## **Religion And Liberation:**

Popular Religion and Liberation Michael R. Candelaria, 1990-07-10 Liberation theologians either argue for the liberating character of popular religion or they vilify it as alienating and otherworldly This book takes a comprehensive and in depth look at the issues questions and problems that emerge from the debate among liberation theologians in Latin America The heart of the book consists of a comparative analysis of two prominent theologians Juan Carlos Scannone from Argentina and Juan Luis Segundo from Uruguay who take opposite positions Scannone sees popular religion as essentially liberating because it is from the people Segundo disparages popular religion as a mass phenomenon incapable of revolutionary change and looks forward to its demise Candelaria synthesizes these contrary positions into a new paradigm for examining the question of popular religion and liberation On the basis of this synthesis he formulates a principle for articulating the relationship between popular religion and liberation and with special reference to the situation of Hispanics in the United States

The Emergence of Liberation Theology Christian Smith, 1991-08-27 Liberation theology is a school of Roman Catholic thought which teaches that a primary duty of the church must be to promote social and economic justice In this book Christian Smith explains how and why the liberation theology movement emerged and succeeded when and where it did

**Liberation Theologies in the United States** Stacey M. Floyd-Thomas, Anthony B. Pinn, 2010-03-08 Demonstrates the critical use of religion to challenge oppression in the U S In the nascent United States religion often functioned as a justifier of oppression Yet while religious discourse buttressed such oppressive activities as slavery and the destruction of native populations oppressed communities have also made use of religion to critique and challenge this abuse As Liberation Theologies in the United States demonstrates this critical use of religion has often taken the form of liberation theologies which use primarily Christian principles to address questions of

social justice including racism poverty and other types of oppression Stacey M Floyd Thomas and Anthony B Pinn have brought together a stellar group of liberation theology scholars to provide a synthetic introduction to the historical development context theory and goals of a range of U S born liberation theologies Chapters cover Black Theology Womanist Theology Latino Hispanic Theology Latina Theology Asian American Theology Asian American Feminist Theology Native American Theology Native Feminist Theology Gay and Lesbian Theology and Feminist Theology Contributors Grace Ji Sun Kim Mary McClintock Fulkerson Nancy Pineda Madrid Robert Shore Goss Andrea Smith Andrew Sung Park George Tinker and Benjamin Valentin *Black Theology and Black Power* Cone, James, H.,2018 The introduction to this edition by Cornel West was originally published in Dwight N Hopkins ed *Black Faith and Public Talk Critical Essays on James H Cone's Black Theology* reprinted 2007 by Baylor University Press The World Come of Age Lilian Calles Barger,2018-07-02 On November 16 2017 Pope Francis tweeted Poverty is not an accident It has causes that must be recognized and removed for the good of so many of our brothers and sisters With this statement and others like it the first Latin American pope was associated in the minds of many with a stream of theology that swept the Western hemisphere in the 1960s and 70s the movement known as liberation theology Born of chaotic cultural crises in Latin America and the United States liberation theology was a trans American intellectual movement that sought to speak for those parts of society marginalized by modern politics and religion by virtue of race class or sex Led by such revolutionaries as the Peruvian Catholic priest Gustavo Gutierrez the African American theologian James Cone or the feminists Mary Daly and Rosemary Radford Ruether the liberation theology movement sought to bridge the gulf between the religious values of justice and equality and political pragmatism It combined theology with strands of radical politics social theory and the history and experience of subordinated groups to challenge the ideas that underwrite the hierarchical structures of an unjust society Praised by some as a radical return to early Christian ethics and decried by others as a Marxist takeover liberation theology has a wide raging cross sectional history that has previously gone undocumented In *The World Come of Age* Lilian Calles Barger offers for the first time a systematic retelling of the history of liberation theology demonstrating how a group of theologians set the stage for a torrent of new religious activism that challenged the religious and political status quo *On Job* Gustavo Gutierrez,1987 One of this century's most eminent theologians addresses the eternal questions of the relationship of good and evil linking the story of Job to the lives of the poor and oppressed of our world **A Hindu Theology of Liberation** Anantanand Rambachan,2014-11-07 Discusses Hindu Advaita Vedanta as a philosophy of social justice for the modern world This expansive and accessible work provides an introduction to the Hindu tradition of Advaita Vedanta and brings it into discussion with contemporary concerns Advaita the non dual school of Indian philosophy and spirituality associated with a *kara* is often seen as other worldly regarding the world as an illusion Anantanand Rambachan has played a central role in presenting a more authentic Advaita one that reveals how Advaita is positive about the here and now The first part of the

**A Theology of Liberation** Gustavo Guti rrez, 1988-01-01 This is the credo and seminal text of the movement which was later characterized as liberation theology The book burst upon the scene in the early seventies and was swiftly acknowledged as a pioneering and prophetic approach to theology which famously made an option for the poor placing the exploited the alienated and the economically wretched at the centre of a programme where the oppressed and maimed and blind and lame were prioritized at the expense of those who either maintained the status quo or who abused the structures of power for their own ends This powerful compassionate and radical book attracted criticism for daring to mix politics and religion in so explicit a manner but was also welcomed by those who had the capacity to see that its agenda was nothing more nor less than to give good news to the poor and redeem God s people from bondage *The War of Gods* Michael L  wy, 1996 In the 1960s liberation theology addressed itself to the problems of a continent racked by poverty and oppression Comprising a network of localized communities and pastoral organizations it soon became something much more than a doctrinal current Liberationist Christianity defined itself in a multitude of social struggles particularly in Brazil and Central America

*Liberation Theology* Phillip Berryman, 2013-02-20 Liberation theology has become an essential component of almost every major debate over Latin America today It has changed the face of political life in Nicaragua El Salvador and Haiti contributed to the rise of people power in the Philippines even played a role in the growing discontent of debt plagued Brazil Now using the plainspoken approach that made his *Inside Central America* the indispensable book on current affairs in the region Phillip Berryman traces the origins spread and impact of liberation theology He shows how its proponents have radically reinterpreted basic Biblical themes such as the Creation and the Exodus from the perspective of the poor and disenfranchised By not asking What must I believe but rather What is to be done they make a direct connection between religious beliefs and political life

**Risks of Faith** James Cone, 2000-11-17 *Risks of Faith* offers for the first time the best of noted theologian James H Cone s essays including several new pieces Representing the breadth of his life s work this collection opens with the birth of black theology explores its relationship to issues of violence the developing world and the theological touchstone embodied in African American spirituals Also included here is Cone s seminal work on the

theology of Martin Luther King Jr and the philosophy of Malcolm X and a compelling examination of their contribution to the roots of black theology Far reaching and provocative *Risks of Faith* is a must read for anyone interesting in religion and its political and social impact on our time      *Liberation Theology After the End of History* Daniel M. Bell,2001 Daniel Bell assesses the impact of Christian resistance to capitalism in Latin America and the implications of theological debates that have emerged from this He uses postmodern critical theory to investigate capitalism its effect upon human desire and the Church s response to it in a thorough account of the rise failure and future prospects of Latin American liberation theology

**The Future of Liberation Theology** Ivan Petrella,2017-03-02 The Future of Liberation Theology envisions a radical new direction for Latin American liberation theology One of a new generation of Latin American theologians Ivan Petrella shows that despite the current dominance of end of history ideology liberation theologians need not abandon their belief that the theological rereading of Christianity must be linked to the development of historical projects models of political and economic organization that would replace an unjust status quo In the absence of historical projects liberation theology currently finds itself unable to move beyond merely talking about liberation toward actually enacting it in society Providing a bold new interpretation of the current state and potential future of liberation theology Ivan Petrella brings together original research on the movement with developments in political theory critical legal theory and political economy to reconstruct liberation theology s understanding of theology democracy and capitalism The result is the recovery of historical projects thus allowing liberation theologians to once again place the reality of liberation and not just the promise at the forefront of their task      **The Paradox of Liberation** Michael Walzer,2017-01-03 A thought provoking reflection on why secular

national liberation movements are so often challenged by militant religious revivals Many of the successful campaigns for national liberation in the years following World War II were initially based on democratic and secular ideals Once established however the newly independent nations had to deal with entirely unexpected religious fierceness Michael Walzer one of America s foremost political thinkers examines this perplexing trend by studying India Israel and Algeria three nations whose founding principles and institutions have been sharply attacked by three completely different groups of religious revivalists Hindu militants ultra Orthodox Jews and messianic Zionists and Islamic radicals In his provocative well reasoned discussion Walzer asks Why have these secular democratic movements been unable to reproduce their political culture beyond one or two generations In a postscript he compares the difficulties of contemporary secularism to the successful establishment of secular politics in the early American republic thereby making an argument for American exceptionalism but gravely noting that we may be less exceptional today
