super epistolas totius quadragesimae Antonio Piccioli,1499 *The Official Railway Equipment Register* ,1972 *An Endangered Species* David Gower,Simon Wilde,2013-09-12 As a cricketer David Gower was famed for the elegance of his strokeplay as one of England s greatest batsmen and for his superb fielding As a captain he led his country to Ashes success yet some queried his application because it all seemed to come to him so easily and effortlessly But that was never the whole story Gower was always committed and a great competitor as this fascinating and frank book looking back on his life and career shows Once he retired from the game Gower built a new career for himself first as team captain in the long running TV comedy series *They Think It s All Over* and then as an astute and charming presenter and commentator with Sky Sports After more than 30 years as one of the most popular figures in the game Gower now reveals there is so much more to his story than the cliched image of Lord Gower flying in his Tiger Moth He is a man of great insight determination and drive but who also knows there is always more to be had from life **Clash of Empires in South China** Franco David

Macri,2015-06-05 Japan s invasion of China in 1937 saw most major campaigns north of the Yangtze River where Chinese industry was concentrated The southern theater proved a more difficult challenge for Japan because of its enormous size diverse terrain and poor infrastructure but Generalissimo Chiang Kai shek made a formidable stand that produced a veritable quagmire for a superior opponent a stalemate much desired by the Allied nations In the first book to cover this southern theater in detail David Macri closely examines strategic decisions campaigns and operations and shows how they affected Allied grand strategy Drawing on documents of U S and British officials he reveals for the first time how the Sino Japanese War served as a proxy war for the Allies by keeping Japan s military resources focused on southern China they hoped to keep the enemy bogged down in a war of attrition that would prevent them from breaching British and Soviet territory While the most immediate concern was preserving Siberia and its vast resources from invasion Macri identifies Hong Kong as the keystone in that proxy war vital in sustaining Chinese resistance against Japan as it provided the logistical interface between the outside world and battles in Hunan and Kwangtung provinces a situation that emerged because of its vital rail connection to the city of Changsha He describes the development of Anglo Japanese low intensity conflict at Hong Kong he then explains the geopolitical significance of Hong Kong and southern China for the period following the German invasion of the Soviet

Union Opening a new window on this rarely studied theater Macri underscores China's symbolic importance for the Allies depicting them as unequal partners who fought the Japanese for entirely different reasons China for restoration of its national sovereignty the Allies to keep the Japanese preoccupied And by aiding China's wartime efforts the Allies further hoped to undermine Japanese propaganda designed to expel Western powers from its Greater East Asia Co Prosperity Sphere As Macri shows Hong Kong was not just a sleepy British Colonial outpost on the fringes of the empire but an essential logistical component of the war and to fully understand broader events Hong Kong must be viewed together with southern China as a single military zone His account of that forgotten fight is a pioneering work that provides new insight into the origins of the Pacific War
