

Religion And Politics In Israel Jewish Political And Social Studies

As'ad Ghanem

Religion And Politics In Israel Jewish Political And Social Studies:

Secularism and Religion in Jewish-Israeli Politics Yaacov Yadgar, 2010-07-28 Offering a fresh approach to the study of contemporary Jewish identity the author explores the implications of this identity from the perspective of traditionism covering issues of religion tradition modernity and secularisation within Jewish Israeli society and politics

The Oxford Handbook of Israeli Politics and Society Reuven Y. Hazan, Alan Dowty, Menachem Hofnung, Gideon Rahat, 2020-08-15 This publication offers the most wide ranging examination to date of an intriguing country one that is often misunderstood It serves as a comprehensive reference for the growing field of Israel studies and is also a significant resource for students and scholars of comparative politics recognizing that in many ways Israel is not unique but rather a test case of democracy in deeply divided societies and states engaged in intense conflict The Oxford Handbook of Israeli Politics and Society considers the role of external hostilities but this is not taken as the main determinant of Israel's internal politics Rather the Handbook presents an overview of the historical development of Israeli democracy through chapters examining the country's history contemporary society political institutions international relations and most pressing political issues This comprehensive volume offers contributions by internationally recognized authorities on their subjects outlining the most relevant developments over time while not shying away from the strife both in and around Israel It presents opposed narratives in full force enabling readers to make their own judgments

When Politics are Sacralized Nadim N. Rouhana, Nadera Shalhoub-Kevorkian, 2021-05-27 Over the years there have been increasing intersections between religious claims and nationalism and their power to frame and govern world politics When Politics Are Sacralized interdisciplinarily and comparatively examines the fusion between religious claims and nationalism and studies its political manifestations State and world politics when determined or framed by nationalism fused with religious claims can provoke protracted conflict infuse explicit religious beliefs into politics and legitimize violence against racialized groups This volume investigates how through hegemonic nationalism states invoke religious claims in domestic and international politics sacralizing the political Studying Israel India the Palestinian National Movement and Hamas Sri Lanka Saudi Arabia Serbia Iran and Northern Ireland the thirteen chapters engage with the visibility performativity role and political legitimization of religion and nationalism The authors analyze how and why sacralization affects political behaviors apparent in national and international politics produces state sponsored violence and shapes conflict

Theocratic Democracy Nachman Ben-Yehuda, 2010-11-29 The state of Israel was established in 1948 as a Jewish democracy without a legal separation between religion and the state Ever since the tension between the two has been a central political social and moral issue in Israel resulting in a cultural conflict between secular Jews and the fundamentalist ultra orthodox Haredi community What is the nature of this cultural conflict and how is it managed In Theocratic Democracy Nachman Ben Yehuda examines more than fifty years of media reported unconventional and deviant behavior by members of the Haredi community Ben Yehuda finds not only that this behavior has

happened increasingly often over the years but also that its most salient feature is violence a violence not random or precipitated by situational emotional rage but planned and aimed to achieve political goals Using verbal and non verbal violence in the forms of curses intimidation threats arson stone throwing beatings mass violations and more Haredi activists try to push Israel toward a more theocratic society Driven by a theological notion that all Jews are mutually responsible and accountable to the Almighty these activists believe that the sins of the few are paid for by the many Making Israel a theocracy will they believe reduce the risk of transcendental penalties Ben Yehuda shows how the political structure that accommodates the strong theocratic and secular pressures Israel faces is effectively a theocratic democracy Characterized by chronic negotiations tensions and accommodations it is by nature an unstable structure However in his fascinating and lively account Nachman Ben Yehuda demonstrates how it allows citizens with different worldviews to live under one umbrella of a nation state without tearing the social fabric apart **The Jewish Polity** Daniel Judah Elazar, Stuart Cohen, 1985

Mandatory Separation Suzanne Schneider, 2018-02-27 Is religion a source of political stability and social continuity or an agent of radical change This question so central to contemporary conversations about religion and extremism has generated varied responses over the last century Taking Jewish and Islamic education as its objects of inquiry Mandatory Separation sheds light on the contours of this debate in Palestine during the formative period of British rule detailing how colonial Zionist and Palestinian Muslim leaders developed competing views of the form and function of religious education in an age of mass politics Drawing from archival records school syllabi textbooks newspapers and personal narratives Suzanne Schneider argues that the British Mandatory government supported religious education as a supposed antidote to nationalist passions at the precise moment when the administrative pedagogic and curricular transformation of religious schooling rendered it a vital tool for Zionist and Palestinian leaders This study of their policies and practices illuminates the tensions similarities and differences among these diverse educational and political philosophies revealing the lasting significance of these debates for thinking about religion and political identity in the modern Middle East *Religion and Political Power*

Gustavo Benavides, M. W. Daly, 1989-07-28 This book explores the interaction between two of the most charged topics in the modern world religion and politics It shows the inextricable connection between religious attitudes and representations and political activities After an introductory chapter explores theoretically the religious articulations of political power the authors examine the role played by religion in the current political situation in several countries Approaching these cases as anthropologists historians sociologists and political scientists the authors make visible the dialectical relationship between religion and the pursuit of political power on the one hand the political significance of religious choices and on the other the almost unavoidable need to articulate in religious terms a group's attempt to acquire maintain or expand political power

When the State Winks Michal Kravel-Tovi, 2017-09-05 Religious conversion is often associated with ideals of religious sincerity But in a society in which religious belonging is entangled with ethnonational citizenship and confers political

privilege a convert might well have multilayered motives Over the last two decades mass non Jewish immigration to Israel especially from the former Soviet Union has sparked heated debates over the Jewish state s conversion policy and intensified suspicion of converts sincerity When the State Winks carefully traces the performance of state endorsed Orthodox conversion to highlight the collaborative labor that goes into the making of the Israeli state and its Jewish citizens In a rich ethnographic narrative based on fieldwork in conversion schools rabbinic courts and ritual bathhouses Michal Kravel Tovi follows conversion candidates mostly secular young women from a former Soviet background and state conversion agents mostly religious Zionists caught between the contradictory demands of their nationalist and religious commitments She complicates the popular perception that conversion is a wink wink relationship in which both sides agree to treat the converts pretenses of observance as real Instead she demonstrates how their interdependent performances blur any clear boundary between sincere and empty conversions Alongside detailed ethnography When the State Winks develops new ways to think about the complex connection between religious conversion and the nation state Kravel Tovi emphasizes how state power and morality is managed through winking the subtle exchanges and performances that animate everyday institutional encounters between state and citizen In a country marked by tension between official religiosity and a predominantly secular Jewish population winking permits the state to save its Jewish face

Religion and Politics in Israel

Charles S. Liebman, Eliezer Don-Yehiya, 1984-01-01 **Jews in Israel** Uzi Rebhun, Chaim Isaac Waxman, 2004 Offers a complete sociological perspective of Jews and Jewish life in Israel from 1948 to the present *Ethnic Politics in Israel* As'ad Ghanem, 2010-01-21 This book offers an analysis on contemporary Israeli democracy examining in particular society and politics from the perspectives of the different ethnic groups outside of the Ashkenazi mainstream The book explores the political expressions of the secondary groups in Israel Mizrahim Religious Russians and Palestinian Arab and how these groups were treated by the Ashkenazim as a threat to its hegemony over the state Looking at the instability created by the struggle of these marginal groups against the state and the discrimination policy practiced by the Ashkenazi hegemonic ethnic state regime against the other non Ashkenazi groups the book illustrates how this has contributed to the failure to establish an Israeli people *Ethnic Politics in Israel* will be of great interest to students and researchers in the fields of Middle East Palestinian Arab Jewish and Israeli studies political science sociology and psychology

Reader's Guide to Judaism

Michael Terry, 2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly *Intra-Jewish Conflict in Israel* Sami Shalom Chetrit, 2009-10-16 This book examines the Mizrahi Jews Jews from the Muslim world in Israel focussing on social and political movements such as the Black Panthers and SHAS It charts the

relations and political struggle between Ashkenazi Zionists and the Mizrahim in Israel from post war relocation through to the present day Historical Dictionary of the Jews Alan Unterman, 2010-11-15 This ready reference tells the history of the Jewish people through a detailed chronology an introductory essay an extensive bibliography and over 200 cross referenced dictionary entries on significant persons places events institutions and aspects of culture society economy and politics This book is an excellent access point for students researchers and anyone wanting to know more about the Jewish people

Fertility Policy in Israel Jacqueline Portuguese, 1998-08-30 An examination with feminist perspective of Israel's fertility practices and policies surrounding abortion family planning in vitro fertilization and the welfare state This book exposes the complex web of issues actors and power relations that shape the Israeli political agenda At the same time it contributes to ongoing feminist debates concerning the politics of reproduction and the role of the state in contributing to the oppression of women Israel's commitment to Zionist ideals and policies its ambiguous relationship with Jewish Orthodoxy and the intersection of the two at the level of gender relations have played a great role in determining the shape scope and direction of many government policies This book explores the relationship between these three ideological and institutional forces in the context of development of fertility policy In the process it touches upon various points of interest including the state's treatment of the Palestinian Arab minority and its relationship with the wider Palestinian national movement the power relations and political agenda underlying policy making in Israel the development of Israeli social and political identity and the use of gender to explain both the status of Israeli women and the overall unfolding of politics and policy making

Politics and Society in Israel Ernest Krausz, 2017-09-29 This series of the Israeli Sociological Society whose object is to identify and clarify the major themes that occupy social research in Israel today gathers together the best of Israeli social science investigation that was previously scattered in a large variety of international journals Each book in the series is introduced by integrative essays Each volume focuses on a particular topic the first volume seeks out the dynamics of conflict and integration in a new society the second volume is concerned with the sociology of a unique Israeli social institution the kibbutz The third volume presents sociological perspectives on political life and culture in Israel Articles by leading scholars deal with historical development political culture and ideology political institutions and behavior the social basis of politics and social change Volume III also includes a select bibliography Contributors to Volume III tentative Karl W Deutsch Yonathan Shapiro Dan Horowitz Moshe Lissak Daniel Elazar Asher Arian Charles Liebman Erik Cohen Yoram Peri Ephraim Yaar S Smooha The Invention of Jewish Theocracy Alexander Kaye, 2020-01-22 The tension between secular politics and religious fundamentalism is a problem shared by many modern states This is certainly true of the State of Israel where the religious secular schism provokes conflict at every level of politics and society Driving this schism is the idea of the halakhic state the demand by many religious Jews that Israel should be governed by the law of the Torah as interpreted by Orthodox rabbis Understanding this idea is a priority for scholars of Israel and for anyone with an interest in its future The Invention of

Jewish Theocracy is the first book in any language to trace the origins of the idea to track its development and to explain its crucial importance in Israel's past and present. The book also shows how the history of this idea engages with burning contemporary debates on questions of global human rights, the role of religion in Middle East conflict and the long term consequences of European imperialism. The *Invention of Jewish Theocracy* is an intellectual history based on newly discovered material from numerous Israeli archives, private correspondence, court records and lesser known published works. It explains why the idea of the halakhic state emerged, when it did, what happened after it initially failed to take hold and how it has regained popularity in recent decades, provoking cultural conflict that has severely shaken Israeli society. The book's historical analysis gives rise to two wide reaching insights. First, it argues that religious politics in Israel can be understood only within the context of the largely secular history of European nationalism and not as is commonly argued as an anomalous exception to it. It shows how even religious Jews, most opposed to modern political thought, nevertheless absorbed the fundamental assumptions of modern European political thought and reread their own religious traditions onto that model. Second, it demonstrates that religious secular tensions are built into the intellectual foundations of Israel rather than being the outcome of major events like the 1967 War. These insights have significant ramifications for the understanding of the modern state. In particular, the account of the blurring of the categories of secular and religious illustrated in the book are relevant to all studies of modern history and to scholars of the intersection of religion and human rights.

Politics and Government in Israel, Fourth Edition Gregory S. Mahler, Reuven Y. Hazan, 2024-12-01. This balanced and comprehensive text explores Israeli government and politics from both institutional and behavioral perspectives. After briefly discussing Israel's history, authors Gregory S. Mahler and Reuven Y. Hazan examine the social, religious, economic, cultural and military contexts within which Israeli politics takes place. They explain the operation of political institutions and behavior in domestic politics such as the constitutional system, parliamentary government and the executive, legislative and judicial machinery of government, including discussion of elections and voting, political parties and civil society and democracy in Israel. Finally, Israel's foreign policy, setting and apparatus are considered as well as the challenges faced by the Palestinians in Israel and the peace process between Israel and its neighbors. Clear and concise, *Politics and Government in Israel* provides an invaluable starting point for all readers needing a cogent introduction to Israel today.

Religion, Secularism and Politics Jeffrey Haynes, Guy Ben-Porat, 2018-10-24. Political debates in many Mediterranean countries today are increasingly framed in dichotomous terms, highlighting divisions between religious and secular worldviews. The role of religion in public life or, put another way, the public return of religion is a pertinent and controversial political question everywhere in the Mediterranean region. How do we explain this phenomenon? On the one hand, we can point to both economic and demographic changes, while on the other, we can trace the impact of continuing secularisation. Together, these two sets of developments produce new challenges to existing political arrangements. This book examines the contemporary interaction of religion and

politics in the Mediterranean region with a specific focus on democratization and democracy and the role in this context of selected religious actors Individual contributions focus on several European countries France Italy and Turkey while others are concerned with states in the Middle East and North Africa Egypt Israel Morocco and Tunisia Among European countries France is widely regarded as a highly secular country with over 50% of people regarding themselves as without religion Morocco on the other hand is a much more religious country measured by the fact that an estimated 94.5% of Moroccans self identify themselves as Muslims The specific country studies were selected because whether they are religious or not each case has current controversies involving both religious and secular actors which impact upon key political relationships centrally involving religion secularization and democratization democracy This book was published as a special issue of Mediterranean Politics

The World According to China Elizabeth C. Economy, 2021-10-25 An economic and military superpower with 20 percent of the world's population China has the wherewithal to transform the international system Xi Jinping's bold calls for China to lead in the reform of the global governance system suggest that he has just such an ambition And his iron grip on power in the wake of the 2022 Party Congress suggests that he now has the mandate But how does he plan to realize it And what does it mean for the rest of the world In this compelling book Elizabeth Economy reveals China's ambitious new strategy to reclaim the country's past glory and reshape the geostrategic landscape in dramatic new ways Xi's vision is one of Chinese centrality on the global stage in which the mainland has realized its sovereignty claims over Hong Kong Taiwan and the South China sea deepened its global political economic and security reach through its grand scale Belt and Road Initiative and used its leadership in the United Nations and other institutions to align international norms and values particularly around human rights with those of China It is a world radically different from that of today The international community needs to understand and respond to the great risks and potential opportunities of presented by this transformative vision Also available as an audiobook
