after World War II and the Allies convened an international war crimes trial in Nuremberg a psychiatrist Douglas Kelley and a psychologist Gustave Gilbert tried to fathom the psychology of the Nazi leaders using extensive psychiatric interviews IQ tests and Rorschach inkblot tests The findings were so disconcerting that portions of the data were hidden away for decades and the research became a topic for vituperative disputes Gilbert thought that the war criminals malice stemmed from depraved psychopathology Kelley viewed them as morally flawed ordinary men who were creatures of their environment Who was right Drawing on his decades of experience as a psychiatrist and the dramatic advances within psychiatry psychology and neuroscience since Nuremberg Joel E Dimsdale looks anew at the findings and examines in detail four of the war criminals Robert Ley Hermann Goring Julius Streicher and Rudolf Hess Using increasingly precise diagnostic tools he discovers a remarkably broad spectrum of pathology *Anatomy of Malice* takes us on a complex and troubling quest to make sense of the most extreme evil In this fascinating and compelling journey a respected scientist who has long studied the Holocaust asks probing questions about the nature of malice I could not put this book down Thomas N Wise MD Johns Hopkins University School of Medicine This harrowing tale and detective story asks whether the Nazi War Criminals were fundamentally like other people or fundamentally different T M Luhrmann author of *How God Becomes Real* **Goebbels** Peter Longerich, 2015-05-07 Joseph Goebbels was one of Adolf Hitler's most loyal acolytes But how did this club footed son of a factory worker rise from obscurity to become Hitler's malevolent minister of propaganda most trusted lieutenant and personally anointed successor In this definitive one volume biography renowned German Holocaust historian Peter Longerich sifts through the historical record and thirty thousand pages of Goebbels's own diary entries to answer that question Longerich paints a chilling picture of a man driven by a narcissistic desire for recognition who found the personal affirmation he craved within the virulently racist National Socialist movement and whose lifelong search for a charismatic father figure inexorably led him to Hitler This comprehensive biography documents Goebbels's ascent through the ranks of the Nazi Party where he became a member of the Fuehrer's inner circle and launched a brutal campaign of anti-Semitic propaganda Goebbels delivers fresh and important insight into how the Nazi message of hate was conceived nurtured and disseminated and shreds the myth of Goebbels's own genius for propaganda It also reveals a man dogged by insecurities and though endowed with near dictatorial control of the media beset by bureaucratic infighting And as never before Longerich exposes Goebbels's twisted personal life his mawkish sentimentality manipulative nature and voracious sexual appetite This complete portrait of the man behind Hitler's message is sure to become a standard for historians and students of the Holocaust for decades to come

Final Entries, 1945 Joseph Goebbels, 1978 *Diaries of Joseph Goebbels* second in command to Adolf Hitler *Goering's List* J. C. Pollock, 1993 Thriller about intrigue in the international art world after the fall of communism Hitler Volker Ullrich, 2016 Selected as a Book of the Year by the New York Times Times Literary Supplement and The Times Despite his status as the most despised political figure in history there have only been four serious biographies of Hitler since the 1930s

Even more surprisingly his biographers have been more interested in his rise to power and his methods of leadership than in Hitler the person some have even declared that the Führer had no private life Yet to render Hitler as a political animal with no personality to speak of as a man of limited intelligence and poor social skills fails to explain the spell that he cast not only on those close to him but on the German people as a whole In the first volume of this monumental biography Volker Ullrich sets out to correct our perception of the Führer While charting in detail Hitler's life from his childhood to the eve of the Second World War against the politics of the times Ullrich unveils the man behind the public persona his charming and repulsive traits his talents and weaknesses his deep seated insecurities and murderous passions Drawing on a wealth of previously neglected or unavailable sources this magisterial study provides the most rounded portrait of Hitler to date Ullrich renders the Führer not as a psychopath but as a master of seduction and guile and it is perhaps the complexity of his character that explains his enigmatic grip on the German people more convincingly than the clichéd image of the monster This definitive biography will forever change the way we look at the man who took the world into the abyss *The Mask of Herod* Bernard Scott,2000-11 The Mask of Herod is enthralling fiction deftly blended into the violent real life events of the past 2000 years It traces the bloody path of a cursed piece of sculpture created around the time of Christ's birth and in defiance of one of God's Ten Commandments Most of the book's action takes place in the century just concluded and tells the interrelated stories of A remarkable American woman forced by horrific circumstances to devote her life to raising a child orphaned by the persecution that followed the infamous Crystal Night in Nazi Germany A handsome but ruthless Nazi officer whose survival instinct and lust for wealth make him even more cunning and self serving than his boss Reich Marshal Hermann Goering A child of the Holocaust victim of a brutal rape whose extraordinary courage drives her to overcome huge obstacles and rebuild her life in the newly created Promised Land of Israel An ex Marine whose startling discovery helps him avenge the long ago murder of parents he had never known The Mask of Herod is a story of the ultimate triumph of love and courage over the forces of unspeakable evil but as you will read it was a victory won at an enormous price **Women of the Third Reich** Anna Maria Sigmund,2000 Examines the lives of eight women who were a part of the Nazi regime or played a role in its ascendancy **Beyond the Dreams of Avarice** Nancy H. Yeide,2009
