Regulating Girls And Women:

Regulating Girls and Women Joan Sangster, 2001-01-01 Analyzing key examples of the sexual and familial regulation through the law of girls and women in twentieth century Canada this work explores the ways in which class race and gender shape the definition and punishment of criminality It also examines the changing social and legal definitions of normal versus criminal sexual and family relationships using case studies of incest childhood sexual abuse wife assault prostitution girls in conflict with the law and Native women and the law

Regulating Girls and Women Joan Sangster, 2001-12-15 For people living in Ontario as throughout Canada the period from 1920 to 1960 was one of great change and turmoil the roaring twenties the Great Depression the upheaval of war and the economic boom of the postwar years One constant in society over those years however was the differential treatment that females and males received before the law especially in regard to family matters and sexuality A patriarchal justice system increasingly under the influence of expert opinion from social workers psychologists psychiatrists and other medial doctors openly espoused a sexual double standard and sought to regulate the behaviour of girls and women for their own good Indeed women in physically abusive relationships were at times advised by judges probation officers and social workers to go home and sleep with your husband on the assumption that keeping him sexually sated would end the violence In this fascinating study of sexuality family and the law historian Joan Sangster focuses on key issues that drew women into the courts as plaintiffs and defendants incest and sexual abuse wife assault prostitution female delinquency and the unique colonization of the soul that Aboriginal women had to endure before the law As Sangster writes While history does not offer pat solutions to present dilemmas it may stimulate some sobering second thoughts on current debates by dissecting the changing definitions of criminality and the process by which law constituted gender race and class relations by mounting a critique of past reform efforts and importantly by suggesting how the law affected the lives of girls and women who came into conflict with it

Regulating Lives John McLaren, Dorothy E. Chunn, Robert J. Menzies, 2002 Nine essays investigate the history of law as an instrument of social control moral regulation and the government focusing primarily on British Columbia Canada where most of the contributors work as scholars in law or criminology Among the areas they tackle are the sex trade the spread of venereal disease the use and abuse of liquor child welfare mental disorder intrafamily sexual abuse Aboriginal culture and traditions and Doukhobor beliefs and customs The studies rely on forays into archival material at the national provincial and local levels Annotation copyrighted by Book News Inc Portland OR

Offending Women Lynne Allison Haney, 2010 Lynne Haney is already an important voice in the sociology of welfare but this book marks her debut as a major figure in the sociology of punishment and the study of governmentality Offending Women is a fascinating work that combines rich ethnographic detail with a structural account of the changing contours of contemporary governance Its original contributions to prison ethnography women's studies and the sociology of the penal welfare state will make it a reference point in each of these disciplines David Garland author of The

Culture of Control Offending Women is an exemplary piece of work Haney's writing is engaging crisp and smart She brilliantly assesses the various intentions of the state and incarcerated women and clarifies how these intentions are based on orientations toward punishment and healing that demand fundamental rethinking Rickie Solinger author of Pregnancy and Power and co editor of Interrupted Life Experiences of Incarcerated Women in the United States Lynne Haney brings together her stupendous skills as an ethnographer and her theoretical insights into how states work to explain how the treatment of imprisoned women has changed over the past decade An altogether brilliant book Myra Marx Ferree University of Wisconsin

Regulatory Theory Peter Drahos, 2017-02-23 This volume introduces readers to regulatory theory Aimed at practitioners postgraduate students and those interested in regulation as a cross cutting theme in the social sciences Regulatory Theory includes chapters on the social psychological foundations of regulation as well as theories of regulation such as responsive regulation smart regulation and nodal governance It explores the key themes of compliance legal pluralism meta regulation the rule of law risk accountability globalisation and regulatory capitalism The environment crime health human rights investment migration and tax are among the fields of regulation considered in this ground breaking book Each chapter introduces the reader to key concepts and ideas and contains suggestions for further reading The contributors who either are or have been connected to the Regulatory Institutions Network RegNet at The Australian National University include John Braithwaite Valerie Braithwaite Peter Grabosky Neil Gunningham Fiona Haines Terry Halliday David Levi Faur Christine Parker Colin Scott and Clifford Shearing

Breadwinning Daughters Katrina Srigley, 2010-01-02 As one of the most difficult periods of the twentieth century the Great Depression left few Canadians untouched Using more than eighty interviews with women who lived and worked in Toronto in the 1930s Breadwinning Daughters examines the consequences of these years for women in their homes and workplaces and in the city's court rooms and dance halls In this insightful account Katrina Srigley argues that young women were central to the labour market and family economies of Depression era Toronto Oral histories give voice to women from a range of cultural and economic backgrounds and challenge readers to consider how factors such as race gender class and marital status shaped women's lives and influenced their job options family arrangements and leisure activities Breadwinning Daughters brings to light previously forgotten and unstudied experiences and illustrates how women found various ways to negotiate the burdens and joys of the 1930s

Governing Girls Christie Barron, 2011 In recent years there has been significant media hype and moral panic over assaults and violent crimes perpetrated by young women The governmental response to control crime and to provide protection to citizens has taken various often contradictory forms The current research agenda on controlling youth violence in Canada especially in light of provisions in the Youth Criminal Justice Act is focused on risk assessment The approach however ignores how risk is a socio cultural phenomenon Through interviews with young female offenders and youth justice authorities Governing Girls examines female youth violence in the contemporary landscape of control and the increasing reliance on risk assessment

tools to classify and manage youths level of risk Exploring the meaning of treatment and rehabilitation in the age of risk as well as analyzing the gender race and class dimensions of the risk construct Christie L Barron questions the impact of risk rationality and argues that actuarial technologies depoliticize the process of control and further exclude and marginalize young female offenders

Rethinking Feminist History and Theory Lisa Pasolli, Julia Smith, 2025-01-31 Rethinking Feminist History and Theory considers the past present and future of feminist history and theory emphasizing how feminism has influenced the histories of gender class and labour and their intersections This vibrant collection inspired by the work of historian and women s studies scholar Joan Sangster features essays from academics across multiple disciplines highlighting the dynamism of feminist historical scholarship in Canada The book explores questions such as the following How has women s resistance and radicalism been expressed lived represented and repressed over the past century How do we research these phenomena How do we situate feminism in relation to other movements for egalitarian social change Contributors explicitly address these recurring themes aiming to chart new directions for future research and teaching While primarily Canadian focused the collection includes global perspectives with contributions from scholars in Chile Finland Sweden and the UK The essays emphasize the importance of cross disciplinary collaboration incorporating insights from labour studies political economy anthropology legal studies and feminist theory Ultimately Rethinking Feminist History and Theory engages deeply with Sangster s rich and wide ranging work to understand and interpret women s experiences It seeks to inspire future scholarship and teaching in feminist history and theory showcasing the ongoing relevance and adaptability of feminist perspectives

Criminalizing Women, 2nd Edition Gillian Balfour, Elizabeth Comack, 2021-01-10T00:00:00Z Criminalizing women has become all too frequent in these neo liberal times Meanwhile poverty racism and misogyny continue to frame criminalized women s lives Criminalizing Women introduces readers to the key issues addressed by feminists engaged in criminology research over the past four decades Chapters explore how narratives that construct women as errant females prostitutes street gang associates and symbols of moral corruption mask the connections between women s restricted choices and the conditions of their lives The book shows how women have been surveilled disciplined managed corrected and punished and it considers the feminist strategies that have been used to address the impact of imprisonment and to draw attention to the systemic abuses against poor and racialized women In addition to updating material in the introductions and substantive chapters this second edition includes new contributions that consider the media representations of missing and murdered women in Vancouver s Downtown Eastside the gendered impact of video surveillance technologies CCTV the role of therapeutic interventions in the death of Ashley Smith the progressive potential of the Inside Out Prison Exchange Program and the use of music and video as decolonizing strategies

Voices to Choices Jennifer L. Solotaroff, Aphichoke Kotikula, Tara Lonnberg, Snigdha Ali, Ferdous Jahan, 2019-06-06 Women have experienced significant changes in various spheres of their lives during the last decades as Bangladesh made economic progress Yet women s economic engagement

and empowerment are subdued as they cannot make sufficient choices for themselves This book provides a comprehensive analysis of the economic developments in gender equality in Bangladesh Through examining women s participation in the labour force ownership and control of household assets use and control of financial assets and opportunities for entrepreneurship the authors have made concrete recommendations to overcome challenges that lie ahead for women s economic empowerment This book is an important contribution to the knowledge on interventions required by the policy makers and broader stakeholders towards narrowing gender gaps Fahmida Khatun PhD Executive Director Centre for Policy Dialogue CPD Bangladesh The women s story is central to Bangladesh s economic and social transformation There is an urgent need to deepen researched understanding of the multidimensional pathways of women s economic empowerment and extent of real progress made Voices to Choices is an important contribution to this story Surely the journey of women s economic empowerment remains a long and challenging one Realizing the full benefits of new opportunities is often hampered by both new and entrenched insecurities The task is as much one of empowering women s agency as of dismantling barriers The responsibility is as much women s as society s Hossain Zillur Rahman PhD Executive Chairman Power and Participation Research Centre PPRC This book provides critical insights and is timely as it outlines how girls and women in Bangladesh have gained more opportunities in labor force participation control over household and financial assets as well as greater prospects for entrepreneurship The findings will greatly contribute to future policy and planning for government and key stakeholders working to advance women s economic empowerment in the country Sabina Faiz Rashid PhD Dean and Professor BRAC James P Grant School of Public Health BRAC University

The Modern Girl Jane Nicholas,2015-03-27 With her short skirt bobbed hair and penchant for smoking drinking dancing and jazz the Modern Girl was a fixture of 1920s Canadian consumer culture She appeared in art film fashion and advertising as well as on the streets of towns from coast to coast In The Modern Girl Jane Nicholas argues that this feminine image was central to the creation of what it meant to be modern and female in Canada Using a wide range of visual and textual evidence Nicholas illuminates both the frequent public debates about female appearance and the realities of feminine self presentation She argues that women played an active and thoughtful role in their embrace of modern consumer culture even when it was at the risk of serious social economic and cultural penalties The first book to fully examine the Modern Girl s place in Canadian culture The Modern Girl will be essential reading for all those interested in the history of gender sexuality and the body in the modern world

Criminalization, Representation, Regulation Deborah Brock,Amanda Glasbeek,Carmela Murdocca,2014-01-01 This book draws on Foucault s concept of governmentality as a lens to analyze and critique how crime is understood reproduced and challenged

Respectable Citizens Lara A. Campbell,2009-10-21 High unemployment rates humiliating relief policy and the spectre of eviction characterized the experiences of many Ontario families in the Great Depression Respectable Citizens is an examination of the material difficulties and survival strategies of families facing

poverty and unemployment and an analysis of how collective action and protest redefined the meanings of welfare and citizenship in the 1930s Lara Campbell draws on diverse sources including newspapers family and juvenile court records premiers papers memoirs and oral histories to uncover the ways in which the material workings of the family and the discursive category of respectable citizenship were invested with gendered obligations and Anglo British identity Respectable Citizens demonstrates how women and men represented themselves as entitled to make specific claims on the state shedding new light on the cooperative and conflicting relationships between men and women parents and children and citizen and state in 1930s Canada

Sex and the Married Girl Heather Stanley,2022-11-01 Sex who was having it who shouldn t have it and who was supposed to be having it but wasn t was a major concern to social authorities in the immediate postwar era Though they are often remembered with nostalgia as a sexually simpler time the 1950s and early 1960s were incredibly sexually productive years Sex and the Married Girl examines how two interrelated and dominant groups in Canada medical professionals and church leaders used married heterosexual female sexuality as a lever to rebuild the Canadian family and the state itself Using embodied historical methodologies the book examines not only discourses around sex but also how those discourses could influence the actual experience of sex for married women Heather Stanley draws upon extensive oral life histories of women who lived married and had sex during this liminal social period to demonstrate that this was a time of simultaneous sexual and gender quiescence and change

Social Institutions and Gender Index SIGI 2024 Regional Report for Southeast Asia Time to Care OECD,2024-03-18 The report explores a critical policy area for the region the care economy Stressing the gendered informal and unpaid dimensions of care it draws on social demographic educational and economic evidence to forecast a growing demand for care services in Southeast Asian countries

Special Study on Educational Conditions, Non-self-governing Territories United Nations. Secretariat,United Nations. Committee on Information From Non-Self-Governing Territories,1954

Principles for governing the Internet Weber, Rolf H.,2015-09-29 his research reviews more than 50 Internet specific declarations and frameworks relevant to Internet principles These documents provided important context for UNESCO s comprehensive Internet Study titled Keystones for the Internet However it was also clear that there a need for a specific review of the declarations and frameworks from the perspective of UNESCO s mandate This publication fulfils this role and it shows that while each of these other documents has its own value none of them fully meets UNESCO s interests and mandate It is proposed therefore that UNESCO adopt the concept of Internet Universality as the Organisation s own clear identifier for approaching the various fields of Internet issues and their intersections with UNESCO concerns Internet Universality highlights the contribution that can be made by an Internet that is based on four principles recognised by UNESCO governing bodies An Internet developed on these principles would be human Rights based Open Accessible to all and governed through Multi stakeholder participation summarized in the acronym R O A M This concept has relevance to the Organization s work in many areas including online freedom of

expression and privacy efforts to advance universality in education social inclusion and gender equality multilingualism in cyberspace access to information and knowledge and ethical dimensions of information society **Monthly labor review.**
