Relationships The Gifts Of Life:

The gift of life J.M. Vorster,2021 The concept human life and what it entails have become a prominent idea in current theological ethical discourses especially in the growing Christian reflection on bioethics eco ethics and social justice Contemporary Christian ethicists focus on concepts such as flourishing life happiness and joy and how these deep human desires can be realised and fulfilled in life today amidst perennial surges of racism xenophobia sexism systemic violence and policies and structures which further poverty and other forms of social injustices Christian soteriology and subsequent moral agency grapples with the question How can humans flourish in societies today and how should Christian morality be defined and designed to be instrumental in the current pursuit of happiness joy and hope This publication aims to participate in this modern day discourse by proposing relevant theological perspectives on the concept of life and in particular its relevance for Christians living in this age and in an environment that poses major challenges to public morality and the common good In conjunction with the emerging theological interest in the concept of life this project is a modest attempt to take part in the advancement of an ethic of life for today under the rubric of an ethic of flourishing personhood The point of departure is the biblical concept of the gift of life and what this gift entails for understanding human life personhood and moral agency today The line of reasoning in this book delineates the broad concept ethic of life and the biblical concept gift of life and draws the line towards an ethic of flourishing personhood The central theoretical argument of the study is that reformed theology can give direction to the contemporary theological search for meaning and purpose of human life and offer answers to the questions on life facing humanity today especially by pursuing the idea of flourishing personhood **Love: the Most**

Precious Gift of Life Pejman Aghasi,2007-08 Love is the only hope It is only because of love that man finds it possible to reach god If there were no love there would be no religion no prayer If there were no love there would be no creativity no music no dance no art no poetry If there were no love there would be no beauty no friendship no happiness no intimacy All that is valuable in life comes through love Love is the source of all that is nourishing and fulfilling Love is the only heavenly phenomenon on this earth Everything else is earthly therefore it is only through love that one can reach to god and heavenly states of being Without love life becomes dull repetitive and unfulfilling Love The Most Precious Gift of Life shows us that we must live with love because that is the only way to really live The deeper and realer your love is the deeper and more meaningful your life is We must think of love and life as being the same and synonymous If love has so many blessings why do many couples struggle and face so many difficulties in their relationships In the second part of Love The Most Precious Gift of Life the root social and psychological causes of these conflicts are uncovered and a solution for solving each problem is also presented And in doing so it helps us to keep our relationships healthy and intimate and enable us to embrace love and through love reach to our highest potential which is self realization and enlightenment **Unwrapping Increase,**
