journalistic and academic that aim to revisit older films in order to call attention to and or redress the gendered imbalance in our written horror histories McMurdo charges *Pet Sematary* with several contributions to the horror genre as an important entry within the tradition of grief horror as a horror film that both adheres to and defies the generic conventions of its historical context one both engaged with and respondent to its time of creation as a film that changed the fortunes of the cinematic Stephen King brand on the cusp of a new decade *Pet Sematary* is the highest grossing horror film directed by a woman in cinematic history and it stands as a story that we keep returning to as seen by the 1992 sequel the 2019 remake and a forthcoming prequel *Pet Sematary*'s modern relevance and importance to genre history then is manifold and this book argues it is past time for its reconsideration as a classic of horror cinema
