*Religion and Politics in Spain* A. Brassloff, 1998-06-17 An examination of the Spanish Church in transition over recent decades as it responded to far reaching societal change Having disengaged from Francoism it embraced democracy but found itself somewhat at odds with various aspects of the modernisation of Spain the ongoing process of secularisation and the supermarket approach to doctrine of its own membership In its goal of maintaining influence its long established strategy of alliances with secular political and socio economic power groups became pointless in a society not so much hostile as indifferent to institutionalised religion The challenges facing the Spanish Church are placed in the context of Vatican and grassroots Church developments as well as within the sweep of Spanish history

**Religion and Politics in Spain** Audrey Brassloff, 1998 An examination of the Spanish Church in transition over a 34 year period as it responded to far reaching societal change Having disengaged from Francoism it embraced democracy but found itself somewhat at odds with various aspects of the modernization of Spain the ongoing process of secularization and the supermarket approach to doctrine of its own membership In its goal of maintaining influence its long established strategy of alliances with secular political and socio economic power groups became pointless in a society not so much hostile as indifferent to institutionalized religion The challenges facing the Spanish Church are placed in the context of Vatican and grassroots Church developments as well as within the sweep of Spanish history

Dictatorship and Daily Life in 20th-Century Europe Lisa Pine, 2022-11-03 Bringing together leading scholars from across the UK North America and mainland Europe this book provides a uniquely comparative exploration of daily life under dictatorship in 20th century Europe With coverage of well known regimes and some that are relatively underrepresented in the literature from right across the continent it examines the impact felt on people s lives amidst political administrations characterised by some or all of the following a one party state in which opposition or multiple parties were banned a cult surrounding the leader the censorship of the press and other publications the widespread use of propaganda and political persuasion and the threat or use of force by the regime and its agents The chapters investigate crucial questions in relation to life under dictatorships as follows What was the impact of censorship on access to news or entertainment How was leisure time conducted What was the impact of the regime on working life What was the scope for dissent and resistance To what extent were these possible How much did the regime coerce the population and how much did it try to indoctrinate What was the difference for Party leaders comrades and members in terms of the possibilities and opportunities that opened up compared to everyone else in society With the shutting down to a large extent of civil society and state intrusion into private life what restrictions were placed on ordinary and day to day activities What happened to religious life and to cultural life and the arts How were personal choices in aspects of life such as reproduction education and even eating affected by these regimes What was the impact of different political ideologies on people s way of life whether Fascist Nazi or Communist Dictatorship and Daily Life in 20th Century Europe addresses these issues and more striking to

the heart of European life in the darkest episodes of its recent history      *Working on Rights* Anna Delius,2023-11-20 This book is the first to connect global labor history and the history of human rights By focusing on democratic labor oppositions in Spain and Poland between 1960 and 1990 it shows how workers in authoritarian regimes addressed repression and whether they developed a language of rights in the light of a globally dynamic human rights discourse The study argues that the democratic labor oppositions in Spain and Poland were both variants of emancipatory and democracy oriented social movements with global interconnections that emerged in the 1960s It reveals that the demands for free and independent trade unions which in both countries became a flashpoint in the fight for broader democratic demands was not always discussed in rights terms but rather presented as an inevitable necessity At the same time these labor movements and their intellectual allies morally delegitimized state repression against workers and thereby employed the concepts of democracy participation solidarity progress and eventually rights Integrating the history of two European semi peripheric societies into a broader narrative this book is relevant for readers interested in global labor history human rights history and the history of democratization in Europe in the late twentieth century      **Contemporary Spanish Politics** José María Magone,2009 With a focus predominantly on the two governments of Jos Maria Aznar between 1996 and 2004 and the Jos Luis Zapatero government after 2004 this book provides an introduction for students of Spain s history and its contemporary politics

*Christianity and democratisation* John Anderson,2013-07-19 This book examines the contribution of different Christian traditions to the waves of democratisation that have swept various parts of the world in recent decades It offers a historical overview of Christianity s engagement with the development of democracy before focusing in detail on the period since the 1970s Successive chapters deal with the Roman Catholic conversion to democracy and the contribution of that church to democratisation the Eastern Orthodox hesitation about democracy the alleged threat to American democracy posed by the politicisation of conservative Protestantism and the likely impact on democratic development of the global expansion of Pentecostalism The author draws out several common themes from the analysis of these case studies the most important of which is the liberal democracy paradox This ensures that there will always be tensions between faiths that proclaim some notion of absolute truth and political orders that are rooted in the idea of compromise negotiation and bargaining Written in an accessible style this book will appeal to students of politics sociology and religion and prove useful on a range of advanced undergraduate and postgraduate courses      **Fear and Progress** Antonio Cazorla Sánchez,2009-10-27 Utilizing hundreds of confidential documents from authorities in the Franco government *Fear and Progress Ordinary Lives in Franco s Spain 1939-1975* recounts the experiences of Spanish citizens who lived during the 40 year Franco dictatorship Rejects traditional explanations of the length of Franco s power and the dictator s legacy Utilizes hundreds of confidential documents from authorities in the Franco government Provides insights into life during the Franco era how political violence and repression were experienced how the dictatorship exploited illusions of peace and prosperity for its own benefit and how the regime s

legacy was manipulated Reveals the Franco government's social callousness and manipulation of events     The Catholic Church and the Nation-State Paul Christopher Manuel, Lawrence C. Reardon, Clyde Wilcox, 2006-08-16 Presenting case studies from sixteen countries on five continents The Catholic Church and the Nation State paints a rich portrait of a complex and paradoxical institution whose political role has varied historically and geographically In this integrated and synthetic collection of essays outstanding scholars from the United States and abroad examine religious diplomatic and political actions both admirable and regrettable that shape our world Kenneth R Himes sets the context of the book by brilliantly describing the political influence of the church in the post Vatican II era There are many recent instances the contributors assert where the Church has acted as both a moral authority and a self interested institution in the United States it maintained unpopular moral positions on issues such as contraception and sexuality yet at the same time it sought to cover up its own abuses it was complicit in genocide in Rwanda but played an important role in ending the horrific civil war in Angola and it has alternately embraced and suppressed nationalism by acting as the voice of resistance against communism in Poland whereas in Chile it once supported opposition to Pinochet but now aligns with rightist parties With an in depth exploration of the five primary challenges facing the Church theology and politics secularization the transition from serving as a nationalist voice of opposition questions of justice and accommodation to sometimes hostile civil authorities this book will be of interest to scholars and students in religion and politics as well as Catholic Church clergy and laity By demonstrating how national churches vary considerably in the emphasis of their teachings and in the scope and nature of their political involvement the analyses presented in this volume engender a deeper understanding of the role of the Roman Catholic Church in the world     Issues in the Spanish-Speaking World Janice Randle, 2003-07-30 Spanish language classes now have a reference source to encourage critical thinking and debate important current topics in Spain Mexico and the rest of Latin and South America Issues in the Spanish Speaking World offers 14 original and engaging chapters each introducing a major issue in the headlines and providing pro and con positions for student debate papers and class presentations Highlights include the Basque question indigenous rights the Christopher Columbus controversy bullfighting and the war on drugs in Colombia Each chapter concludes with a Resource Guide and useful vocabulary to facilitate expression in Spanish

**The Changing Face of Motherhood in Spain** Catherine Bourland Ross, 2015-12-24 The social construction of motherhood is a universal theme that is significant in all societies This book shows how the social institutions of work politics sex religion and psychology provide definitions of what a mother should be and how the works of Luc a Etxebarria reflect the changes in Spanish society regarding motherhood     *Juan Carlos* Paul Preston, 2004-06-29 Preston explores the political and personal mysteries of the former Spanish monarch's life in a story of unprecedented sweep and exquisite detail which is at once a history of modern Spain and an indispensable exegesis of how democracies come to be     Barbarism and Civilization Bernard Wasserstein, 2009 History     *Between Exaltation and Infamy* Stephen Haliczer, 2002-08-29 One day in 1599 in the

Spanish village of Saria seven year old Maria Angela Astorch fell ill and died after gorging herself on unripened almonds Maria's sister Isabel a nun came to view the body with her mother superior an ecstatic mystic and visionary named Maria Angela Serafina Overcome by the sight of the dead girl's innocent face Serafina began to pray fervently for the return of the child's soul to her body Entering a trance she had a vision in which the Virgin Mary gave her a sign At once little Maria Angela started to show signs of life A moment later she scrambled to the ground and was soon restored to perfect health During the Counter Reformation the Church was confronted by an extraordinary upsurge of feminine religious enthusiasm like that of Serafina Inspired by new translations of the lives of the saints devout women all over Catholic Europe sought to imitate these athletes of Christ through extremes of self abnegation physical mortification and devotion As in the Middle Ages such women's piety often took the form of ecstatic visions revelations voices and stigmata Stephen Haliczer offers a comprehensive portrait of women's mysticism in Golden Age Spain where this enthusiasm was nearly a mass movement The Church's response he shows was welcoming but wary and the Inquisition took on the task of winnowing out frauds and imposters Haliczer draws on fifteen cases brought by the Inquisition against women accused of feigned sanctity and on more than two dozen biographies and autobiographies The key to acceptance he finds lay in the orthodoxy of the woman's visions and revelations He concludes that mysticism offered women a way to transcend though not to disrupt the control of the male dominated Church

Confessional Cinema Jorge Perez, 2017-06-16 In *Confessional Cinema* Jorge P rez analyzes how cinema engaged the shifting role of religion during the last fifteen years of Francisco Franco's dictatorship P rez interrogates the assumption that after 1957 when the Franco regime recast itself in a secular and modernizing fashion religion vanished from the cultural field Instead Spanish cinema addressed the transformation within Spanish Catholicism following Vatican II and Spain's modernization processes *Confessional Cinema* offers the first analysis of a neglected body of Spanish films nun films which focus on the active role of religious women in the transformation of Spanish Catholicism P rez argues that commercial films despite being less aesthetically accomplished delved more than oppositional art house films into the fluctuating zeitgeist of the development years regarding the transformations within Spanish Catholicism *Confessional Cinema* offers a provocative and original analysis of the significance of religion not from a theological point of view but rather as a socio political force and cultural determinant in the Spanish public sphere of this period known as *desarrollismo* development years from 1960-1975

**Religion and Regimes** Mehran Tamadonfar, Ted G. Jelen, 2013-11-26 *Religion and Regimes* Support Separation and Opposition emphasizes the changing political role of religion in various nations of the world The approach is based on market models of religion and connects the style of religious politics in a given nation to the nature of competition among dominant religious traditions and their alternatives

*The Rise of the Left in Southern Europe* Sotiris Rizas, 2015-10-06 This study looks at the influence of the Anglo American special relationship on the rise of the left in southern Europe and concurrent European influence on the Atlantic alliance

**The Secular and the Sacred** William

Safran,2004-08-02 What is the place of religion in modern political systems This volume addresses that question by focusing on ten countries across several geographic areas Western and East Central Europe North America the Middle East and South Asia These countries are comparable in the sense that they are committed to constitutional rule have embraced a more or less secular culture and have formal guarantees of freedom of religion Yet in all the cases examined here religion impinges on the political system in the form of legal establishment semi legitimation subvention and or selective institutional arrangements and its role is reflected in cultural norms electoral behaviour and public policies The relationship between religion and politics comes in many varieties in differing countries yet all are faced with three major challenges modernity democracy and the increasingly multi ethnic and multi religious nature of their societies      **Religion and Politics in Europe, the Middle East and North Africa** Jeffrey Haynes,2009-10-16 This book examines the political activities of selected religious actors in Christian Muslim and Judaist contexts in Europe and the Middle East It explores the challenges these religious actors face in terms of citizenship democracy and secularisation      **Spanish Culture and Society** Barry Jordan,2017-09-25 First published in 2002 Routledge is an imprint of Taylor Francis an informa company      Priests, Prelates and People Nicholas Atkin, Frank Tallett,2003-09-26 The Catholic Church has always been a major player in European and world history Whether it has enjoyed a religious dominance or existed as a minority religion Catholicism has never been diverted from political life Priests Prelates and People records the Church struggling to adapt to the new political landscape ushered in by the French Revolution and shows how the formation of nation states and identities was both helped and hindered by the Catholic establishment It portrays the Vatican increasingly out of step in the wake of world war Cold War and the massive expansion of the developing world with its problems of population growth and under development
