Regional Policy And Planning In Europe:

Regional Policy and Planning in Europe Paul Balchin, Ludek Sykora, Gregory Bull, 2002-06-01 Regional Policy and Planning in Europe explores the ways regional policy and planning systems across Europe have been influenced by economic and monetary union the impending enlargement of the European Union the devolution of administrative power from central government to regional authorities the increased importance of environmental and urban issues Presenting a comprehensive overview of the economic basis of integration this book examines the evolution of various systems of government planning and forms of devolution Regional Policy in Britain Paul N. Balchin, 2021-07-11 Originally published in 1990 this book examines the extent to which the north south divide in the UK has been a reality in recent years It also reveals the degree to which the gap between the two parts of Britain has worsened An issue of enduring relevance particularly given the political drive to level up the regions the book focusses particularly on the 1980s a period when regional assistance became a victim of both monetarism and free market ideology The book reviews legislation and considers whether regional policy has been effective and consistent To widen the debate the author questions some common assumptions about regional imbalance and argues that intraregional disparities and the plight of Inner London were causes of concern no less serious than the problem of the north south imbalance *Regional Development and Spatial Planning in an Enlarged European Union* Neil Adams, 2016-04-01 The expansion of the European Union in 2004 has had significant consequences for both existing and new members of the Union New member states are assimilating into a new institutional and policy framework while the changing geography of Europe provides a different context for policy development in pre 2004 member states One of the more important fields in which these changes are impacting is regional development The admission of the new countries changes patterns of economic and social disparities across the territory of the European Union which in turn demands that existing approaches to regional development are reconsidered An approach which has proved to be one of the most innovative is spatial planning This book brings together a team of academics and policy makers from across the new Europe involved in regional development and spatial planning Providing insights into different approaches it offers a valuable opportunity to compare experiences across European borders Planning in Europe Richard Williams, 2018 *Regions and Regional Planning* Thomas Perrin, 2024-01-29 This book addresses the making and transforming of regions and territorial organisation which are significant activities for policy makers and planners It focuses on the regional intermediate scale and gathers contributions by researchers from various European universities Regional Planning and Development in Europe David Shaw, Peter Roberts, 2017-11-30 This title was first published in 2000 Providing a review and assessment of a number of the major features evident in regional planning and development in Europe this volume contains a series of regional case studies drawn from current research in various European countries These illustrate a broad range of theoretical views which offer perspectives on the operation of the EU Structural Funds and regional restructuring development and key concerns evident

in spatial planning an environmental management and lessons from past experience The editors collate views to arrive at challenging conclusions and suggestions for future policy priorities

Regional Policy in Europe S.S

Artobolevskiy,2012-10-12 Based on the author s extensive research in the field this book analyzes regional policy for the whole of Europe Comparing East and West it offers a new model of regional policy and gives an overview of the direction that it may take in Europe as a whole Topics covered include the evaluation of regional policy its main aims its infrastructure in Western Europe its form in Eastern Europe and the development of regional policy from 1917 to the 1990s The book is intended for professionals and academics working in the areas of regional studies economics and policy studies

European Regional Development Paweł Churski,Tomasz Herodowicz,Barbara Konecka-Szydłowska,Robert

Perdał,2021 This book offers a comprehensive overview of contemporary issues of regional development It places particular emphasis on its socio economic and socio political determinants which accompany the problem of existing and ever widening differences in the level of regional development in various parts of Europe In order to diagnose the scale of those differences and to indicate the main forces behind the divergence of development the authors propose an original systematisation of regional development factors drawing attention to the need to consider them within the framework of present day socio economic megatrends The proposed approach to the development factors is also used for the author s operationalisation of the concept of territorial capital which is at the centre of regional place based policy The wide spatial aspect of the analysis national and local and its extensive temporal scope 2004 2019 yields unique results and creates an important element of added value for this book which shows the regularities of the process of regional development in Europe at three spatial levels pan European national and intra regional Furthermore it indicates the challenges faced by regionalists who attempt to carry out research on different territorial levels with a diverse number of units 205 EU regions 16 Polish voivodeships 2 478 Polish local units and extended observation periods 2004 2017 The solutions proposed by the authors who show the potential of overcoming the barriers resulting from limited access to complete and comparable statistical data series should be inspiring for many researchers The unique results of direct research carried out on a large sample of respondents and entrepreneurs via diverse field research techniques constitute a valuable source of information on local conditions that impact contemporary development processes in less developed regions Their value is even greater because they were carried out in a unique laboratory created by the authors for testing the regularity of formation and impact of socio economic development factors in various locally determined conditions of this process It consists of purposefully selected test units LAU2 Located in a less developed region they represent all growth types and functional test units identified in the course of the research Consequently the results obtained may be generalised and applied to other areas showing similar features of territorial capital The monograph is addressed primarily to a wide group of regionalists connected with economic and social sciences as well as to practitioners involved in the implementation of development policies at various levels

Regional

Development in Central and Eastern Europe Grzegorz Gorzelak, John Bachtler, Maciej Smętkowski, 2018-10-24 This book provides an up to date assessment of the main processes and dilemmas of regional development and regional policy in the newer European Union Member States in Central and Eastern Europe and neighbouring countries It highlights the difficulties of balancing the demands within the new Member States for rapid regional growth and development with firstly the demands of the European Union overall that restructuring and development should conform to the aims and principles of EU common policies and secondly with budgetary constraints The book covers a wide range of issues including global and national challenges to regional convergence and cohesion regional dynamics city networks and border issues the effectiveness of policy responses at national and European levels including an assessment of policy experiences from outside the new Member States and likely future developments
