Religion And Its Monsters

Richard Kearney

Religion And Its Monsters:

Religion and Its Monsters Timothy Beal, 2014-02-04 Religion's great and powerful mystery fascinates us but it also terrifies. So too the monsters that haunt the stories of the Judeo-Christian mythos and earlier traditions: Leviathan, Behemoth, dragons and other beasts. In this unusual and provocative book Timothy K. Beal writes about the monsters that lurk in our religious texts and about how monsters and religion are deeply entwined. Horror and faith are inextricable. As monsters are part of religious texts and traditions so religion lurks in the modern horror genre from its birth in Dante's *Inferno* to the contemporary spookiness of H. P. Lovecraft and the *Hellraiser* films. *Religion and Its Monsters* is essential reading for students of religion and popular culture as well as any readers with an interest in horror. *Religion and Its Monsters* Timothy Beal, 2022-11-24 Religious encounters with mystery can be fascinating but also terrifying. So too when it comes to encounters with the monsters that haunt Jewish and Christian traditions. Religion has a lot to do with horror and horror has a lot to do with religion. Religion has its monsters and monsters have their religion. In this unusual and provocative book Timothy Beal explores how religion, horror and the monstrous are deeply intertwined. This new edition has been thoughtfully updated, reflecting on developments in the field over the past two decades and highlighting its contributions to emerging conversations. It also features a new chapter, *Gods, Monsters and Machines*, which engages cultural fascinations and anxieties about technologies of artificial intelligence and machine learning as they relate to religion and the monstrous at the dawn of the Anthropocene. *Religion and Its Monsters* is essential reading for students and scholars of religion and popular culture as well as for any readers with an interest in horror theory or monster theory. **Religion, Culture, and the Monstrous** Natasha L. Mikles, Joseph P. Laycock, 2025-01-29 *Religion, Culture and the Monstrous: Of Gods and Monsters* explores the intersection of the emerging field of monster theory within religious studies. With case studies from ancient Mesopotamia to contemporary valleys of the Himalayas to ghost tours in Savannah, Georgia, the volume examines the variegated nature of the monstrous as well as the cultural functions of monsters in shaping how we see the world and ourselves. In this, the authors constructively assess the state of the two fields of monster theory and religious studies and propose new directions in how these fields can inform each other. The case studies included illuminate the ways in which monsters reinforce the categories through which a given culture sees the world. At the same time, the volume points to how monsters appear to question, disrupt or challenge those categories, creating an unsettling or surplus of meaning. *Holy Monsters, Sacred Grotesques* Michael E. Heyes, 2018-08-10 This book explores the intersection of religion and monstrosity. The first section contains fresh research on the Middle Ages and Early Modern period and the second explores the topic of religion and monstrosity from the Early Modern to Modern period. **Theory for Religious Studies** William E. Deal, Timothy Kandler Beal, 2004 First Published in 2005 Routledge is an imprint of Taylor & Francis, an informal company. **Roadside Religion** Timothy Beal, 2006-05-01 In the summer of 2002 Timothy K. Beal loaded his family into a twenty-nine foot long motor home and hit the rural highways of

America in search of roadside religious attractions sites like the World's Largest Ten Commandments and Precious Moments Chapel Roadside Religion tells of his attempts to understand the meaning of these places as expressions of religious imagination and experience and to encounter faith in all its awesome absurdity *Biblical Literacy* Timothy Beal, 2010-10-12

Everything You Need to Know About the Bible's Most Important Stories *Haunted* Leo Braudy, 2016-01-01

Cover Half title
 Title Copyright Contents Preface 1 Shaping Fear 2 Between Hope and Fear Horror and Religion 3 Terror Horror and the Cult of Nature 4 Frankenstein Robots and Androids Horror and the Manufactured Monster 5 The Detective's Reason 6 Jekyll and Hyde The Monster from Within 7 Dracula and the Haunted Present 8 Horror in the Age of Visual Reproduction Notes Index A B C D E F G H I J K L M N O P R S T U V W X Y Z Illustrations Television, Religion, and Supernatural Erika Engstrom, Joseph M. Valenzano III, 2014-02-19

This book examines the text of the CW network television series *Supernatural* a program based in the horror genre that offers viewers myriad religious based antagonists through the portrayals of monsters which its two main characters hunt and destroy as well as storylines based in the Bible Even as the series producers claim a non religious perspective we contend that story arcs and outcomes of episodes actually forward a hegemonic portrayal of Christianity that portrays a good versus evil motif regarding the superiority of Christianity The depiction of its protagonist brothers Dean and Sam Winchester of Lawrence Kansas forwards a pro American perspective to a more generalized fight against evil in contemporary times **Spectacles of Empire** Christopher A. Frilingos, 2004-10-06

The author reads the Book of Revelation as a text firmly situated in the world of imperial Roman Asia Minor where it was written He argues that Revelation is a Christian version of that world complete with its own gladiatorial combats and other public spectacles **Golem** Maya Barzilai, 2016-10-18

Introduction The Golem condition 1 The face of destruction Paul Wegener's World War I Golem films 2 The Golem cult of 1921 New York between redemption and expulsion 3 Our enemies ourselves Israel's monsters of 1948 4 Supergolem revenge after the Holocaust 5 Pacifist computers and Jewish cyborgs fighting for the future **Strangers, Gods and Monsters** Richard Kearney, 2005-06-29

Strangers Gods and Monsters is a fascinating look at how human identity is shaped by three powerful but enigmatic forces Often overlooked in accounts of how we think about ourselves and others Richard Kearney skillfully shows with the help of vivid examples and illustrations how the human outlook on the world is formed by the mysterious triumvirate of strangers gods and monsters In the first part of the book he shows how the figure of stranger the barbarian for ancient Greece the savage for imperial Europe defines our own identity by the very idea that it is the Other not we who is unknown He then goes on to examine the image of the monster and with the aid of powerful examples from ancient Minotaurs to medieval demons and post modern enemies argues that human selfhood itself frequently contains a monstrous element In the final part of the book Richard Kearney shows how many gods are still alive for people today testifying to the human psyche's yearning to slip the shackles of our finitude and death Throughout Richard Kearney shows how strangers gods and monsters do not merely reside in myths or fantasies but

constitute a central part of our cultural unconscious Above all he argues that until we understand better that the Other resides deep within ourselves we can have little hope of understanding how our most basic fears and desires manifest themselves in the external world and how we can learn to live with them **On Monsters and Phantoms** H G

Roberts,2021-05-18 Harrison Roberts like most of us is good at hiding things especially from himself At six years old still hurting from his father s abandonment he is left in the care of a Monster who does the unthinkable then threatens death if he ever reveals the truth Harrison turns to Jesus for protection from his fears real and imagined As he grows Jesus s voice drowns out the Monster s old threats A new life emerges one of love music and ministry For a while Harrison buries the darkest demons from his traumatic past the ones only God knows about But when the blessings stop flowing and catastrophe strikes Harrison spirals into an emotional crisis questioning his sanity mortality and his God He must now navigate the threats from a new Monster his own faith What will he risk losing in order to know the truth and become who he is meant to be On Monsters and Phantoms lifts the veil on a life forged by trauma which sculpted a man into the image of someone not himself A bold and honest look into adverse childhood experiences ACEs and religious trauma it peers into the soul of Christian fundamentalism challenging you to question everything and daring you to seek the answers *Pantheologies*

Mary-Jane Rubenstein,2018-11-06 Pantheism is the idea that God and the world are identical that the creator sustainer destroyer and transformer of all things is the universe itself From a monotheistic perspective this notion is irremediably heretical since it suggests divinity might be material mutable and multiple Since the excommunication of Baruch Spinoza Western thought has therefore demonized what it calls pantheism accusing it of incoherence absurdity and with striking regularity monstrosity In this book Mary Jane Rubenstein investigates this perennial repugnance through a conceptual genealogy of pantheisms What makes pantheism monstrous at once repellent and seductive is that it scrambles the raced and gendered distinctions that Western philosophy and theology insist on drawing between activity and passivity spirit and matter animacy and inanimacy and creator and created By rejecting the fundamental difference between God and world pantheism threatens all the other oppositions that stem from it light versus darkness male versus female and humans versus every other organism If the panic over pantheism has to do with a fear of crossed boundaries and demolished hierarchies then the question becomes what a present day pantheism might disrupt and what it might reconfigure Cobbling together heterogeneous sources medieval heresies their pre and anti Socratic forebears general relativity quantum mechanics nonlinear biologies multiverse and indigenous cosmologies ecofeminism animal and vegetal studies and new and old materialisms Rubenstein assembles possible pluralist pantheisms By mobilizing this monstrous mixture of unintentional God worlds Pantheologies gives an old heresy the chance to renew our thinking *The Deadliest Monster* J. F.

Baldwin,2001-01-01 Monsters Andrew J. Hoffman,2015-10-23 The Bedford Spotlight Reader Series brings critical topics to life in a portable cost effective reader In this volume you ll explore these questions why do we create monsters and why

are we attracted to them How do monsters adapt to reflect the values beliefs and culture of the times Is the monster within us Readings by a range of classic poets contemporary fiction writers pop culture critics philosophers psychologists occultists ethicists historians and others take up these questions and more The book helps you form your own questions and responses as you investigate and write about this popular and intellectually rich topic From back cover

Magic, Monsters, and Make-Believe Heroes Douglas E. Cowan, 2019-01-29 Magic Monsters and Make Believe Heroes looks at fantasy film television and participative culture as evidence of our ongoing need for a mythic vision for stories larger than ourselves into which we write ourselves and through which we can become the heroes of our own story Why do we tell and retell the same stories over and over when we know they can't possibly be true Contrary to popular belief it's not because pop culture has run out of good ideas Rather it is precisely because these stories are so fantastic some resonating so deeply that we elevate them to the status of religion Illuminating everything from Buffy the Vampire Slayer to Dungeons and Dragons and from Drunken Master to Mad Max Douglas E Cowan offers a modern manifesto for why and how mythology remains a vital force today

Monster in the Middle Tiphany Yanique, 2021-10-19 Reveals on every page how love can persevere and take shape over time and space Boston Globe Transporting and deeply emotional Glamour One of the most inventive and talented stylists of her generation Vulture From the award winning author of Land of Love and Drowning an electric new novel that maps the emotional inheritance of one couple newly in love When Fly and Stela meet in 21st Century New York City it seems like fate He's a Black American musician from a mixed religious background who knows all about heartbreak She's a Catholic science teacher from the Caribbean looking for lasting love But are they meant to be The answer goes back decades all the way to their parents' earliest loves Vibrant and emotionally riveting *Monster in the Middle* moves across decades from the U.S. to the Virgin Islands to Ghana and back again to show how one couple's romance is intrinsically influenced by the family lore and love stories that preceded their own pairing What challenges and traumas must this new couple inherit what hopes and ambitions will keep them moving forward Exploring desire and identity religion and class passion and obligation the novel posits that in order to answer the question who are we meant to be with we must first understand who we are and how we came to be

Monsters in America W. Scott Poole, 2018-07-15 Monsters are here to stay Christopher James Blythe Journal of Religion and Popular Culture

Monster Frank E. Peretti, 2011-10-10 The suspense is bone chilling when you realize the monsters are real Miles away from the hectic city Reed and Rebecca hike into the beautiful Northwester woods They are surrounded by gorgeous mountains waterfalls and hundreds of acres of unspoiled wilderness During their first night camping an unearthly wail pierces the calm of the forest Then something emerges from the dense woods Everything that follows is a blur to Reed except the unforgettable image of a huge creature carrying his wife into the darkness Enter into deep wilderness where the rules of civilization no longer apply A world where strange shadows lurk Where creatures long attributed to overactive imaginations and nightmares are the hunters and people are the hunted New York Times bestseller

Full length standalone novel Includes discussion questions for book clubs
