The Sixteenth-Century French Religious Book Andrew Pettegree, Paul Nelles, 2017-03-02 This study comprises the proceedings of a conference held in St Andrews in 1999 which gathered some of the most distinguished historians of the French book. It presents the 16th-century book in a new context and provides the first comprehensive view of this absorbing field. Four major themes are reflected here: the relationship between the manuscript tradition and the printed book; an exploration of the variety of genres that emerged in the 16th century and how they were used; a look at publishing and book-selling strategies and networks and the ways in which the authorities tried to control these; and a discussion of the way in which confessional literature diverged and converged. The range of specialist knowledge embedded in this study will ensure its appeal to specialists in French history, scholars of the book, and of 16th-century French literature and historians of religion. **Hatred in Print** Luc Racaut, 2017-05-15 Catholic polemical works and their portrayal of Protestants in print in particular are the central focus of this work. In contrast with Germany, French Catholics used printing effectively and aggressively to promote the Catholic cause. In seeking to explain why France remained a Catholic country, the French Catholic response must be taken into account. Rather than confront the Reformation on its own terms, the Catholic reaction concentrated on discrediting the Protestant cause in the eyes of the Catholic majority. This book aims to contribute to the ongoing debate over the nature of the French Wars of Religion to explain why they were so violent and why they engaged the loyalties of such a large portion of the population. This study also provides an example of the successful defence of Catholicism developed independently and in advance of Tridentine reform, which is of wider significance for the history of the Reformation in Europe. **The American**

Freemason, 1909 *Solo Performers* John Cairney, 2001 This work presents a complete survey of solo theater from its beginnings in the 18th century in the form of dramatic biographies of historical figures to the 21st century performers who stage intimate conversation type dramas A major feature of the work is the detailed registry that provides information on many hundreds of solo performers criterion they performed by themselves for at least one hour **Sea Songs** Charles Dibdin, 1850 **Black Ice** Lorene Cary, 1992-02-04 In 1972 Lorene Cary a bright ambitious black teenager from Philadelphia was transplanted into the formerly all white all male environs of the elite St Paul s School in New Hampshire where she became a scholarship student in a boot camp for future American leaders Like any good student she was determined to succeed But Cary was also determined to succeed without selling out This wonderfully frank and perceptive memoir describes the perils and ambiguities of that double role in which failing calculus and winning a student election could both be interpreted as betrayals of one s skin *Black Ice* is also a universally recognizable document of a woman s adolescence it is as Houston Baker says a journey into selfhood that resonates with sober reflection intelligent passion and joyous love

In Defense of Elitism William A. Henry, 1995-08-01 From the Pulitzer Prize winning culture critic for Time magazine comes the tremendously controversial yet highly persuasive argument that our devotion to the largely unexamined myth of egalitarianism lies at the heart of the ongoing dumbing of America Americans have always stubbornly clung to the myth of egalitarianism of the supremacy of the individual average man But here at long last Pulitzer Prize winning critic William A Henry III takes on and debunks some basic fundamentally ingrained ideas that everyone is pretty much alike and should be that self fulfillment is more important than objective achievement that everyone has something significant to contribute that all cultures offer something equally worthwhile that a truly just society would automatically produce equal success results across lines of race class and gender and that the common man is almost always right Henry makes clear in a book full of vivid examples and unflinching opinions that while these notions are seductively democratic they are also hopelessly wrong

A Social History of the Fool Sandra Billington, 2015-03-19 Who is the Fool and what does he mean to us Pre 1900 scholars thought him a Renaissance fashion a continental import of note in the British Isles only between 1486 and the 1630s per his appearances in Shakespeare s plays However as Sandra Billington shows in this pioneering study the Fool has been with us from medieval times and has worn many guises village idiot and sophisticated comedian embodiment of Satan and God s own jester He has managed as Billington notes to inspire or infect our thinking for at least eight hundred years **Church and Community in the Diocese of Lyon, 1500-1789** Philip T. Hoffman, 1984-01-01 Philip Hoffman s richly detailed study of Lyon from the end of the Middle Ages to the dawn of the French Revolution focuses on lay piety and on the social role of the parish clergy Hoffman shows how the Counter Reformation forged an alliance between devout urban elites on the one hand and the diocesan hierarchy and the urban clergy on the other By analyzing the surviving books published in Strasbourg during the Reformation era Chrisman provides a new perspective from which to examine the cultural forces that influenced
