Susan E. Cozzens

Regionalnaia Molodezhnaia Politika Problemy I Opyt Stanovleniia:

Theories of Science in Society Susan E. Cozzens, 1990 Sociologists of science have over the past three decades or so learned a great deal about the social organization of scientific communities and about the social construction of scientific knowledge But progress has been relatively modest toward understanding the reciprocal relationships between science and its social political economic organizational and cultural settings How should we think about the place of science in modern societies The essays in this volume present new approaches to this question
