Just a Regular Guy Charlie Morris, Dean Siegelman, 2006-07 Just A Regular Guy is the story of Charlie Morris growing up in Northern Ohio with the simple ambition to join the Navy, learn a trade and raise a family in typical Midwest middle class fashion. His life took an abrupt turn when in 1971 while serving in Vietnam he was hit by enemy sniper fire while on a helicopter mission in the Mekong Delta. The result of his injuries was right side paralysis with the prognosis to spend the rest of his life in a wheelchair. Through hard work and determination Charlie was able to overcome his physical disability and eventually earn his college degree and begin a high school teaching career. Despite his physical limitations his desire was just to fit into normal society without standing out from the crowd. His belief that life's hardest battles were behind him was shattered when the effects of Post Traumatic Stress Disorder invaded his life. This book tells the story of a man fighting numerous and diverse battles just trying to be a regular guy.

Built from Scratch Bernie Marcus, Arthur Blank, Bob Andelman, 2019-08-20 One of the greatest entrepreneurial success stories of the past twenty years. When a friend told Bernie Marcus and Arthur Blank that you've just been hit in the ass by a golden horseshoe they thought he was crazy. After all both had just been fired. What the friend Ken Langone meant was that they now had the opportunity to create the kind of wide open warehouse store that would help spark a consumer revolution through low prices, excellent customer service and wide availability of products. Built from Scratch is the story of how two incredibly determined and creative people and their associates built a business from nothing to 761 stores and 30 billion in sales in a mere twenty years. Built from Scratch tells many colorful stories associated with The Home Depot's founding and meteoric rise, shows that a company can be a tough growth oriented competitor and still maintain a high sense of responsibility to the community and provides great lessons useful to people in any business from start-ups to the Fortune 500.

Over the Edge Michael Bane, 2000 What is it like to go to the very edge of the world and look over? In this personal narrative former couch potato Michael Bane begins an incredible journey that takes him from the abyss to the highest storm swept mountains and ultimately changes his life forever. Following The List 13 extreme events chosen arbitrarily and jotted on a cocktail napkin Bane went from his living room couch to swimming across San Francisco Bay, scuba diving in caves, climbing frozen waterfalls, kayaking off sheer cliffs and riding a bicycle across Alaska in the dead of winter. He faces his greatest challenges on the eternally frozen slopes of Mt McKinley, reeling from altitude sickness and battered by vicious storms. Bane's transformation is chronicled in his critically acclaimed book, praised by the Wall Street Journal, The Economist and numerous other publications as a master work in sports journalism.
