Religion And Contemporary Liberalism

J. Judd Owen

Religion And Contemporary Liberalism:

Religion and Contemporary Liberalism Paul J. Weithman, 1997 This collection of papers makes a step towards increased dialogue among philosophical liberals and their theological sociological and legal critics The text should be significant for those concerned with the place of religion within a liberal society *Liberalism's Religion* Cécile Laborde, 2017-09-25 Cécile Laborde argues that religion is more than a statement of belief or a moral code It refers to comprehensive ways of life theories of justice modes of association and vulnerable collective identities By disaggregating these dimensions she addresses questions about whether Western secularism and religion can be applied more universally *Faith, Nationalism, and the Future of Liberal Democracy* David M. Elcott, C. Colt Anderson, Tobias Cremer, Volker Haarmann, 2021-05-01 *Faith Nationalism and the Future of Liberal Democracy* highlights the use of religious identity to fuel the rise of illiberal nationalist and populist democracy In *Faith Nationalism and the Future of Liberal Democracy* David Elcott C Colt Anderson Tobias Cremer and Volker Haarmann present a pragmatic and modernist exploration of how religion engages in the public square Elcott and his co authors are concerned about the ways religious identity is being used to foster the exclusion of individuals and communities from citizenship political representation and a role in determining public policy They examine the ways religious identity is weaponized to fuel populist revolts against a political social and economic order that values democracy in a global and strikingly diverse world Included is a history and political analysis of religion politics and policies in Europe and the United States that foster this illiberal rebellion The authors explore what constitutes a constructive religious voice in the political arena even in nurturing patriotism and democracy and what undermines and threatens liberal democracies To lay the groundwork for a religious response the book offers chapters showing how Catholicism Protestantism and Judaism can nourish liberal democracy The authors encourage people of faith to promote foundational support for the institutions and values of the democratic enterprise from within their own religious traditions and to stand against the hostility and cruelty that historically have resulted when religious zealotry and state power combine *Faith Nationalism and the Future of Liberal Democracy* is intended for readers who value democracy and are concerned about growing threats to it and especially for people of faith and religious leaders as well as for scholars of political science religion and democracy *Faith in Politics* Bryan T. McGraw, 2010-06-10 No account of contemporary politics can ignore religion The liberal democratic tradition in political thought has long treated religion with some suspicion regarding it as a source of division and instability *Faith in Politics* shows how such arguments are unpersuasive and dependent on questionable empirical claims rather than being a serious threat to democracies legitimacy stability and freedom religion can be democratically constructive Using historical cases of important religious political movements to add empirical weight Bryan McGraw suggests that religion will remain a significant political force for the foreseeable future and that pluralist democracies would do well to welcome rather than marginalize it *The Rise of Liberal Religion* Matthew S. Hedstrom, 2012-11-23 Winner of the Frank S and Elizabeth D

Brewer Best First Book Prize of the American Society of Church History Society for U S Intellectual History Notable Title in American Intellectual History The story of liberal religion in the twentieth century Matthew S Hedstrom contends is a story of cultural ascendancy This may come as a surprise most scholarship in American religious history after all equates the numerical decline of the Protestant mainline with the failure of religious liberalism Yet a look beyond the pews into the wider culture reveals a more complex and fascinating story one Hedstrom tells in *The Rise of Liberal Religion* Hedstrom attends especially to the critically important yet little studied arena of religious book culture particularly the religious middlebrow of mid century as the site where religious liberalism was most effectively popularized By looking at book weeks book clubs public libraries new publishing enterprises key authors and bestsellers wartime reading programs and fan mail among other sources Hedstrom is able to provide a rich on the ground account of the men women and organizations that drove religious liberalism s cultural rise in the 1920s 1930s and 1940s Critically by the post WWII period the religious middlebrow had expanded beyond its Protestant roots using mystical and psychological spirituality as a platform for interreligious exchange This compelling history of religion and book culture not only shows how reading and book buying were critical twentieth century religious practices but also provides a model for thinking about the relationship of religion to consumer culture more broadly In this way *The Rise of Liberal Religion* offers both innovative cultural history and new ways of seeing the imprint of liberal religion in our own times

Religion and Politics in the Contemporary United States R. Marie Griffith, Melani McAlister, 2008-06-09 This collection of essays from a special issue of *American Quarterly* explores the complex and sometimes contradictory ways that religion matters in contemporary public life *Religion and Politics in the Contemporary United States* offers a groundbreaking cross disciplinary conversation between scholars in American studies and religious studies The contributors explore numerous modes through which religious faith has mobilized political action They utilize a variety of definitions of politics ranging from lobbying by religious leaders to the political impact of popular culture Their work includes the political activities of a very diverse group of religious believers Christians Jews Muslims Hindus Buddhists and others In addition the book explores the meanings of religion for people who might contest the term those who are spiritual but not religious for example as well as activists who engage symbols of faith and community but who may not necessarily consider themselves members of a specific religion Several essays also examine the meanings of secular identity humanist politics and the complex evocations of civil religion in American life No other book on religion and politics includes anything like the diversity of religions ethnicities and topics that this one does from Mormon political mobilization to attempts at Americanizing Muslims in the post 9 11 United States from C sar Ch vez to James Dobson from interreligious cooperation and conflict over Darfur to the global politics surrounding the category of Hindus and South Asians in the United States

Bad Religion Ross Douthat, 2013-04-16 Traces the decline of Christianity in America since the 1950s posing controversial arguments about the role of heresy in the nation s downfall while calling for a revival of traditional Christian

practices Civil Religion in Modern Political Philosophy Steven Frankel, Martin D. Yaffe, 2020-07-15 Inspired by Machiavelli modern philosophers held that the tension between the goals of biblical piety and the goals of political life needed to be resolved in favor of the political and they attempted to recast and delimit traditional Christian teaching to serve and stabilize political life accordingly This volume examines the arguments of those thinkers who worked to remake Christianity into a civil religion in the early modern and modern periods Beginning with Machiavelli and continuing through to Alexis de Tocqueville the essays in this collection explain in detail the ways in which these philosophers used religious and secular writing to build a civil religion in the West Early chapters examine topics such as Machiavelli's comparisons of Christianity with Roman religion Francis Bacon's cherry picking of Christian doctrines in the service of scientific innovation and Spinoza's attempt to replace long held superstitions with newer progressive ones Other essays probe the scripture based anti Christian argument that religion must be subordinate to politics espoused by Jean Jacques Rousseau and David Hume both of whom championed reason over divine authority Crucially the book also includes a study of civil religion in America with chapters on John Locke Montesquieu and the American Founders illuminating the relationships among religious and civil history acts and authority The last chapter is an examination of Tocqueville's account of civil religion and the American regime Detailed thought provoking and based on the careful study of original texts this survey of religion and politics in the West will appeal to scholars in the history of political philosophy political theory and American political thought **Faith Without Certainty** Paul B. Rasor, 2005 Contemporary Political Philosophy and Religion Camil Ungureanu, Paolo Monti, 2018 Should democratic politics and religion political reason and faith be completely separated from each other or should they be seen in a relationship of discursive interaction The continuous presence of religion in the public sphere has undermined state induced attempts to privatise faith and it has raised anew normative and practical issues related to the place of religion in a democratic polity generating spirited political debates This textbook Provides an introduction to and a critical appraisal of the major schools of political thought with a focus on the relationship between democracy and religion Contains an analysis of different schools political liberalism postmodernism and Christian thought analytical and continental political theory Discusses religion from the perspective of the emerging field of international political theory Features reflections on the question of Islam and Islamism Include an analysis and appraisal of the issue of religion in contemporary republican thinking Deals with the relationship between democracy and religion from the perspective of two opposing theologians representing important theological trends Teases out the political implications of post modern thought in a jargon free manner This important text will be of great use to students of religion and politics in the fields of political and legal theory and religious and theological studies **Religion and the Demise of Liberal Rationalism** J. Judd Owen, 2001-07 If liberalism is premised on inclusion pluralism and religious neutrality can the separation of church and state be said to have a unitary and rational foundation If we accept that there are no self evident principles of morality or politics

then doesn't any belief in a rational society become a sort of faith And how can liberalism mediate impartially between various faiths as it aims to do if liberalism itself is one of the competing faiths J Judd Owen answers these questions with a remarkable critical analysis of four twentieth century liberal and postliberal thinkers John Dewey John Rawls and most extensively Richard Rorty and Stanley Fish His unique readings of these theorists and their approaches to religion lead him to conclusions that are meticulously constructed and surprising arguing against the perception of liberalism as simple moral or religious neutrality calling into question the prevailing justifications for separation of church and state and challenging the way we think about the very basis of constitutional government Rawls and Religion Tom Bailey, Valentina Gentile, 2015

Established scholars of Rawls and the philosophy of religion reexamine and rearticulate the central tenets of Rawls's theory The Pretenses of Loyalty John Perry, 2011-07-06 In the face of ongoing religious conflicts and unending culture wars what are we to make of liberalism's promise that it alone can arbitrate between church and state In this wide ranging study John Perry examines the roots of our thinking on religion and politics placing the early modern founders of liberalism in conversation with today's theologians and political philosophers From the story of Antigone to debates about homosexuality and bans on religious attire it is clear that liberalism's promise to solve all theological and political conflict is a false hope The philosophy connecting John Locke to John Rawls seeks a world free of tragic dilemmas where there can be no Antigones Perry rejects this as an illusion Disputes like the culture wars cannot be adequately comprehended as border encroachments presided over by an impartial judge Instead theological and political conflict must be considered a contest of loyalties within each citizen and believer Drawing on critics of Rawls ranging from Michael Sandel to Stanley Hauerwas Perry identifies what he calls a turn to loyalty by those who recognize the inadequacy of our usual thinking on the public place of religion The Pretenses of Loyalty offers groundbreaking analysis of the overlooked early work of Locke where liberalism's founder himself opposed toleration Perry discovers that Locke made a turn to loyalty analogous to that of today's communitarian critics Liberal toleration is thus more sophisticated more theologically subtle and ultimately more problematic than has been supposed It demands not only governmental neutrality as Rawls believed but also a reworked political theology Yet this must remain under suspicion for Christians because it places religion in the service of the state Perry concludes by suggesting where we might turn next looking beyond our usual boundaries to possibilities obscured by the liberalism we have inherited

Freedom of Religion and the Secular State Russell Blackford, 2012-01-17 Exploring the relationship between religion and the state Focusing on the intersection of religion law and politics in contemporary liberal democracies Blackford considers the concept of the secular state revising and updating enlightenment views for the present day Freedom of Religion and the Secular State offers a comprehensive analysis with a global focus of the subject of religious freedom from a legal as well as historical and philosophical viewpoint It makes an original contribution to current debates about freedom of religion and addresses a whole range of hot button issues that involve the relationship between religion and the state including the

teaching of evolution in schools what to do about the burqa and so on **Religion in Liberal Political Philosophy** Cécile Laborde, Aurélia Bardon, 2017 This volume provides a significant new contribution to the understanding of the normative status of religion in liberal political philosophy *Between Naturalism and Religion* Jürgen Habermas, 2008-06-03 In this book Habermas examines the tension between the spread of naturalistic scientific views on the one hand and the rise of religious orthodoxies and revitalization of religious traditions on the other **Religion in the Contemporary World** Alan Aldridge, 2013-04-12 In the new edition of this widely praised text Alan Aldridge examines the complex realities of religious belief practice and institutions Religion is a powerful and controversial force in the contemporary world even in supposedly secular societies Almost all societies seek to cultivate religions and faith communities as sources of social stability and engines of social progress They also try to combat real and imagined abuses and excess regulating cults that brainwash vulnerable people containing fundamentalism that threatens democracy and the progress of science and identifying terrorists who threaten atrocities in the name of religion The third edition has been carefully revised to make sure it is fully up to date with recent developments and debates Major themes in the revised edition include the recently erupted culture war between progressive secularists and conservative believers the diverse manifestations of fundamentalism and their impact on the wider society new individual forms of religious expression in opposition to traditional structures of authority and the backlash against multiculturalism with its controversial implications for the social integration of ethnic and religious minority communities Impressive in its scholarly analysis of a vibrant and challenging aspect of human societies the third edition will appeal strongly to students taking courses in the sociology of religion and religious studies as well as to everyone interested in the place of religion in the contemporary world **Reinventing Liberal Christianity** Theo Hobson, 2013-10-16 In past years liberal Christianity challenged centuries of authoritarian tradition and had great political influence Today it is widely dismissed as a watering down of the faith and more conservative forms of Christianity are increasingly dominant Can the liberal Christian tradition recover its influence Hobson argues that a simple revival is not possible because liberal Christianity consists of two traditions He aims to transform liberal Christianity through the rediscovery of faith and ritual **Political Liberalism in Muslim Societies** Fevzi Bilgin, 2011-02 This book examines Rawls's theory of political liberalism in the context of Muslim societies where religion wields a significant social and political influence Contrasting a sociological analysis with a theoretical approach the author explores the political questions brought up by religious individuals organizations and minorities and examines fundamental notions such as neutrality of state public private distinction and individual autonomy

The Enigmatic Realm of **Religion And Contemporary Liberalism**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Religion And Contemporary Liberalism** a literary masterpiece penned by a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting impact on the hearts and minds of people who partake in its reading experience.

Religion And Contemporary Liberalism Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Religion And Contemporary Liberalism free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Religion And Contemporary Liberalism free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF,"

users can find websites that offer free PDF downloads on a specific topic. While downloading Religion And Contemporary Liberalism free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Religion And Contemporary Liberalism. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Religion And Contemporary Liberalism any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Religion And Contemporary Liberalism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Religion And Contemporary Liberalism is one of the best book in our library for free trial. We provide copy of Religion And Contemporary Liberalism in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Religion And Contemporary Liberalism. Where to download Religion And Contemporary Liberalism online for free? Are you looking for Religion And Contemporary Liberalism PDF? This is definitely going to save you time and cash in something you should think about.
