Religion and Nationalism in Soviet Ukraine After 1945 Vasyli' Markus', 1985 **Soviet Ukrainian Dissent** Jaro Bilocerkowycz, 2019-07-11 In this book the author focuses on an important variant of Soviet dissent from 1963 through March 1985 to deepen understanding of the phenomena of political alienation and dissent and to stimulate further study of political dissent in the USSR and elsewhere *On the Writing of History in Kievan Rus'* Omeljan Pritsak, 1988 *Journal from the Ukrainian Cultural Institute*, 1987 **Bibliography of the Soviet Union, Its Predecessors and Successors** Bradley L. Schaffner, 1995 Provides subject access to works on a broad range of topics on the region's social political and cultural development Most of the titles have been published since 1984 With author index *From Kievan Rus' to Modern Ukraine* Mykhailo Hrushevs'kyi, Omeljan Pritsak, John Stephen Reshetar, 1984 Historical Dictionary of Ukraine Ivan Katchanovski, Zenon E. Kohut, Bohdan Y. Nebesio, Myroslav Yurkevich, 2013-07-11 The Historical Dictionary of Ukraine Second Edition covers the history of Ukraine and its struggles through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 700 cross referenced entries on population geography economy politics and culture descriptions of institutions cultural monuments political parties battles and wars and biographical sketches of key individuals in politics the arts and sciences the church and the military This book is a vital reference tool for any researcher interested in the history of Ukraine **World Christian Encyclopedia** David B. Barrett, George Thomas Kurian, Todd M. Johnson, 2001 The expanded updated edition of a classic reference source the comprehensive survey of the status of the world's largest religion in 238 countries Many tables charts diagrams maps photographs and a rich text present a unmatched look at 33 800 Christian denominations 12 000 dioceses 5 000 missions and other groups all set against a detailed historical political social cultural demographic background **A Thousand Years of Christianity in Ukraine** National Committee to Commemorate the Millennium of Christianity in Ukraine, 1988 *Post-Soviet Political Order* Barnett Rubin, Jack Snyder, 2002-11-01 Post Soviet Political Order asks what is shaping the institutional pattern of the post Soviet political order what the new order will be like what patterns of conflict are emerging and what can be done about stabilising the region In considering these questions the contributors converge on four common themes the institutional legacy of empire the social processes unleashed by imperial collapse patterns of bargaining within and between states to resolve conflicts arising out of the imperial collapse the impact of the wider international setting on the pattern of post imperial politics Focusing on the former Soviet Union and Eastern European countries the contributors show how strong state institutions are essential if conflict and political instability are to be avoided **A Long Walk To Church** Nathaniel Davis, 2018-10-08 Making use of the formerly secret archives of the Soviet government interviews and first hand personal experiences Nathaniel Davis describes how the Russian Orthodox Church hung on the brink of institutional extinction twice in the past sixty five years In 1939 only a few score widely scattered priests were still functioning openly Ironically Hitler's

invasion and Stalin's reaction to it rescued the church and parishes reopened new clergy and bishops were consecrated a patriarch was elected and seminaries and convents were reinstituted However after Stalin's death Khrushchev resumed the onslaught against religion Davis reveals that the erosion of church strength between 1948 and 1988 was greater than previously known and it was none too soon when the Soviet government changed policy in anticipation of the millennium of Russia's conversion to Christianity More recently the collapse of communism has created a mixture of dizzying opportunity and daunting trouble for Russian Orthodoxy The newly revised and updated edition addresses the tumultuous events of recent years including schisms in Ukraine Estonia and Moldova and confrontations between church traditionalists conservatives and reformers The author also covers battles against Greek Catholics Roman Catholics Protestant evangelists and pagans in the south and east the canonization of the last Czar the church's financial crisis and hard data on the slowing Russian orthodox recovery and growth Institutional rebuilding and moral leadership now beckon between promise and possibility

Church, Nation and State in Russia and Ukraine Geoffrey A. Hosking, 1991-09-23 The opportunities opened up by the Gorbachev reforms have shown that religion is one of the most significant dynamic forces in Soviet society Yet few scholars have attempted to relate the study of churches and religious movements in recent centuries to the politics and culture of the Soviet Union To remedy this deficiency leading western experts on Christianity in the Eastern Slav lands gathered at a conference in London on the occasion of the millennium of the baptism of Rus Their papers present unexpected and fascinating insights into an under rated but crucial aspect of the life of the Soviet peoples *Problems of Communism*, 1990

Litterature di frontiera, 1994 *The Orthodox Church in Ukraine* Nicholas E. Denysenko, 2018-11-23 The bitter separation of Ukraine's Orthodox churches is a microcosm of its societal strife From 1917 onward church leaders failed to agree on the church's mission in the twentieth century The core issues of dispute were establishing independence from the Russian church and adopting Ukrainian as the language of worship Decades of polemical exchanges and public statements by leaders of the separated churches contributed to the formation of their distinct identities and sharpened the friction amongst their respective supporters In *The Orthodox Church in Ukraine* Nicholas Denysenko provides a balanced and comprehensive analysis of this history from the early twentieth century to the present Based on extensive archival research Denysenko's study examines the dynamics of church and state that complicate attempts to restore an authentic Ukrainian religious identity in the contemporary Orthodox churches An enhanced understanding of these separate identities and how they were forged could prove to be an important tool for resolving contemporary religious differences and revising ecclesial policies This important study will be of interest to historians of the church specialists of former Soviet countries and general readers interested in the history of the Orthodox Church
