The Civil Society Guide to Regional Economic Communities in Africa Odhiambo, Morris, Chitiga, Rudy, 2016-03-02 Since 1963 when the African integration project was born, regional Economic Communities (RECs) have been an indispensable part of the continent's deeper socioeconomic and political integration. More than half a century later, such regional institutions continue to evolve, keeping pace with an Africa that is transforming itself amid challenges and opportunities. RECs represent a huge potential to be the engines that drive the continent's economic growth and development, as well as being vehicles through which a sense of a continental community is fostered. It is critical, therefore, that citizens understand the multi-faceted and bureaucratic operations of regional institutions in order to use them to advance their collective interests.
