Regionalism In The New Asiapacific Order Vol :

Regionalism in the New Asia-Pacific Order Joseph A. Camilleri, 2003-01-01 Regionalism in the Asia Pacific is a complex and rapidly evolving phenomenon This volume explores the relationship between globalization and regionalization between states markets and civil society and between US hegemony and Asian aspirations **New Asian Regionalism in International Economic Law** Pasha L. Hsieh, 2021-12-16 Provides the first systematic analysis of new Asian regionalism as a paradigm shift in international economic law *Indian Ocean Regionalism* Dennis Rumley, Timothy Doyle, 2016-04-14 Pan regional constructions in the Indian Ocean are of relatively recent origin are contested and remain relatively weak at present Sub regional constructions on the other hand have tended to be more focussed especially in terms of security and have generally been more successful The principal purpose of this volume is to critically evaluate the debates surrounding these issues and to elucidate some of the main strengths and weaknesses of regionalism at both scales The discussion begins at the pan regional scale with an evaluation of pan regional contestation followed up by a chapter on the main pan regional grouping Indian Ocean Region Association for Regional Cooperation IOR ARC which was renamed Indian Ocean Rim Association IORA in 2013 Thereafter key examples of sub regional groupings South Asia ASEAN SADC and GCC are critically discussed in turn The principal readership for this volume will be scholars of geography politics and international relations students of Indian Ocean studies regionalism experts bureaucrats and politicians both within and outside the Indian Ocean Region who wish to gain insights into Indian Ocean matters scholars who appreciate a view of regional relations from the inside This book was published as a special issue of the Journal of the Indian Ocean Region **Contested Ideas of Regionalism in Asia** Baogang He, 2016-09-13 Deepening regionalism in Asia demands new leadership Strong elites who are committed to a supranational identity are a minimum requirement of successful regionalism Regional leaders are increasingly seen as a new set of leaders in Europe Currently Asian regional leaders largely come from the diplomacy community or trade and economic sectors Yet further regionalization demands a new type of leadership from civil society and citizens In this context it is important to cultivate new regional leadership through the development of regional citizenship This book examines contested ideas of regionalism in Asia with a particular focus on two competing ideas of pan Asianism and Pacificism It also identifies a new trend and contestation the fundamental shift from a civilization understanding of regionalism to a technocratic and functional understanding of regionalism in the form of regulatory regionalism It also examines the other contested imaginations of regionalism in Asia including elitist versus participatory approaches to regionalism and democracy centric versus nationalism centric approaches to regionalism **Asia-Pacific in the New World Order** Christopher Brook, Anthony McGrew, 2013-11-05 Asia Pacific in the New World Order critically explores the notion that a distinctive regional power bloc is developing linking countries bordering the Pacific with East Asia at its core This student friendly volume sheds light on the complex interplay between global regional and national forces which have

transformed the Asia Pacific area into one of the most vibrant and economically successful regions in the world. Historical narratives alongside geopolitical and geoeconomic perspectives are deployed to examine the shifting pattern of power relations and security structures across the region set within a wider world context. Key issues addressed include what are the primary security problems of the region and how are they being resolved, does the dynamic growth of the region and particularly the rise of China pose a challenge to existing structures of world order. The text has a strong interdisciplinary flavour drawing on analytical approaches from the international relations, political economy and political geography literature. Authors have been drawn from the Asia Pacific region and the UK and all are established scholars in their specialist fields.

Asia-Pacific Geopolitics Joseph A. Camilleri, 2007-01-01. Despite significant cultural exchange, mutual trust and understanding remains fragile between Asia Pacific countries. The community faces complex and seemingly intractable problems: violent civil conflicts, geopolitical tensions and economic uncertainties, proliferation of nuclear weapons and flashpoints that may lead to war. The authors of this book argue that common reflection and dialogue is imperative. Their achieved aim is to bring together distinguished scholars and experts on public policy, social ethics, defence, human security and sustainability to consider the future of the Asia Pacific region and appropriate responses by both states and civil society.

New Free Trade Agreements in the Asia-Pacific C. Dent, 2006-07-11. This book studies the main causes, consequences and nature of the Asia Pacific's new free trade agreement (FTA) trend and its implications for the global economy. It explores the FTA policies of the region's trade powers and offers conceptual and theoretical perspectives on the relationship between economic bilateralism and regionalism.

Strategy and Security in the Asia-Pacific Robert Ayson, Desmond Ball, 2020-07-25. From the war on terror to the rise of China, this book unlocks the major strategic themes and security challenges of the early twenty-first century. *Strategy and Security in the Asia-Pacific* provides the analytical frameworks needed to make sense of this complex but exciting strategic universe. Offering a unique mix of global strategic thinking and Asia Pacific security analysis, this book is for readers from Sydney to Seoul who want to put their own local security challenges in a wider regional and global context. It is also for North American and European readers requiring an understanding of the dynamic security developments in the Asia Pacific region around which so much of global strategy is increasingly based. The really vital questions facing the international community are dealt with here: Why do governments and groups still use armed force? Has warfare really changed in the information age? Why should we be concerned about non-traditional security challenges such as water shortages and the spread of infectious disease? Is a great clash imminent between the United States and China? What are the prospects for peace on the Korean peninsula and between India and Pakistan? Can Southeast Asia survive the challenges of transnational terrorism? What does security mean for the Pacific island countries and for Australia and New Zealand? With contributions from leading commentators and analysts, *Strategy and Security in the Asia-Pacific* offers a comprehensive and authoritative introduction to the field.
