Rekviem Xx Veka:

A Satellite Empire Vladimir Solonari,2019-12-15 Satellite Empire is an in depth investigation of the political and social history of the area in southwestern Ukraine under Romanian occupation during World War II Transnistria was the only occupied Soviet territory administered by a power other than Nazi Germany a reward for Romanian participation in Operation Barbarossa Vladimir Solonari s invaluable contribution to World War II history focuses on three main aspects of Romanian rule of Transnistria with fascinating insights from recently opened archives Solonari examines the conquest and delimitation of the region the Romanian administration of the new territory and how locals responded to the occupation What did Romania want from the conquest The first section of the book analyzes Romanian policy aims and its participation in the invasion of the USSR Solonari then traces how Romanian administrators attempted in contradictory and inconsistent ways to make Transnistria Romanian and civilized while simultaneously using it as a dumping ground for 150 000 Jews and 20 000 Roma deported from a racially cleansed Romania The author shows that the imperatives of total war eventually prioritized economic exploitation of the region over any other aims the Romanians may have had In the final section he uncovers local responses in terms of collaboration and resistance in particular exploring relationships with the local Christian population which initially welcomed the occupiers as liberators from Soviet oppression but eventually became hostile to them Ever increasing hostility towards the occupying regime buoyed the numbers and efficacy of pro Soviet resistance groups

Twentieth-Century Russian Poetry Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation s culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandel shtam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature Twentieth Century Russian Poetry brings our understanding of post Soviet Russia up to date Reframing Russian Modernism Irina Shevelenko, 2018-12-11 Presenting a multifaceted portrait of modernist culture in Russia an array of distinguished scholars shows how artists and writers in the early twentieth century engaged with politics science and religion At a time when many Russian social institutions looked to the past modernist arts powerfully amplified a gamut of new ideas about individual and collective transformation Expanding upon prior studies that focus more specifically on literary manifestations of the movement Reframing Russian Modernism features original research that ranges broadly from political aesthetics to Darwinism to yoga These unique complementary perspectives counter reductionism of any kind integrating the study of

Russian modernism into the larger body of humanistic scholarship devoted to modernity Voices from the Void Sally Dalton-Brown, 2000 Liumilla Petrushevskaia is one of the best known writers in Russia today recognized for her versatility as a dramatist scriptwriter and author of harrowing contemporary stories and even fairy tales Acclaimed for her shocking portraits of the pain and loss that distinguish the life of women in Russia and the old Soviet Union Petrushevskaia has also created texts notable for their scandalous humor and vibrant plasticity of form This study analyses her use of genres within the context of an overall description of her ouevre Her texts deal with stories struggling to be told even in today s Russia Her characters are all storytellers but the truths they attempt to express are often too terrible to be voiced aloud and their tales are ultimately told from within a vast silence that threatens to engulf the narrative Rekviem XX veka Vladimir A. An Indwelling Voice Stuart Goldberg, 2023-10-02 How have poets in recent centuries been able to inscribe recognizable and relatively sincere voices despite the wearing of poetic language and reader awareness of sincerity s pitfalls How are readers able to recognize sincerity at all given the mutability of sincere voices and the unavailability of inner worlds What do disagreements about the sincerity of texts and authors tell us about competing conceptualizations of sincerity And how has sincere expression in one particular illustrative context Russian poetry both changed and remained constant An Indwelling Voice grapples uniquely with such questions In case studies ranging from the late neoclassical period to post postmodernism it explores how Russian poets have generated the pragmatic framings and poetic devices that allow them to inscribe sincere voices in their poetry Engaging Anglo American and European literature as well as providing close readings of Russian poetry An Indwelling Voice helps us understand how poets have at times generated a powerful sense of presence intimating that they speak through the poem Deutsche und sowjetische Gesellschaften im ersten

Aleksej Sorokin Kristina Tanis Alexey Tikhomirov Natalia Timofeeva Stefan Troebst Nina Va kau und Lilija Wedel In **Search of Russian Modernism** Leonid Livak, 2018-11-30 A critical reexamination of Russian modernist cultural historiography Winner of the Aldo and Jeanne Scaglione Prize for Studies in Slavic Languages and Literatures by the Modern Language Association The writing and teaching of Russian literary and cultural history have changed little since the 1980s In Search of Russian Modernism challenges the basic premises of Russian modernist studies removing the aura of certainty surrounding the analytical tools at our disposal and suggesting audacious alternatives to the conventional ways of thinking and speaking about Russian and transnational modernism Drawing on methodological breakthroughs in Anglo American new modernist studies Leonid Livak explores Russian and transnational modernism as a story of a self identified and self conscious interpretive community that bestows a range of meanings on human experience Livak's approach opens modernist studies to integrative and interdisciplinary analysis including the extension of scholarly inquiry beyond traditional artistic media in order to account for modernism's socioeconomic and institutional history Writing with a student audience in mind Livak presents Russian modernism as a minority culture coexisting with other cultural formations while addressing thorny issues that regularly come up when discussing modernist artifacts Aiming to open an overdue debate about the academic fields of Russian and transnational modernist studies this book is also intended for an audience of scholars in comparative literary and cultural studies specialists in Russian and transnational modernism and researchers engaged with European cultural historiography A Semiotic Analysis of the Short Stories of Leonid Andreev, 1900-1909 Stephen Hutchings, 1990 This book applies the techniques of semiotic analysis to a selection of short stories by Leonid Andreev in an attempt to offer one answer to the problems of categorizing Andreev's unique art and placing it within a literary evolutionary perspective Drawing on a range of literary theory from early Russian Formalism onwards the study proceeds from one level to another according to a principle of degree of abstraction so that each level constitutes firstly an independent account of Andreev s texts in itself and secondly one stage in an overall analysis The Culture of Samizdat Josephine von Zitzewitz, 2020-11-12 Winner of the 2022 CHOICE Outstanding Academic Titles Samizdat the production and circulation of texts outside official channels was an integral part of life in the final decades of the Soviet Union But as Josephine von Zitzewitz explains while much is known about the texts themselves little is available on the complex communities and cultures that existed around them due to their necessarily secretive and sometimes dissident nature By analysing the behaviours of different actors involved in Samizdat readers typists librarians and the editors of periodicals in 1970s Leningrad The Culture of Samizdat fills this lacuna in Soviet history scholarship Crucially as well as providing new insight into Samizdat texts the book makes use of oral and written testimonies to examine the role of Samizdat activists and employs an interdisciplinary theoretical approach drawing on both the sociology of reading and book history. In doing so von Zitzewitz uncovers the importance of middlemen for Samizdat culture Diligently researched and engagingly written this book will be of

great value to scholars of Soviet cultural history and Russian literary studies alike Russian Theatre In The Age Of **Benjamin Britten** Peter J. Hodgson, 2013-10-08 This work **Modernism** Andrew Barratt, Robert Russell, 1990-06-14 constitutes the largest and most comprehensive research guide ever published about Benjamin Britten Entries survey the most significant published materials relating to the composer including bibliographies catalogs letters and documents conference reports biographies and studies of Britten's music Soviet Samizdat Ann Komaromi, 2022-05-15 Soviet Samizdat traces the emergence and development of samizdat one of the most significant and distinctive phenomena of the late Soviet era as an uncensored system for making and sharing texts Based on extensive research of the underground journals bulletins art folios and other periodicals produced in the Soviet Union from the mid 1950s to the mid 1980s Ann Komaromi analyzes the role of samizdat in fostering new forms of imagined community among Soviet citizens Dissidence has been dismissed as an elite phenomenon or as insignificant because it had little demonstrable impact on the Soviet regime Komaromi challenges these views and demonstrates that the kind of imagination about self and community made possible by samizdat could be a powerful social force She explains why participants in samizdat culture so often sought to divide political from cultural samizdat Her study provides a controversial umbrella definition for all forms of samizdat in terms of truth telling arguing that the act is experienced as transformative by Soviet authors and readers This argument will challenge scholars in the field to respond to contentions that go against the grain of both anthropological and postmodern accounts Komaromi's combination of literary analysis historical research and sociological theory makes sense of the phenomenon of samizdat for readers today Soviet Samizdat shows that samizdat was not simply a tool of opposition to a defunct regime Instead samizdat fostered informal communities of knowledge that foreshadowed a similar phenomenon of alternative perspectives challenging the authority of institutions around the world today Reference Guide to Russian Literature Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public "Aber Lots Weib blickte zurück--" Eva Behrisch, 2007 Neben Osip Mandelstam Boris Pasternak und Marina Cvetaeva gehorte Anna Achmatova 1889 1966 zu den bedeutendsten russischen LyrikerInnen des 20 Jahrhunderts Schon fruh haben Leben und Werk der Dichterin in der Forschungsliteratur grosse Resonanz gefunden Bisher wurde jedoch kaum auf die umfangreiche biblische Motivik in ihren Gedichten eingegangen Eva Behrisch nimmt diese Dimension in den Blick und analysiert systematisch ihre sinnkonstituierende Funktion Dabei konzentriert sie sich auf die vier grossen Werkbereiche der Dichterin die Liebeslyrik sowie die poetologische staatsburgerliche und philosophische Lyrik und stellt an relevanten Einzelgedichten die Bedeutung des biblischen Subtextes heraus Sie zeigt wie Achmatova die uber Jahrhunderte erstarrten oft zum literarischen Topos gewordenen biblischen Figuren Geschehnisse und Bilder dichterisch auf ganz eigene Weise verwandelt und zu unerwartet neuen Sinntragern macht China und Russland Sören Urbansky, Martin
