**Relics Revisited** Marti Lu Allen, Mauri L. Nelson, 2002 Relics Revisited New Perspectives on an Early Twentieth Century Collection is the accompanying exhibition catalogue to In Search of Relics an exhibition at the BYU Museum of Peoples and Cultures in Provo Utah It contains a complete photographic and descriptive catalogue of the Pectol Lee Collection of Artifacts from Capitol Reef as well as articles that explore the

history of the Capitol Reef region the history of the collection itself and the significance of the some of the hallmark objects in the collection a Fremont basketry cradle board a deer headdress and a group of Fremont baskets This is the first time that the collection has ever been published in its entirety      Representing the Sporting Past in Museums and Halls of Fame Murray G. Phillips,2013-06-17 We live in a museum age and sport museums are part of this phenomenon In this book leading international sport history scholars examine sport museums including renowned institutions like the Olympic Museum in the Swiss city of Lausanne the Babe Ruth Birthplace and Museum in Baltimore the Marylebone Cricket Club Museum in London the Croke Park Museum in Dublin and the Whyte Museum in Banff These institutions are examined in a broad context of understanding sport museums as an identifiable genre in the museum age and more specifically in terms of how the sporting past is represented in these museums Historians explain debate and critique sport museums with the intention of understanding how this important form of public history represents sport for audiences who see museums as institutions that are inherently reliable and trustworthy      Artifacts and Allegiances Peggy Levitt,2015-07-07 What can we learn about nationalism by looking at a country s cultural institutions How do the history and culture of particular cities help explain how museums represent diversity Artifacts and Allegiances takes us around the world to tell the compelling story of how museums today are making sense of immigration and globalization Based on firsthand conversations with museum directors curators and policymakers descriptions of current and future exhibitions and inside stories about the famous paintings and iconic objects that define collections across the globe this work provides a close up view of how different kinds of institutions balance nationalism and cosmopolitanism By comparing museums in Europe the United States Asia and the Middle East Peggy Levitt offers a fresh perspective on the role of the museum in shaping citizens Taken together these accounts tell the fascinating story of a sea change underway in the museum world at large      **Archaeological Research on the Societies of Late Prehistoric Xinjiang, Vol 2** Guo Wu,2022-11-23 This book presents cutting edge archaeological materials from Xinjiang from the Bronze Age to the early Iron Age Through a systematic topological study of major archaeological cemeteries and sites it establishes chronologies and cultural sequences for three main regions in Xinjiang namely the circum Eastern Tianshan region the circum Dzungarian Basin region and the circum Tarim Basin region It also discusses the origins and local variants of prehistoric archaeological cultures in these regions and the mutual relationships between them and neighboring cultures By doing so the book offers a panoramic view of the socio cultural changes that took place in prehistoric Xinjiang from pastoral agricultural societies to the mobile nomadic pastoralist states in the steppe regions and the agricultural states of the oasis making it a must read for researchers and general readers who are interested in the archaeology of Xinjiang      **Sport, History, and Heritage** Jeff Hill, Kevin Moore, Jason Wood,2012 Sport is an integral part of British culture and an important aspect of modern life but although its importance has been recognised in academic history in the growing and related fields of heritage and museum studies it has yet to be fully appreciated and brought into

interaction More with historical studies Ideologically sport and heritage both convey powerful messages responsible for shaping our understanding of sport history and the past although they have essentially operated as separate spheres one important aspect of convergence between them is seen in the rise and popularity of sports museums the collecting of sporting art and memorabilia and popular concern over the demise of historic sports buildings and places The essays in this volume look at sports history as manifested in academic enquiry museum exhibition and heritage sites They deal among other things with the public representation of sport and why it matters its impact on public spheres the direction of sports heritage studies and what they should be attempting to achieve the role of museums in public history and the place memory and meaning in the historic sports landscape

*American Antiquities* Terry A. Barnhart, 2015-11 Writing the history of American archaeology especially concerning eighteenth and nineteenth century arguments is not always as straightforward or simple as it might seem Archaeology's trajectory from an avocation to a semi profession to a specialized self conscious profession was anything but a linear progression The development of American archaeology was an organic and untidy process which emerged from the intellectual tradition of antiquarianism and closely allied itself with the natural sciences throughout the nineteenth century especially geology and the debate about the origins and identity of indigenous mound building cultures of the eastern United States Terry A Barnhart examines how American archaeology developed within an eclectic set of interests and equally varied settings He argues that fundamental problems are deeply embedded in secondary literature relating to the nineteenth century debate about Mound Builders and American Indians Some issues are perceptual others contextual and still others basic errors of fact Adding to the problem are semantic and contextual considerations arising from the accommodating indiscriminate and problematic use of the term race as a synonym for tribe nation and race proper a concept and construct that does not in all instances translate into current understandings and usages *American Antiquities* uses this early discourse on the mounds to frame perennial anthropological problems relating to human origins and antiquity in North America

*Defining Memory* Amy K. Levin, 2007-03-01 *Defining Memory* uses case studies of exhibits from around the country to examine how local museums defined as museums whose collections are local in scope or whose audiences are primarily local have both shaped and been shaped by evolving community values and sense of history Levin and her contributors argue that these small institutions play a key role in defining America's self identity and should be studied as seriously as more national institutions like the Smithsonian and the Metropolitan Museum of Art

**Sport in Museums** Kevin Moore, John Hughson, Christian Wacker, 2022-06-24 This book explores in breadth and depth the role of sport in museums It surveys the history of sport in museums including the growth in sport museums and halls of fame driven by major sports teams and sport organisations The book considers the humanistic benefits of the promotion of sporting heritage within museums and presents case museums stories and best practice from around the world *Sport in Museums* is essential reading for all students researchers curators and historians with an interest in sport It is also a useful resource for

Routledge Handbook of Football Studies John Hughson, Kevin Moore, Ramón Spaaij, Joseph Maguire, 2016-10-04 Football is unquestionably the world's most popular and influential sport There is no corner of the globe in which the game is not played or followed More countries are affiliated to FIFA football's governing body than to the United Nations The sport has therefore become an important component of our social cultural political and economic life The Routledge Handbook of Football Studies is a landmark work of reference going further than any other book in considering the historical and contemporary significance of football around the world Written by a team of leading sport scholars the book covers a broad range of disciplines from history sociology politics and business to philosophy law and media studies The central section of the book examines key themes and issues in football studies such as the World Cup and international competition governance and ownership fandom and celebrity The concluding section offers in depth surveys of the culture and organisation of football in each of the regional confederations from UEFA to CONCACAF This book will be fascinating reading for any serious football fan and an essential resource for advanced students or scholars undertaking research in football or sport studies and any practitioner or policy maker working in football

**African Cultures, Memory and Space**  
Munyaradzi Mawere, R. Mubaya, 2014-07-17 African Cultures Memory and Space is an impeccable volume that powerfully grapples with a gamut of cultural heritage issues challenges and problems from a vista of inter and multi disciplinary approach The book which is designed as a foundational text to the study of culture in ever changing environments makes an important argument that the dynamism of culture in highly globalised societies such as that of Zimbabwe can be studied from any perspective but most importantly through careful examination of cultural elements such as memory oral history and space among others While the book makes special reference to Zimbabwe it profoundly and audaciously dissect and cut across different geographical and cultural spaces through its penetrating interrogation and scrutiny of different issues commonplace in many African contexts and even beyond The book written by scholars from different backgrounds and orientations should appeal to scholars researchers and students from various disciplines which include but not limited to

Cultural Heritage Studies Policy Studies Social Cultural Anthropology Sociology Development Studies and African Studies

*These Were People Once* Damien Huffer, Shawn Graham, 2023-09-15 People buy and sell human remains online Most of this trade these days is over social media In a study of this bone trade how it works and why it matters the authors review and use a variety of methods drawn from the digital humanities to analyze the sheer volume of social media posts in search of answers to questions regarding this online bone trade The answers speak to how the 21st century understands and constructs heritage more generally each person their own expert yet seeking community and validation and like the major encyclopedic museums built on a kind of digital neocolonialist othering of the dead **Age of Empires** Zhixin Jason
