

Regiments And Corps Of The British Army

Peter Doyle,Chris Foster

Regiments And Corps Of The British Army:

British Regiments 1914-1918 Brigadier E. A. James, 2012-09-06 One of the most used and most useful works of reference on the Great War ever published In this marvellous volume is listed every cavalry and Yeomanry regiment every battalion of every infantry regiment Regular Territorial or other that existed during the Great War In every case the location of the unit on 4 August 1914 is given or the date and place of its formation if raised after the outbreak of war Its initial disposition subsequent moves changes in subordination and final disposal or location on 11 November 1918 are all recorded Thus in a masterly and concise form we have the war service record of 31 regular and 17 reserve cavalry regiments 57 Yeomanry regiments and their second and third line counterparts and nearly 1 750 infantry battalions Several appendices contain a mine of information a table of the infantry regiments showing the number of the different types of battalions each had regular reserve extra reserve territorial New Army garrison etc how the New Army battalions were raised the Training Reserve list of infantry divisions summary of battle honours casualties and VCs of each infantry regiment Finally there is a good index

Regiments and Corps of the British Army Ian S. Hallows, 1994-01-01 **A Guide to the Regiments and Corps of the British Army on the Regular Establishment** John Maurice Brereton, 1985 **These Distinguished Corps** Don N. Hagist, 2021-12-15 During the American Revolution British light infantry and grenadier battalions figured prominently in almost every battle and campaign They are routinely mentioned in campaign studies usually with no context to explain what these battalions were In an army that employed regiments as the primary deployable assets the most active battlefield elements were temporary battalions created after the war began and disbanded when it ended This work is the first operational study of these battalions during the entire war looking at their creation evolution and employment from the first day of hostilities through their disbandment at the end of the conflict It examines how and why these battalions were created how they were maintained at optimal strength over eight years of war how they were deployed tactically and managed administratively Most importantly it looks at the individual officers and soldiers who served in them Using first hand accounts and other primary sources *These Distinguished Corps* describes life in the grenadiers and light infantry on a personal level from Canada to the Caribbean and from barracks to battlefield

Regiments and Corps of the British Army Continuum International Publishing Group, Limited, 1994-05 *A Register of the Regiments and Corps of the British Army* Arthur Swinson, 1972 **A Bibliography of Regimental Histories of the British Army** Arthur S. White, 2013-02-04 This is one of the most valuable books in the armoury of the serious student of British Military history It is a new and revised edition of Arthur White s much sought after bibliography of regimental battalion and other histories of all regiments and Corps that have ever existed in the British Army This new edition includes an enlarged addendum to that given in the 1988 reprint It is quite simply indispensable

Regimental Nicknames and Traditions of the British Army Anonymous, 2019-12-19 In *Regimental Nicknames and Traditions of the British Army* Anonymous delves into the unique and fascinating world of

British military history This meticulously researched book explores the origins and significance of various regimental nicknames and traditions shedding light on the diverse cultural heritage that has shaped the British Army Written in a scholarly yet accessible style this book is a treasure trove of information for history enthusiasts and military buffs alike Anonymous skillfully weaves together historical anecdotes linguistic analysis and cultural insights to paint a vivid picture of the British Army's rich tapestry of traditions While the identity of the author remains a mystery their expertise in military history and passion for the subject matter shines through in every page Anonymous's meticulous attention to detail and comprehensive knowledge make *Regimental Nicknames and Traditions of the British Army* a must read for anyone interested in British military history and the cultural heritage of the armed forces I wholeheartedly recommend *Regimental Nicknames and Traditions of the British Army* to readers who are eager to explore the colorful and diverse history of the British Army This book is a valuable resource for scholars historians and anyone with a keen interest in the military traditions of the United Kingdom

From Boer War to World War Spencer Jones, 2013-04-01 The British Expeditionary Force at the start of World War I was tiny by the standards of the other belligerent powers Yet when deployed to France in 1914 it prevailed against the German army because of its professionalism and tactical skill strengths developed through hard lessons learned a dozen years earlier In October 1899 the British went to war against the South African Boer republics of Transvaal and Orange Free State expecting little resistance A string of early defeats in the Boer War shook the military's confidence Historian Spencer Jones focuses on this bitter combat experience in *From Boer War to World War* showing how it crucially shaped the British Army's tactical development in the years that followed Before the British Army faced the Boer republics an aura of complacency had settled over the military The Victorian era had been marked by years of easy defeats of crudely armed foes The Boer War however brought the British face to face with what would become modern warfare The sweeping open terrain and advent of smokeless powder meant soldiers were picked off before they knew where shots had been fired from The infantry's standard close order formations spelled disaster against the well armed entrenched Boers Although the British Army ultimately adapted its strategy and overcame the Boers in 1902 the duration and cost of the war led to public outcry and introspection within the military Jones draws on previously underutilized sources as he explores the key tactical lessons derived from the war such as maximizing firepower and using natural cover and he shows how these new ideas were incorporated in training and used to effect a thorough overhaul of the British Army The first book to address specific connections between the Boer War and the opening months of World War I Jones's fresh interpretation adds to the historiography of both wars by emphasizing the continuity between them

Borrowed Soldiers Mitchell A. Yockelson, 2016-01-18 The combined British Expeditionary Force and American II Corps successfully pierced the Hindenburg Line during the Hundred Days Campaign of World War I an offensive that hastened the war's end Yet despite the importance of this effort the training and operation of II Corps has received scant attention from historians Mitchell A Yockelson delivers

a comprehensive study of the first time American and British soldiers fought together as a coalition force more than twenty years before D Day He follows the two divisions that constituted II Corps the 27th and 30th from the training camps of South Carolina to the bloody battlefields of Europe Despite cultural differences General Pershing's misgivings and the contrast between American eagerness and British exhaustion the untested Yanks benefited from the experience of battle toughened Tommies Their combined forces contributed much to the Allied victory Yockelson plumbs new archival sources including letters and diaries of American Australian and British soldiers to examine how two forces of differing organization and attitude merged command relationships and operations Emphasizing tactical cooperation and training he details II Corps performance in Flanders during the Ypres Lys offensive the assault on the Hindenburg Line and the decisive battle of the Selle Featuring thirty nine evocative photographs and nine maps this account shows how the British and American military relationship evolved both strategically and politically A case study of coalition warfare Borrowed Soldiers adds significantly to our understanding of the Great War

The British Reconnaissance Corps in World War II Richard Doherty, 2007-03-27
Osprey's study of Britain's Reconnaissance Corps of World War II 1939-1945 Either creeping through the landscape or mounted in armored cars and Bren carriers Reconnaissance Regiments became a vital addition to all British infantry divisions After the disastrous defeat in France in 1940 at the hands of German forces with strong reconnaissance units mounted in light armored vehicles the Bartholomew Committee called for the formation of a British equivalent This was achieved by forming the new elite Reconnaissance Corps Their spearhead role meant that they were consistently at the forefront of all dramatic action and most famously served with the 1st and 6th Airborne at Arnhem and with the Chindits in Burma Within every theater of war ranging from the jungles to the deserts the Reconnaissance Corps made a critical contribution to the Allied war effort However with the disbandment of the Corps at the end of the war their record has been unjustly forgotten With a selection of rare and unpublished frontline photographs taken from private collections this fascinating new insight into a forgotten elite unit of the British Army recounts the experiences of those soldiers who operated ahead of the army throughout the course of the war

The Handbook of British Regiments (Routledge Revivals) Christopher Chant, 2013-10-18
Since the creation of the standing army in 1661 when each regiment was known by the name of its current colonel there have been many reforms and rationalizations of the British army From 31 cavalry regiments and 113 infantry regiments in 1881 at the time of this title's first publication in 1988 the army had reduced to just 16 regiments of armour and 39 regiments of infantry through processes of absorption and amalgamation The Handbook of British Regiments provides insight into the lineage and history of the approximately 85 regiments and corps which formed the British army towards the end of the 1980s Comprehensive in coverage each has a separate entry giving factual details in a layout standardized for easy comparison including current title colonel in chief uniform and history amongst others A key title amongst Routledge reference reissues this handbook provides an accessible guide to specialists as well as lay enthusiasts and illustrates a sense

of the continuity and inherited tradition of each regiment and corps The Official ARRSE Guide to the British Army Major Des Astor, 2012-11-16 How will we defeat the Taleban and bring peace to Afghanistan What will the British soldier of the late 21st century look like When will the next World War break out We re damned if we know but if you want to find out what today s British Army is really like then The Official Arrse Guide to the British Army is the book for you Drawn from the wit and wisdom of the ARmy Rumour Service Britain s biggest and most active military website the Official Arrse Guide gives the inside track on all aspects of modern British military life How do I join Where will I be sent What s the hardware like What exactly is it that clerks put in staff officers coffee Why do the RAF wear uniforms Where can I get a decent pair of boots Is there any meat in an army sausage All these crucial questions and more are answered in The Official Arrse Guide *British Army Cap Badges of the First World War* Peter Doyle, Chris Foster, 2010-07-20 The fascination with the British involvement in the First World War extends to all aspects of the conflict The battles and their outcomes the armies and their leaders the conditions of trench warfare and the controversies form part of the growing literature examining every aspect of a war that was to cast a shadow over the rest of the twentieth century the effects of which are still being felt today For the British army the cap badge is the most easily identifiable form of insignia It represents a distillation of the pride of the regiment its various battle honors and symbols borne proudly on the metallic emblem that was worn on all headdress even within the trenches Identification of the cap badge on old photographs is a first important step in unraveling the military service of an individual Cap badges have been collected avidly since they were first thought of in the nineteenth century Cap badge collecting is as popular now as it has ever been yet with a growing number of fakes and forgeries there is a need for a book that illustrates clearly the main types and allows the collector and family historian alike to understand their meaning Surprisingly there are no real comprehensive web based resources and the available books many of which are out of print are often dull arcane and poorly illustrated with grey muddy images of otherwise spectacular badges This book illustrates for the first time in full color and high quality images of the main types of badges used by the British Army in World War I In addition contemporary illustrations of the soldiers themselves wearing the badges and the wider importance of their symbolism is also included Employing the skills of an established writer and collector and artist it provides a unique reference guide for all people interested in the World War I **Encyclopedia of Modern British Army Regiments** P. D. Griffin, 2006 Considers the regiments and corps of the British Army many preserving traditional titles such as Dragoon Guards Hussars Lancers and Fusiliers in order of precedence Illustrated with photographs this book also covers insignia battle honours anniversaries customs mascots dress distinctions nicknames headquarters and recruiting areas **The British Army and the First World War** Ian Beckett, Timothy Bowman, Mark Connelly, 2017-05-25 A comprehensive new history of the shaping and performance of the British army during the First World War *Wellington's Infantry* Gabriele Esposito, 2021-03-19 This illustrated history presents a detailed overview of the British infantry s organization uniforms and

equipment during the Napoleonic Period The years from 1800 to 1815 were one of the most glorious periods for the British Army and the infantry was its backbone Lavishly illustrated with color artwork this book examines how the foot regiments evolved to absorb the lessons of defeat in America transforming them into the efficient and dependable bedrock of victory in the Napoleonic Wars Historian Gabriel Esposito details the uniforms equipment and weapons of the infantry along with their organization and tactics Chapters are devoted to the Guards the line regiments of foot the Light Infantry and Rifles as well as Highland and Lowland Scots regiments Esposito considers not only those units serving with Wellington in the Peninsular War and the Waterloo Campaign but all British infantry units including those in Canada the West Indies India and elsewhere including the home defense Fencibles Foreign units serving with the British army most notably the King s German Legion are also included *Mercenaries for the Crimea* Charles Calvert Bayley,1977-01-01 *Soldiers as Workers* Nick Mansfield (Historian),2016 This book offers the first encounter between labour history and military history with an analysis of the working lives of nineteenth British rank and file soldiers in the context of a developing working class industrial culture and in its interaction with British society

Right here, we have countless book **Regiments And Corps Of The British Army** and collections to check out. We additionally manage to pay for variant types and next type of the books to browse. The satisfactory book, fiction, history, novel, scientific research, as competently as various further sorts of books are readily handy here.
