Religion Change:

Climate Politics and the Power of Religion Evan Berry, 2022-05-17 How does our faith affect how we think about and respond to climate change *Climate Politics and the Power of Religion* is an edited collection that explores the diverse ways that religion shapes climate politics at the local national and international levels Drawing on case studies from across the globe it stands at the intersection of religious studies environment policy and global politics From small island nations confronting sea level rise and intensifying tropical storms to high elevation communities in the Andes and Himalayas wrestling with accelerating glacial melt there is tremendous variation in the ways that societies draw on religion to understand and contend with climate change *Climate Politics and the Power of Religion* offers 10 timely case studies that demonstrate how different communities render climate change within their own moral vocabularies and how such moral claims find purchase in activism and public debates about climate policy Whether it be Hindutva policymakers in India curanderos in Peru or working class people s concerns about the transgressions of petroleum extraction in Trinidad religion affects how they all are making sense of and responding to this escalating global catastrophe

Religion As an Agent of Change Per Ingesman, 2016-02-18 In *Religion as an Agent of Change* leading historians and Church historians discuss religion as a driving historical force on the basis of three particular cases from the history of Christianity in Western Europe the Crusades the Reformation and Pietism

Faiths in Green Lukas Szrot, 2021-05-03 *Faiths in Green* examines how the relationship between religious upbringing affiliation disaffiliation and environmental concern in the United States has changed over time Public opinion data combined with historical insights show how and why religious groups have constructively responded to environmental change across generations

The Evolution of Religion Alex Shelby, 2014-02-11 *The Evolution of Religion* is exactly what the title suggests and beyond It traces religion s origins back to the first instincts of morality through the archaic blossoming of polytheism to the modern branching of creeds from the agnostic East to the monotheistic West It also conducts an in depth analysis of religion s organic and synthetic qualities The organic aspect is demonstrated through consistencies between biology and theology ranging from similarities in their tree of life diagrams to specific phylogenetic characteristics The synthetic facet is showcased through coinciding patterns with such manmade conventions as government culture economics and technology What isn t clearly revealed is a supernatural quality prompting us to delve into the psychology behind worship and why many of us are addicted to faith

African Perspectives on Religion and Climate Change Ezra Chitando, Ernst M. Conradie, Susan M. Kilonzo, 2022-05-12 This book interrogates the contributions that religious traditions have made to climate change discussions within Africa whether positive or negative Drawing on a range of African contexts and religious traditions the book provides concrete suggestions on how individuals and communities of faith must act in order to address the challenge of climate change Despite the fact that Africa has contributed relatively little to historic carbon emissions the continent will be affected disproportionately by the

increasing impact of anthropogenic climate change Contributors to this book provide a range of rich case studies to investigate how religious traditions such as Christianity Hinduism Islam and indigenous faiths influence the worldviews and actions of their adherents The chapters also interrogate how the moral authority and leadership provided by religion can be used to respond and adapt to the challenges posed by climate change Topics covered include risk reduction and resilience youth movements indigenous knowledge systems environmental degradation gender perspectives ecological theories and climate change financing This book will be of interest to scholars in diverse fields including religious studies sociology political science climate change and environmental humanities It may also benefit practitioners involved in solving community challenges related to climate change The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Darroll Bryant, 1999-10-01 Conversion has been an important issue for most of the universal religions those usually associated with a founder such as Christianity Buddhism Islam and Judaism which have a mission to spread their message Other religions have been less concerned with conversion except in so far as it has been a negative force for them to confront This study explores how conversion has been understood by different religions during different eras and includes a survey of the textual legal ritual historic and experiential dimensions of the phenomenon of conversion *Religious Conversion* Sarah Claerhout, Jakob De Roover, 2022-05-06 This book re examines the issue of religious conversion which has been a site of conflict in India for several centuries It discusses wide ranging themes such as conversion education and reform in colonial India the process and practices of conversion in Christian Europe Gandhi conversion and the equality of religions perspectives from Hindu nationalism secularism and religious minorities religious freedom and the limits of propagating religion and conversion in constitutional law commissions and courts to chart new directions for research on religion tradition and conversion Tracing developments from the 19th century colonial era to contemporary times the book analyses cultural background frameworks and the origins of religious conversion and its conceptualisation in Western Christianity It further delves into how Indian culture and its traditions have shaped responses to conversion Part of the Critical Humanities Across Cultures series this book will be useful to scholars and researchers of critical humanities religion cultural studies sociology of religion comparative religion philosophy anthropology theology Indology history politics postcolonial studies critical theory and South Asian studies **Religion, Altered States of Consciousness, and Social Change** Erika Bourguignon, 1973 *Family, Religion, and Social Change in Diverse Societies* Sharon K. Houseknecht, Jerry G. Pankhurst, 2000 Family and religion face a myriad of challenges in the modern age Although many social theorists think these institutions would be greatly weakened or eliminated in the course of modernization this book rejects that notion and demonstrates that both family and religion no matter what significant transformations they may be undergoing are nevertheless well rooted in societies throughout the world The persistence and vitality of these two institutions contradict the

secularization thesis or the family decline thesis Though the importance of religion and family is manifested in different ways and in different contexts these institutions are important virtually everywhere in both the public and private spheres Family Religion and Social Change in Diverse Societies deals with family and religion together examining their unique relationship as institutions as well as the way in which they interact with other social institutions including politics and economics Authored by an international group of scholars in sociology and anthropology the fourteen essays are complex analyses of social change processes occurring within societies Taking an inter institutional perspective each essay explores the special link between religion and family in a specific society Together the introduction and essays in the book cover societies on five continents examining varying levels of economic development diverse religious traditions and differing degrees of cultural homogeneity Providing informative and compelling studies Family Religion and Social Change in Diverse Societies offers a good mix of both descriptive and statistical information

Religion, Media, and Social Change Kennet Granholm, Marcus Moberg, Sofia Sjö, 2014-09-19 In an era of heightened globalization macro level transformations in the general socioeconomic and cultural makeup of modern societies have been studied in great depth Yet little attention has been paid to the growing influence of media and mass mediated popular culture on contemporary religious sensibilities life and practice Religion Media and Social Change explores the correlation between the study of religion media and popular culture and broader sociological theorizing on religious change Contributions devote serious attention to broadly defined media including technologies institutions and social and cultural environments as well as mass mediated popular culture such as film music television and computer games This interdisciplinary collection addresses important theoretical and methodological questions by connecting the study of media and popular culture to current perspectives approaches and discussions in the broader sociological study of religion

Old Norse Religion in Long-term Perspectives Anders Andrén, 2006-01-01 The study of Old Norse Religion is a truly multidisciplinary and international field of research The rituals myths and narratives of pre Christian Scandinavia are investigated and interpreted by archaeologists historians art historians historians of religion as well as scholars of literature onomastics and Scandinavian studies For obvious reasons these studies belong to the main curricula in Scandinavia but are also carried out at many other universities in Europe the United States and Australia a fact that is evident to any reader of this book In order to bring this broad and varied field of research together an international conference on Old Norse religion was held in Lund in June 2004 About two hundred delegates from more than fifteen countries took part The intention was to gather researchers to encourage and improve scholarly exchange and dialogue and Old Norse religion in long term perspectives presents a selection of the proceedings from that conference The 75 contributions elucidate topics such as worldview and cosmology ritual and religious practice myth and memory as well as the reception and present day use of Old Norse religion The main editors of this volume have directed the multidisciplinary research project Roads to Midgard since 2000 The project is based at Lund University and funded by the Bank of Sweden

Tercentenary Foundation Family Religion in Babylonia, Syria and Israel Karel Van Der Toorn, 2023-08-14 This study of family religion in the Babylonian Ugaritic and Israelite civilizations opens up a little studied province of ancient Near Eastern religion By focusing on the interaction between family religion and state religion the author offers fascinating insights in to the development of the religion of Israel Towards a New Theory of Religion and Social Change Paul-François Tremlett, 2020-09-03 This book argues that neither theories of secularisation nor theories of lived religion offer satisfactory accounts of religion and social change Drawing from Deleuze and Guattari's idea of the assemblage Paul François Tremlett outlines an alternative Informed by classical and contemporary theories of religion as well as empirical case studies and ethnography conducted in Manila and London this book re frames religion as spatially organised flows Foregrounding the agency of non human actors it offers a compelling and original account of religion and social change *Genealogies of Religion* Talal Asad, 1993-08-18 In *Genealogies of Religion* Talal Asad explores how religion as a historical category emerged in the West and has come to be applied as a universal concept The idea that religion has undergone a radical change since the Christian Reformation from totalitarian and socially repressive to private and relatively benign is a familiar part of the story of secularization It is often invoked to explain and justify the liberal politics and world view of modernity And it leads to the view that politicized religions threaten both reason and liberty Asad's essays explore and question all these assumptions He argues that religion is a construction of European modernity a construction that authorizes for Westerners and non Westerners alike particular forms of history making Handbook on Religion and International Relations Haynes, Jeffrey, 2021-07-31 This comprehensive Handbook examines the relationship between religion and international relations mainly focusing on several world religions Christianity Islam Hinduism and Judaism Providing a timely update on this understudied topic it evaluates how this complex relationship has evolved over the last four decades looking at a variety of political contexts regions and countries **The Public Significance of Religion** Leslie J. Francis, Hans-Georg Ziebertz, 2011-06-22 This book reflects on the idea that religion represents a force in the public realms of society The empirical evidence reveals a regained relevance for and commitment to religion re emerging in secularized countries but also that it does so in a new form unexpected foreign and maybe even dangerous If religion regains public significance in social debates what are its characteristics in terms of topics and interests actors and parties How is this experienced and evaluated by different groups in society What are the motives of religious groups and churches to re enter the public domain and are they effective What is the importance of religious groups claiming participation consulting steering and dominating in public debates How do different religious and nonreligious groups evaluate the impact of religion on the public environment and under which conditions can it be regarded to be functional or dysfunctional Scholars who address these questions do so from a theological or a religious studies perspective They reflect on the phrase public significance of a religion in its political cultural and typical religious dimension The book points out what tendencies can be observed when different religions profile

themselves competitively in public debate and to what extent ethnic and national identities intervene in this interreligious interaction
