Relationship Rescue Phillip C. McGraw, 2001-09-01 As a follow up to his bestselling book Life Strategies Oprah acolyte Phillip C McGraw Ph D moves from aiding the aimless individual to coaching the disconnected couple McGraw has distilled his more than two decades of counseling experience into a seven step strategy he calls Relationship Rescue I m prepared to kick a hole in the wall of the pain ridden unhappy maze you ve gotten yourself into and provide you clear access to action oriented answers and instructions on what you must do to have what you want says Dr Phil His aim is to expose and eliminate the saboteurs that cause senseless damage to already fragile marriages and like an emotional root canal to replace them with values he says provide positive results If you follow Dr Phil s strategy he will lead you on a precise journey to uncover your heart and then share it with your partner as part of taking the risk of intimacy Dr Phil leads you to reconnect with your core in the first five steps of his seven step strategy By no means a quick fix there are in depth and rigorous questionnaires surveys tests and profiles that require a brutally candid mindset with such fill in the blanks as List five things that today would make you fall out of love with your partner With this internal work accomplished you ll then move on to reconnecting with your partner during a two week half hour a day short course As a dyad you and your loved one take turns giving monologues on topics such as The most positive thing I took away from my mother and father s relationship was Once the reconnection has been established Dr Phil says the work shifts to a management role as relationships are always a work in progress Dr Phil humorously refers to his own marriage throughout the book sharing his mishaps and victories in learning to accept and enjoy what he sees as fundamental but complementary differences between men and women John Youngs

Relationship Rescue Phillip C McGraw, Ph.D., 2001-01-01 The 1 self help book for 2000 USA Today is now available in paperback After successfully helping thousands of people take responsibility for their own actions Dr Phil McGraw turns his expertise to the primary area of concern troubling most people their relationships **Relationship Rescue** Phillip C. McGraw, 2014-07-01 Explains ten of the most popular myths about what makes a good relationship and explains how to restore relationships and reconnect with loved ones through a series of exercises **Redeeming Relationships** Marty Trammell, Rich Rollins, 2007 How to guide for resolving the most common conflicts people experience written by psychologist pastor team **Sham** Steve Salerno, 2006-09-26 Self help To millions of Americans it seems like a godsend To many others it seems like a joke But as investigative reporter Steve Salerno reveals in this groundbreaking book it s neither in fact it s much worse than a joke Going deep inside the Self Help and Actualization Movement fittingly the words form the acronym SHAM Salerno offers the first serious expos of this multibillion dollar industry and the real damage it is doing not just to its paying customers but to all of American society Based on the author s extensive reporting and the inside look at the industry he got while working at a leading lifestyle publisher SHAM shows how thinly credentialed experts now dispense advice on everything from mental health to relationships to diet to personal finance to business strategy Americans spend upward of 8

billion every year on self help programs and products And those staggering financial costs are actually the least of our worries SHAM demonstrates how the self help movement s core philosophies have infected virtually every aspect of American life the home the workplace the schools and more And Salerno exposes the downside of being uplifted showing how the empowering message that dominates self help today proves just as damaging as the blame shifting rhetoric of self help s Recovery movement SHAM also reveals How self help gurus conduct extensive market research to reach the same customers over and over without ever helping them The inside story on the most notorious gurus from Dr Phil to Dr Laura from Tony Robbins to John Gray How your company might be wasting money on motivational speakers executive coaches and other quick fixes that often hurt quality productivity and morale How the Recovery movement has eradicated notions of personal responsibility by labeling just about anything from drug abuse to sex addiction to shoplifting a dysfunction or disease How Americans blindly accept that twelve step programs offer the only hope of treating addiction when in fact these programs can do more harm than good How the self help movement inspired the disastrous emphasis on self esteem in our schools How self help rhetoric has pushed people away from proven medical treatments by persuading them that they can cure themselves through sheer application of will As Salerno shows to describe self help as a waste of time and money vastly understates its collateral damage And with SHAM the self help industry has finally been called to account for the damage it has done Also available as an eBook
