Reign Of Quantity:

The Reign of Quantity and the Signs of the Times René Guénon, 1972 Critique of modern Western civilization from the point of view of traditional metaphysics **The Reign of Quantity & the Signs of the Times** René Guénon, 2001 The reign of quantity gives a concise but comprehensive view of the present state of affairs in the world as it appears from the point of view of the ancient wisdom formerly common both to the East and to the West but now almost entirely lost sight of The author indicates with his fabled clarity and directness the precise nature of the modern deviation and devotes special attention to the development of modern philosophy and science and to the part played by them with their accompanying notions of progress and evolution in the formation of the industrial and democratic society which we now regard as normal Gu non sees history as a descent from Form or Quality toward Matter or Quantity but after the Reign of Quantity modern materialism and the rise of the masses Gu non predicts a reign of inverted quality just before the end of the age the triumph of the counter initiation the kingdom of Antichrist This text is considered the magnum opus among Gu non s texts of civilizational criticism as is Symbols of Sacred Science among his studies on symbols and cosmology and Man and His Becoming according to the Vedanta among his more purely metaphysical works Descripci n del editor *The Reign of Quantity and the Signs of the Times* René Guénon, 2001 The Reign of Quantity gives a concise but comprehensive view of the present state of affairs in the world as it appears from the point of view of the ancient wisdom formerly common both to the East and to the West but now almost entirely lost sight of The author indicates with his fabled clarity and directness the precise nature of the modern deviation and devotes special attention to the development of modern philosophy and science and to the part played by them with their accompanying notions of progress and evolution in the formation of the industrial and democratic society which we now regard as normal Gu non sees history as a descent from Form or Quality toward Matter or Quantity but after the Reign of Quantity modern materialism and the rise of the masses Gu non predicts a reign of inverted quality just before the end of the age the triumph of the counter initiation the kingdom of Antichrist This text is considered the magnum opus among Gu non s texts of civilizational criticism as is Symbols of Sacred Science among his studies on symbols and cosmology and Man and His Becoming according to the Vedanta among his more purely metaphysical works

East and West René Guénon, 2001 This book investigates differences between East and West in connection with the preservation of traditional principles with a special view to envisioning how such differences affect the possibilities for the restitution of such principles in each domain Special attention is given to various aberrant spiritualities in the West and how they might be overcome by reference to teachings still extant in the East and a rejuvenation of what remains in the West of organizations retaining at least a core of the metaphysical teachings that were in full bloom in the medieval West *The Great Triad* René Guénon, 2001 Centered on Taoism this text is also characteristically rich in illuminating cross references to other traditions The ternary in question Heaven Earth and Human is an inescapable feature of all spirituality it possesses the

possibility of functioning as an initiatory means of support for inner realization *Destined to Reign* Joseph Prince, 2007

With almost two decades of full time ministry behind him Joseph Prince has become the leading voice for a new generation of believers a generation that builds its hope on the abundance of God's grace and the gift of His righteousness **Initiation and Spiritual Realization** René Guénon, 2004-05 Initiation and Spiritual Realization is the closest thing to a work on spiritual direction Ren Gu non ever wrote touching as it does upon such vital topics as the transmission of initiatic grace the various types and functions of the spiritual master obstacles the aspirant is likely to encounter different modes of contemplation and the degrees of spiritual realization A companion volume to Perspectives on Initiation where Gu non had defined the nature of initiation and of the organizations qualified to transmit it Initiation and Spiritual Realization was the first thematic collection of Gu non's articles to appear after his death And one doctrine expressed in this book stands out as particularly timely that esoterism is not and cannot be a religion in itself since to take it as such is to reduce it to an alternative exoterism and a heterodox one at that Initiatic esoterism can only be legitimately and effectively practiced within the context of one of the established revealed religions *Reni Guinon* Frithjof Schuon, 2004 Ren Gu non 1886 1951 was the founder of the Traditionalist School Along with Ananda K Coomaraswamy and Frithjof Schuon he reintroduced traditional metaphysics and esoterism into the Western world after a lapse of centuries and was perhaps the first to present the doctrines of the Vedanta Taoism and Sufism not as Eurocentric orientalist or occult fantasists had done but strictly in their own terms To the mathematical precision of Gu non's metaphysics cosmology and esoteric history Frithjof Schuon 1907 1998 added a poetic or musical element inspired by his close relationship to the Divine Feminine He also presented the spiritual path as a concrete praxis involving the spiritual virtues and stations of wisdom that was not so prominent in Gu non's writings On the other hand Gu non's prophetic eschatology especially in *The Reign of Quantity and the Signs of the Times* as well as his analysis of the counter tradition gives him a unexpectedly contemporary edge that is perhaps less prominent in Schuon's more aesthetic approach Ren Gu non and Frithjof Schuon illuminate each other both through their unanimity and the specific points where they differ Each is almost the only means of taking the other's measure Questions of who was greater who more traditional are finally less interesting than the tremendous vision of human reality and spiritual truth that emerges from their shared role as renewers of traditional metaphysics and religious understanding Schuon as the younger man was in a position to compose an evaluation of his early intellectual master and in view of his long and illustrious career as an author after Gu non's death Schuon's central essay *Ren Gu non Some Observations* is also his profoundly appreciative as well as pointedly critical declaration of independence though simultaneously a declaration of collegiality from the man who more than anyone else in the modern world opened to him a fundamental view of principal reality *Spiritual Authority and Temporal Power* René Guénon, 2001 *Spiritual Authority and Temporal Power* is an analysis of cyclical manifestation and more specifically of the relationship between royal and sacerdotal power In accord with the Hindu doctrine

of manvantaras and Plato's depiction of historical degeneration in the Republic Gu non views history here as a series of revolts of lower castes against the higher The kshatriyas warriors revolt against the brahmins priests thus setting the stage for a revolt of the vaishyas loosely the bourgeoisie as in the French revolution and finally the shudras the proletariat as in the Russian revolution which Gu non does not touch upon in this work From one point of view this is a progressive degeneration from another it is entirely lawful given the entropic nature of manifestation itself External historical descent reflects an inner degeneration knowledge the celestial paradise is eclipsed by heroic action the terrestrial paradise which is in turn overrun by the inertia and agitation of the passions Yet the nadir of degeneration is also the point of renewal the dawning of the Heavenly Jerusalem spiritual Knowledge which begins a new cycle of manifestation **Reign the Earth** A. Carole Levin,2017-03-14 The reign of Elizabeth I was marked by change England finally became a protestant nation and England's relations with her neighbours were also changing in part because of religious controversies Elizabeth's reign was also significant in terms of changing gender expectations and in terms of attitudes towards those considered different While a woman ruled others often at the bottom of the social scale were condemned as witches Levin evaluates Elizabeth and the significance of her reign both in the context of her age and our own examining the increasing cultural diversity of Elizabethan England and the impact of the reign of an unmarried queen on gender expectations as well as exploring the more traditional themes of religion foreign policy plots and conspiracies Levin's fresh perspective will be welcomed by students of this exceptional reign *Vectors of the Counter-Initiation* Charles

Upton,2012 VectorsBackCover French philosopher Rene Guenon 1886 1951 who spent many years searching for a true esoteric Way crossed paths with many false and subversive spiritualities before arriving at the threshold of Islamic Sufism In his prophetic masterpiece *The Reign of Quantity and the Signs of the Times* he classed the worst of these spiritualities as

examples of the Counter Initiation Anti Tradition secularism and materialism opposes religion Counter Tradition inverts it and the esoteric essence of Counter Tradition is the Counter Initiation The author expands on this concept recognizing the action of the Counter Initiation in such areas as the politicizing of the interfaith movement the anti human tendencies in the environmental movement the growing interest in magic and sorcery the involvement of the intelligence communities in the fields of UFO investigation and psychedelic research the history of Templarism and Freemasonry and the de Islamicization of the famous Sufi poet Jalaluddin Rumi Vectors of the Counter Initiation is conceived of as a sequel to The System of Antichrist Truth and Falsehood in Postmodernism and the New Age Sophia Perennis 2001 The Counter Initiation has six main features syncretism inverted hierarchy deviated esoterism the granting of the temporal transmission of spiritual lore precedence over the vertical descent of Revelation the reduction of religion to utilitarianism magic and esoterism to a purely technical knowledge Promethean spirituality and the mis application of the norms of the individual spiritual Path to the supposed spiritual evolution of the collective The Counter Initiation is the ego s idea of spirituality It appears in the Old Testament as the Serpent in the garden Cain s murder of Abel the sons of God who looked upon the daughters of men and found them fair the Tower of Babel the degeneration of Sodom and the magicians of Pharaoh whom Moses defeated In the New Testament it is personified by Judas and in the Qur an by the figure of as Samiri who forged the Golden Calf and the angels Harut and Marut testers of man by God s design who taught magic to the human race in Babylon For both traditions it is destined to culminate in Antichrist This book brings together two schools of thought the Traditionalists or Perennialists writers on comparative religion and traditional metaphysics and the conspiracy theorists who are investigating the origin nature and plans of the New World Order The NWO researchers can throw a penetrating light on the social and political dangers presently threatening the Perennialists while the Perennialists can provide these researchers with a deeper and wider spiritual context for their vision of human evil In Guenon s time the Counter Initiation appeared in terms of this or that secret society operating in the shadowy underworld of European occultism it has now come up into the open and moved inexorably toward the centers of global power In the words of American Eastern Orthodox priest Seraphim Rose in our time Satan has walked naked into human history

The Multiple States of the Being René Guénon, 2001 The Multiple States of the Being is the companion

to and the completion of The Symbolism of the Cross which together with Man and His Becoming according to the Vedanta constitute Ren Gu non s great trilogy of pure metaphysics In this work Gu non offers a masterful explication of the metaphysical order and its multiple manifestations of the divine hierarchies and what has been called the Great Chain of Being and in so doing demonstrates how j ana intellective or intrinsic knowledge of what is and of That which is Beyond what is is a Way of Liberation Gu non the metaphysical social critic master of arcane symbolism comparative religionist researcher of ancient mysteries and secret histories summoner to spiritual renewal herald of the end days disappears here Reality remains
