucy faithfully followed him through Washington s army camps where she birthed and lost babies befriended Martha Washington was praised for her social skills and secured her legacy as an admired patriot wife And yet as esteemed biographer Nancy Rubin Stuart reveals a closer look at the lives of both spirited women reveals that neither was simply a traitor or patriot In *Defiant Brides* the first dual biography of both Peggy Shippen Arnold and Lucy Flucker Knox Stuart has crafted a rich portrait of two rebellious women who defied expectations and struggled publicly and privately in a volatile political moment in early America Drawing from never before published correspondence Stuart traces the evolution of these women from passionate teenage brides to mature matrons bringing both women from the sidelines of history to its vital center Readers will be enthralled by Stuart s dramatic account of the epic lives of these defiant brides which begin with romance are complicated by politics and involve spies disappointments heroic deeds tragedies and personal triumphs [The Life and Thought of Lev Karsavin](#) Dominic Rubin, 2013 At last Russia has begun to speak in a truly original voice So said Anatoly Vaneev a Soviet dissident who became Karsavin s disciple in the Siberian gulag where the philosopher spent his last two years The book traces the unusual trajectory of this inspiring voice Karsavin started his career as Russia s brightest historian of Catholic mysticism however his radical methods which were far ahead of their time shocked his conservative colleagues The shock continued when Karsavin turned to philosophy writing flamboyant and dense essays in a polyphonic style which both Marxists and religious traditionalists found provocative There was no let up after he was expelled by Lenin from Soviet Russia in exile he became a leading theorist in the Eurasian political movement combining Orthodox theology with a left wing political orientation Finally Karsavin found stability when he was invited to teach history in Lithuania there he spent twenty years reworking his philosophy before suffering the German and Soviet invasions of his new homeland and then deportation and death Clearing away misunderstandings and putting the work and life in context this book shows how Karsavin made an original contribution to European philosophy inter religious dialogue Orthodox and Catholic theology and the understanding of history [The Promise of Happiness](#) Sara Ahmed, 2010-04-06 The Promise of Happiness is a

provocative cultural critique of the imperative to be happy It asks what follows when we make our desires and even our own happiness conditional on the happiness of others I just want you to be happy I m happy if you re happy Combining philosophy and feminist cultural studies Sara Ahmed reveals the affective and moral work performed by the happiness duty the expectation that we will be made happy by taking part in that which is deemed good and that by being happy ourselves we will make others happy Ahmed maintains that happiness is a promise that directs us toward certain life choices and away from others Happiness is promised to those willing to live their lives in the right way Ahmed draws on the intellectual history of happiness from classical accounts of ethics as the good life through seventeenth century writings on affect and the passions eighteenth century debates on virtue and education and nineteenth century utilitarianism She engages with feminist antiracist and queer critics who have shown how happiness is used to justify social oppression and how challenging oppression causes unhappiness Reading novels and films including Mrs Dalloway The Well of Loneliness Bend It Like Beckham and Children of Men Ahmed considers the plight of the figures who challenge and are challenged by the attribution of happiness to particular objects or social ideals the feminist killjoy the unhappy queer the angry black woman and the melancholic migrant Through her readings she raises critical questions about the moral order imposed by the injunction to be happy

The Lesbian Heresy Sheila Jeffreys,1993 Annotation A critique of the lesbian sex industry's efforts to profit from women's oppression *The End of Love* Eva Illouz,2021-09-15 Western culture has endlessly represented the ways in which love miraculously erupts in people's lives the mythical moment in which one knows someone is destined for us the feverish waiting for a phone call or an email the thrill that runs down our spine at the mere thought of him or her Yet a culture that has so much to say about love is virtually silent on the no less mysterious moments when we avoid falling in love where we fall out of love when the one who kept us awake at night now leaves us indifferent or when we hurry away from those who excited us a few months or even a few hours before In *The End of Love* Eva Illouz documents the multifarious ways in which relationships end She argues that if modern love was once marked by the freedom to enter sexual and emotional bonds according to one's will and choice contemporary love has now become characterized by practices of non choice the freedom to withdraw from relationships Illouz dubs this process by which relationships fade evaporate dissolve and break down unloving While sociology has classically focused on the formation of social bonds *The End of Love* makes a powerful case for studying why and how social bonds collapse and dissolve Particularly striking is the role that capitalism plays in practices of non choice and unloving The unmaking of social bonds she argues is connected to contemporary capitalism which is characterized by practices of non commitment and non choice practices that enable the quick withdrawal from a transaction and the quick realignment of prices and the breaking of loyalties Unloving and non choice have in turn a profound impact on society and economics as they explain why people may be having fewer children increasingly living alone and having less sex *The End of Love* presents a profound and original analysis of the effects of capitalism and consumer culture on personal relationships and of what the dissolution of personal relationships means for capitalism **The Legacy of a Freedom School** S. Adickes,2005-11-11 In 1964 the Student Nonviolent Coordinating Committee decided to establish Freedom Schools as part of its Freedom Summer campaign in Mississippi With a curriculum developed by dedicated educators SNCC

workers and an equally dedicated staff of teachers and student volunteers the schools provided a learning experience and teaching style that revealed to students who had known only the stay in your place experience of segregated education what schools should and could be The achievements of the students involved in Freedom Summer lifted the expectations of students who followed them and hastened the end of segregated schools in Mississippi In Legacy of a Freedom School Sandra E Adickes recalls her experiences working with the SNCC reminding us all of the powerful Freedom Summer *The Power of a Promise* Lesra Martin, 2009-08 Lesra Martin was once an inner city kid dismissed by society He rose from a poorly educated Brooklyn teen to a highly respected attorney Lesra Martin's secret is he believes that neither your intellect nor your circumstances will ultimately determine your success in life that the real key to success lies in our ability to make a commitment to ourselves and then to fulfill that promise page 4 of cover

The Metaphysics of German Idealism Martin Heidegger, 2021-07-16 This volume comprises the lecture course that Heidegger gave in 1941 on the metaphysics of German Idealism The first part of the lecture course contains a preliminary consideration of the distinction between ground and existence The elucidation of the conceptual history includes a striking confrontation with Kierkegaard's and Jaspers concepts of existence as well as an elucidation of the concept of existence in Being and Time which Heidegger distinguishes from the former concepts Heidegger's self interpretation is not an end in itself however but rather a way of pointing to Schelling's distinction between ground and existence whose root and inner necessity and whose various versions Heidegger discusses subsequently The second part of the lecture course is focused on Schelling's freedom treatise which Heidegger regards as the pinnacle of the

metaphysics of German Idealism Heidegger's consideration of Schelling's distinction between ground and existence finds its guiding thread in the introduction of the realms of being eternal or finite each being is a joining of the ground of existence and existence itself In a subsequent overview Heidegger discusses the relation of the distinction between ground and existence to the essence of human freedom and to the essence of the human On the basis of this discussion it becomes possible to grasp the connection between freedom and evil in Schelling's system This important work by Heidegger published here in English for the first time will be of great interest to students and scholars of philosophy and to anyone interested in Heidegger's work
