**Youth and School Pushout** Eve Tuck,2012-03-15 Winner of the 2013 American Educational Studies Association s Critics  
Choice Award Recent efforts to reform urban high schools have been marked by the pursuit of ever increasing accountability  
policies most notably through the use of high stakes standardized testing mayoral control and secondary school exit exams  
Urban Youth and School Pushout excavates the unintended consequences of such policies on secondary school completion by  
focusing specifically on the use and over use of the GED credential Building on a tradition of critical theory and political  
economy of education author Eve Tuck offers a provocative analysis of how accountability tacitly and explicitly pushes out  
under performing students from the system By drawing on participatory action research as well as the work of indigenous  
scholars and theories this theoretically and empirically rich book illustrates urban public schooling as a dialectic of  
humiliating ironies and dangerous dignities Focusing on the experiences of youth who have been pushed out of their schools  
under the auspices of obtaining a GED Tuck reveals new insights on how urban youth view accountability schooling value the  
GED and yearn for multiple meaningful routes to graduation      **Reports of Cases Decided in the Appellate Division of**
