Relative Strangers:

Relative Strangers Arpan Roy, 2024-11-30 Examining how memory intergenerational transmission and kinship work together *Relative Strangers* sheds light on Romani life in Palestine Arpan Roy presents an ethnographic portrait of Dom Romani communities living between Palestine and Jordan zooming in on everyday life in working class neighborhoods and under conditions of perpetual war and instability The book focuses on how Doms are able to sustain ethnic difference through kinship even when public performances of difference are no longer emphasized a kind of alterity that is neither visible by obvious markers like race or religious difference nor detected by the antennas of the state Drawing on long term ethnographic fieldwork in Jerusalem Ramallah and Amman Roy makes a case for such alterity for Romani people and other groups in the region Analysing intimate ethnographic scenes through anthropological theories of kinship psychoanalysis social theory from the Global South and more the book reveals how alterity in the Middle East does not adhere to rigid identitarian categories Ultimately *Relative Strangers* demonstrates the inadequacy of transposing models of pluralism centred on European and American experiences of minoritization onto other contexts *Relative Strangers: Family Life, Genes and Donor Conception* Petra Nordqvist, C. A Relative Stranger Charles Baxter, 1991 In this masterful collection the author's wise and subtle stories often find lonely restless characters embarking on unexpected courses of action that evolve in puzzling yet oddly logical ways Baxter's strength as a writer derives from his mysterious haunting tone and the slightly surreal quality to his characters conversation Chicago Tribune **Neglected No More** Andre Picard, 2021-03-02 A NATIONAL BESTSELLER SHORTLISTED FOR THE BALSILLIE PRIZE FOR PUBLIC POLICY It took the coronavirus pandemic to open our eyes to the deplorable state of so many of the nation's long term care homes the inhumane conditions overworked and underpaid staff and lack of oversight In this timely new book esteemed health reporter Andr Picard reveals the full extent of the crisis in eldercare and offers an urgently needed prescription to fix a broken system When COVID 19 spread through seniors residences across Canada the impact was horrific Along with widespread illness and a devastating death toll the situation exposed a decades old crisis the shocking systemic neglect towards our elders Called in to provide emergency care in some of the hardest hit facilities in Ontario and Quebec the military issued damning reports of what they encountered And yet the failings that were exposed unappetizing meals infrequent baths overmedication physical abuse and inadequate personal care have persisted for years in these institutions In *Neglected No More* Andr Picard takes a hard look at how we came to embrace mass institutionalization and lays out what can and must be done to improve the state of care for our elders a highly vulnerable population with complex needs and little ability to advocate for themselves Picard shows that the entire eldercare system fragmented underfunded

and unsupported is long overdue for a fundamental rethink We need to find ways to ensure seniors can age gracefully in the community for longer with supportive home care and respite for family caregivers and ensure that long term care homes are not warehouses of isolation and neglect Our elders deserve nothing less
