The Rise of Common-Sense Conservatism Antti Lepistö,2021-04-20 In the years following the election of Donald Trump a victory that hinged on the votes of white Midwesterners who were both geographically and culturally distant from the media s coastal concentrations there has been a flurry of investigation into the politics of the so called common man The notion that the salt of the earth purity implied by this appellation is best understood by conservative politicians is no recent development though As Antti Lepist shows in his timely and erudite book the intellectual wellsprings of conservative common sense discourse are both older and more transnational than has been thought In considering the luminaries of American neoconservative thought among them Irving Kristol Gertrude Himmelfarb James Q Wilson and Francis Fukuyama Lepist argues that the centrality of their conception of the common man accounts for the enduring power and influence of their thought Intriguingly Lepist locates the roots of this conception in the eighteenth century Scottish Enlightenment revealing how leading neoconservatives weaponized the ideas of Adam Smith Thomas Reid and David Hume to denounce postwar liberal elites educational authorities and social reformers Their reconfiguration of Scottish Enlightenment ideas ultimately gave rise to a defining force in modern conservative politics the common sense of the common man Whether twenty first century politicians who invoke the grievances of the people are conscious of this unusual lineage or not Lepist explains both the persistence of the trope and the complicity of some conservative thinkers with the Trump regime *Patriotism, Democracy, and Common Sense* Alan Curtis,2005 Patriotism Democracy and Common Sense is a new strategic analysis of common sense alternatives to the public policies America has pursued since September 11 2001 This important book features more than three dozen internationally known experts in economics foreign and domestic policy media and political action

The Rise of Common-Sense Conservatism Antti Lepistö,2021-04-20 In considering the lodestars of American neoconservative thought among them Irving Kristol Gertrude Himmelfarb James Q Wilson and Francis Fukuyama Antti Lepist makes a compelling case for the centrality of their conception of the common man in accounting for the enduring power and influence of their thought Lepist locates the roots of this conception in the eighteenth century Scottish Enlightenment Subsequently the neoconservatives weaponized the ideas of Adam Smith Thomas Reid and David Hume to denounce postwar liberal elites educational authorities and social reformers ultimately giving rise to a defining force in American politics the common sense of the common man *Reinventing America's Schools* David Osborne,2017-09-05 From David Osborne the author of *Reinventing Government* a biting analysis of the failure of America s public schools and a comprehensive plan for revitalizing American education In *Reinventing America s Schools* David Osborne one of the world s foremost experts on public sector reform offers a comprehensive analysis of the charter school movements and presents a theory that will do for American schools what his New York Times bestseller *Reinventing Government* did for public governance in 1992 In 2005

when Hurricane Katrina devastated New Orleans the city got an unexpected opportunity to recreate their school system from scratch The state's Recovery School District RSD created to turn around failing schools gradually transformed all of its New Orleans schools into charter schools and the results are shaking the very foundations of American education Test scores school performance scores graduation and dropout rates ACT scores college going rates and independent studies all tell the same story the city's RSD schools have tripled their effectiveness in eight years Now other cities are following suit with state governments reinventing failing schools in Newark Camden Memphis Denver Indianapolis Cleveland and Oakland In this book Osborne uses compelling stories from cities like New Orleans and lays out the history and possible future of public education Ultimately he uses his extensive research to argue that in today's world we should treat every public school like a charter school and grant them autonomy accountability diversity of school designs and parental choice **The U.S.**

Biotechnology Industry Jon Paugh, 1997 Meeting the Challenge Jon Paugh, 1998-08 For more than a decade there has been widespread increasing concern that the ability of the U.S. to achieve sustained economic growth long term prosperity is adversely affected by declining industrial competitiveness This report on the U.S. biotechnology industry examines the structure of the industry the current emerging markets for biotechnology products It discusses the factors likely to be critical in determining the future competitiveness of the industry technology infrastructure Fed res initiatives capital formation the U.S. health care system tax policies the regulatory environment foreign competitors trade issues *American Defense Policy* Peter L. Hays, Brenda J. Vallance, Alan R. Van Tassell, 1997 defense policies reviewing excerpts from key defense policy statements and assessing the likely challenges for future policy makers Brent Scowcroft International Affairs The Death of Common Sense Philip K. Howard, 2011-05-03 NEW YORK TIMES BESTSELLER We need a new idea of how to govern The current system is broken Law is supposed to be a framework for humans to make choices not the replacement for free choice So notes Philip K. Howard in the new Afterword to his explosive manifesto The Death of Common Sense Here Howard offers nothing less than a fresh lucid practical operating system for modern democracy America is drowning in law lawsuits and nearly endless red tape Before acting or making a decision we often abandon our best instincts We pause we worry we equivocate and then we divert our energy into trying to protect ourselves Filled with one too many examples of bureaucratic overreach The Death of Common Sense demonstrates how we and our country can at last get back on track Reinventing Political Culture Jeffrey C. Goldfarb, 2012 The way people think and act politically is not set in stone People can and do change the fundamental cultural contours of their political situation Their political culture does not only restrict imagination and action it is also a resource for political creativity and invention In Reinventing Political Culture this resource is uncovered and explored Analyzed as a tension between the power of culture and the culture of power the concept of political culture is reinvented and applied to understanding the practice of people transforming their own political culture in very different circumstances Three instances of such reinvention are closely examined one historic during the twilight of the

Soviet empire one actively in process and actively opposed the Obama revolution and one an apparent distant dream the power of culture and the culture of power that would avoid the clash of civilizations in the Middle East In accessible and engaging prose Goldfarb clearly and forcefully presents students and scholars of sociology comparative politics and cultural studies with an original position on political culture showing how the political cultures of our times pose not only grave dangers but also opportunities for creative alternatives

Resources in Education, 1994 *White Balance* Justin Gomer, 2020-04-17 The racial ideology of colorblindness has a long history In 1963 Martin Luther King famously stated I have a dream that my four little children will one day live in a nation where they will not be judged by the color of their skin but by the content of their character However in the decades after the civil rights movement the ideology of colorblindness co-opted the language of the civil rights era in order to reinvent white supremacy fuel the rise of neoliberalism and dismantle the civil rights movement's legal victories without offending political decorum Yet the spread of colorblindness could not merely happen through political speeches newspapers or books The key Justin Gomer contends was film as race conscious language was expelled from public discourse Hollywood provided the visual medium necessary to dramatize an anti civil rights agenda over the course of the 70s 80s and 90s In blockbusters like Dirty Harry Rocky and Dangerous Minds filmmakers capitalized upon the volatile racial social and economic struggles in the decades after the civil rights movement shoring up a powerful

tumultuous years between the 1989 Tiananmen Square crackdown and China's entry into the World Trade Organization in 2001. The 1990s were marked by Deng Xiaoping's market-oriented reforms, the Taiwan missile crisis, the Asian financial crisis, and the end of British colonial rule of Hong Kong. Considering developments including the state's cultivation of a market economy, the aggressive neoliberalism that accompanied that effort, the rise of a middle class and a consumer culture, and China's entry into the world economy, Zhang argues that Chinese socialism is not over. Rather, it survives as postsocialism, which is articulated through the discourses of postmodernism and nationalism and through the co-existence of multiple modes of production and socio-cultural norms. Highlighting China's uniqueness as well as the implications of its recent experiences for the wider world, Zhang suggests that Chinese postsocialism illuminates previously obscure aspects of the global shift from modernity to postmodernity. Zhang examines the reactions of intellectuals, authors, and filmmakers to the cultural and political conflicts in China during the 1990s. He offers a nuanced assessment of the changing divisions and allegiances within the intellectual landscape and he analyzes the postsocialist realism of the era through readings of Mo Yan's fiction and the films of Zhang Yimou. *With Postsocialism and Cultural Politics*, Zhang applies the same keen insight to China's long 1990s that he brought to bear on the 1980s in *Chinese Modernism in the Era of Reforms*. **Future Survey Annual**
