

What is Reiki

Reiki- **Rei** means "God's Wisdom / the Higher Power" and **Ki** is "life force energy". Reiki therefore means "spiritually guided life force energy".

The **Reiki** distance healing technique is used to send energies over a distance and treat clients.

Reiki creates balance and harmony in the recipient to promote healing.

A basic tenet of **Reiki** is that the flow of energy varies according to the degree of disharmony in the person or animal's body/mind.

Reiki energy flows freely from the healer's body to the recipient just like free flowing water. It relieves pain or stress from a part of the body with the greatest need.

Reiki energy works in harmony with all other forms of healing, including medicines, surgery, psychological care or any other method of alternative care.

83% studies show moderate to strong evidence supporting the merits of **Reiki** treatment.

About 4 000 000 people all over the world have taken atleast one level of **Reiki** training.
