## **Regime Of Islands In International Law:**

The Regime of Islands in International Law Hiran W. Jayewardene, 2021-09-27      *The Legal Regime of Islands in International Law* D Bowett, 1981      *International Law Relating to Islands* Sean D. Murphy, 2019-03-25 This monograph considers the application of general rules of international law to islands as well as special rules focused on islands notably Article 121 of the UN Convention on the Law of the Sea Such rules have been applied in several landmark cases in recent years including the International Court of Justice's judgments in Territorial and Maritime Dispute Nicaragua v Colombia and arbitral awards in the Chagos Marine Protected Area Arbitration Mauritius v United Kingdom and the South China Sea Arbitration Philippines v China Among other things this monograph explores the legal concepts of islands rocks and low tide elevations methods of securing sovereignty over and the maritime zones generated by islands islands and historic titles bays and rights problems of delimitation in the presence of islands legal issues arising from changes in islands over time notably from climate change and contemporary techniques for resolving disputes over islands      The Regime of Islands Reframed Clive Schofield, 2021-01-28 In *The Regime of Islands Reframed* Clive Schofield examines the definition of islands and other insular features under the international law of the sea with particular reference to the South China Sea case between China and the Philippines which has served to reframe understanding of this contentious area of international law      United Nations Convention on the Law of the Sea, 1982 Myron H. Nordquist, Shabtai Rosenne, Satya N. Nandan, 1985 Volume III is the fourth substantive volume to be published in this series covering articles 86 to 132 of the 1982 Convention These articles address the issue of States rights and jurisdiction in maritime areas beyond the limits of national jurisdiction with the exception of the international seabed area as well as the regime to be applied to islands in enclosed and semi enclosed seas and with the access of landlocked States to and from the sea Volume III is a direct continuation of Volume II which deals with maritime areas under the sovereignty of jurisdiction of a State and completes the commentary on the provisions of the Convention negotiated under the auspices of the Second Committee at UNCLOS III The work of the Second Committee was an integrated whole and the unity of the theme has been spread over two volumes solely as a matter of convenience A number of documentary annexes have been included in this volume      **The Legal Regime of Islands in International Law** D. W. Bowett, 1979      Baselines under the International Law of the Sea Coalter G. Lathrop, J. Ashley Roach, Donald R. Rothwell, 2019-03-27 *Baselines under the International Law of the Sea* brings together two reports produced by the International Law Association ILA Committee on Baselines under the International Law of the Sea between 2008 2018 The Sofia Report 2012 is organized around the interpretation of Article 5 of the 1982 United Nations Convention on the Law of the Sea LOSC concerning the normal baseline The Sydney Report 2018 is organized around a common methodology in assessing Articles 7 8 10 13 14 and 47 of the LOSC concerning straight baselines closing lines and straight archipelagic baselines      The IMLI Manual on International Maritime Law David Attard, Malgosia Fitzmaurice, Norman A. Martinez

Gutierrez,2014-10-30 This three volume Manual on International Maritime Law presents a systematic analysis of the history and contemporary development of international maritime law by leading contributors from across the world Prepared in cooperation with the International Maritime Law Institute the International Maritime Organization s research and training institute this a uniquely comprehensive study of this fundamental area of international law Volume I The Law of the Sea addresses the major issues which arise in the law of the sea It provides a detailed understanding of the historical development of the law of the sea the role of the International Maritime Organization the law surrounding maritime zones the legal regime of islands the international sea bed area the legal regime governing marine scientific research the rights and obligations of land locked and geographically disadvantaged states the legal regime of Arctic and Antarctic and the settlements of disputes This volume also considers the ways in which human rights and the law of the sea interact The forthcoming Volume II will address shipping law Volume III will provide analysis of marine environmental law and maritime security law The full three volume Manual will set out the entirety of international maritime law re stating and re examining its fundamental principles how it is enacted and the issues that are shaping its future It will be a superlative resource for those working with or studying this area of law **The Legal Regime of Straits** Hugo Caminos,Vincent P.

Cogliati-Bantz,2014-12-22 The right of transit passage in straits and the analogous right of archipelagic sealanes passage in archipelagic states negotiated in the 1970s and embodied in the 1982 UNCLOS sought to approximate the freedom of navigation and overflight while expressly recognising the sovereignty or jurisdiction of the coastal state over the waters concerned However the allocation of rights and duties of the coastal state and third states is open to interpretation Recent developments in state practice such as Australia s requirement of compulsory pilotage in the Torres Strait the bridge across the Great Belt and the proposals for a bridge across the Strait of Messina the enhanced environmental standards applicable in the Strait of Bonifacio and Canada s claims over the Arctic Route make it necessary to reassess the whole common law of straits The Legal Regime of Straits examines the complex relationship between the coastal state and the international community **Islands and International Law** Donald R Rothwell,2022-07-14 Islands and their status in international law have become one of the more contentious issues in public international law However despite this there is no contemporary book length study on the question This book fills that gap Written by one of the world s leading public international lawyers it offers an authoritative overview of how public international law operates in relation to islands Key issues such as artificial islands archipelagos sovereignty territorial rights maritime entitlements and governance are explored in depth This will become a classic text in the field of international law **The Law of the Sea in the Caribbean** The Hon Justice Mr

Winston Anderson,2022-01-21 A generation of legal pioneers imagined a decisive role for the law of the sea in the advancement of developing states The jewel in the crown of that vision was the juridical recognition of significant wealth of the oceans as the common heritage of mankind The Law of the Sea in the Caribbean gives an accounting of the reach of the

law of the sea into Caribbean development It argues for greater regional cooperation as a means of achieving the promise of the contribution of the sea towards the economic and social progression of Caribbean States

**Philippine Materials in International Law** Raul C Pangalangan, 2021-11-15 This is a collection of international law materials relating to the Philippines excerpts of treaties and declarations international judicial and arbitral decisions and Philippine constitutional clauses statutes and Supreme Court decisions Today new theories abound calling for comparative perspectives that look at international law through the lens of national and regional practice This book engages with that challenge at a concrete level e g how Marcos s human rights abuses were litigated abroad but never in Philippine courts and how victim claims for reparations are ironically blocked by the Philippine Government citing the Filipino people s competing claims over Marcos s ill gotten wealth It retells Philippine history using international law and re examines international law using the Philippine experience

*The International Law of the Sea* Yoshifumi Tanaka, 2015-04-16 This new edition has been fully revised and updated to include the contemporary issues together with new cases delivered by international courts and tribunals such as the ICJ ITLOS and Arbitral Tribunals treaties UN resolutions and other instruments It retains the clear chapter structure of the first edition but has expanded the topics on marine spaces beyond national jurisdiction maritime delimitation protection of the marine environment A new concluding chapter has also been included and presents a perspective on the future development of the international law of the sea Detailed footnotes and further reading sections combined with illustrations and tables ensure understanding of the subject By offering clarity of expression and academic rigour *The International Law of the Sea* remains the best choice for students

**Demilitarisation and International Law in Context** Athanasia Spiliopoulou Åkermark, Saila Heinikoski, Pirjo Kleemola-Juntunen, 2018 Introduction the goal and structure of the book The legal regulation of the demilitarisation and neutralisation of the land islands The law of the sea and the demilitarisation of land Regional security co operation and the land islands Outlook and conclusions

*Excessive Maritime Claims* J. Ashley Roach, Robert W. Smith, 2012-06-22 Now in a third revised edition *Excessive Maritime Claims* by J Ashley Roach and Robert W Smith is designed for law of the sea and maritime law specialists The book draws on published governmental material in the public domain specifically the U S and addresses recent progress in maritime security proliferation of weapons of mass destruction by sea piracy and protection of underwater cultural heritage As a result of significant developments in the law of the sea primarily with reference to the 1982 Law of the Sea Convention *Excessive Maritime Claims* provides up to date coverage of current affairs as well as introduce new topics such as submarine cables polar areas environmental protection sovereign immunity and sunken ships and maritime law enforcement

**International Law** Malcolm N. Shaw, 2003-09-25 This fifth edition of Malcolm Shaw s bestselling textbook on international law provides a clear authoritative and comprehensive introduction to the subject fully revised and updated to Spring 2003 Basically preserving the structure which made the previous edition so successful a new chapter on Inter state Courts and Tribunals considers the role of the

International Court of Justice and the International Tribunal on the Law of the Sea and there is a new chapter on international humanitarian law Also examined are arbitration tribunals and the role of international institutions such as the WTO in resolving conflicts The prosecution of individuals for violations of international law is examined Additional coverage of events in Kosovo and Iraq analyses the questions of humanitarian intervention and the role of the UN Written in a clear and accessible style setting the subject firmly in the context of world politics and the economic and cultural influences affecting it this book remains a highly readable and invaluable resource for students and practitioners alike The scope of the text makes this essential reading for students of international law international relations and the political sciences The book is also valuable to professionals and governmental and international civil servants

**Ocean Law and Policy** Carlos Espósito, James Kraska, Harry N. Scheiber, Moon-Sang Kwon, 2016-10-11 In the years since 1994 when the UN Convention on the Law of the Sea UNCLOS entered into force the ocean law regime has been profoundly affected by an interplay of new forces in global ocean affairs Numbered among them are innovations in technology and science the emergence of intensified piracy and other challenges to maritime security national and regional programs In Ocean Law and Policy Twenty Years of Development under the UNCLOS Regime experts from fourteen countries present nineteen papers that provide insightful analyses of these wide ranging issues that form the emerging new context of UNCLOS as a keystone to a working regime system Accessible as well as authoritative this volume offers to general readers as well as academics policy officials and legal experts a set of important analyses and provocative insights forming a major contribution to the literature of ocean studies

**International Law and Sea Level Rise** Davor Vidas, David Freestone, Jane McAdam, 2019-03-27 This book contains the final version of the 2018 Report of the International Law Association ILA Committee on International Law and Sea Level Rise as well as the related ILA Resolutions 5 2018 and 6 2018 both as adopted by the ILA at its 78th Biennial Conference held in Sydney Australia 19 24 August 2018 In Part I of the Report key information about the establishment of the Committee its mandate and its work so far is presented Part II of the Report addresses key law of the sea issues through a study of possible impacts of sea level rise and their implications under international law regarding maritime limits lawfully determined by the coastal States and the agreed or adjudicated maritime boundaries Part III of the Report addresses international law provisions principles and frameworks for the protection of persons displaced in the context of sea level rise
