Fotomuseum,2005 The Elegant World of Regina Relang is just that an enchanting volume of pictures presenting a whirlwind tour through the entrancing world of haute couture that the late German photographer recorded throughout the mid twentieth century 160 of the best original images from Relang s estate follow the lady shutterbug s eye as she worked the Paris fashion shows from her first days at Vogue in 1938 through to her rise as one of the leading fashion photographers of the 1950s and 1960s Her spectacular images of the most forward fashionable styles were featured twice a year in all of the major German fashion journals for whom she represented the essence of the catwalk shooting genre This handsomely illustrated volume reproduces fine vintage prints from Relang s early reportage career and from the height of her days as a documenter of style while also providing valuable insight into the historical background of her work The Elegant World of Regina Relang chronicles the changing fashions of Christian Dior Pierre Cardin and Yves Saint Laurent among other arbiters of la mode while also tracing the transformation of the image of woman through the mid twentieth century **Aftermath** Harald Jähner,2022-01-11 How does a nation recover from fascism and turn toward a free society once more This internationally acclaimed revelatory history filled with first person accounts from articles and diaries The New York Times of the transformational decade that followed World War II illustrates how Germany raised itself out of the ashes of defeat and reckoned with the corruption of its soul and the horrors of the Holocaust Featuring over 40 eye opening black and white photographs and posters from the period The years 1945 to 1955 were a raw wild decade that found many Germans politically economically and morally bankrupt Victorious Allied forces occupied the four zones that make up present day Germany More than half the population was displaced 10 million newly released forced laborers and several million prisoners of war returned to an uncertain existence Cities lay in ruins no mail no trains no traffic with bodies yet to be found beneath the towering rubble Aftermath received wide acclaim and spent forty eight weeks on the best seller list in Germany when it was published there in 2019 It is the first history of Germany s national mentality in the immediate postwar years Using major global political developments as a backdrop Harald J hner weaves a series of life stories into a nuanced panorama of a nation undergoing monumental change Poised between two eras this decade is portrayed by J hner as a period that proved decisive for Germany s future and one starkly different from how most of us imagine it today Photography, Reconstruction and the Cultural History of the Postwar European City Tom Allbeson,2020-11-16 Examining imagery of urban space in Britain France and West Germany up to the early 1960s this book reveals how photography shaped individual

architectural projects and national rebuilding efforts alike Exploring the impact of urban photography at a pivotal moment in contemporary European architecture and culture this book addresses case studies spanning the destruction of the war to the modernizing reconfiguration of city spaces including ruin photobooks about bombed cities architectural photography of housing projects and imagery of urban life from popular photomagazines as well as internationally renowned projects like UNESCO s Paris Headquarters Coventry Cathedral and Berlin s Gedächtniskirche This book reveals that the ways of seeing shaped in the postwar years by urban photography were a vital aspect of not only discourses on the postwar city but also debates central to popular culture from commemoration and modernization to democratization and Europeanization This book will be a fascinating read for researchers in the fields of photography and visual studies architectural and urban history and cultural memory and contemporary European history Photographis ,1983 **The Icon Curtain** Yuliya

Komska,2015-02-02 The Iron Curtain did not exist at least not as we usually imagine it Rather than a stark unbroken line dividing East and West in Cold War Europe the Iron Curtain was instead made up of distinct landscapes many in the grip of divergent historical and cultural forces for decades if not centuries This book traces a genealogy of one such landscape the woods between Czechoslovakia and West Germany to debunk our misconceptions about the iconic partition Yuliya Komska transports readers to the western edge of the Bohemian Forest one of Europe s oldest borderlands where in the 1950s civilians set out to shape the so called prayer wall A chain of new and repurposed pilgrimage sites lookout towers and monuments the prayer wall placed two long standing German obsessions forest and border at the heart of the century s most protracted conflict Komska illustrates how civilians used the prayer wall to engage with and contribute to the new political and religious landscape In the process she relates West Germany s quiet sylvan periphery to the tragic pitch prevalent along the Iron Curtain s better known segments Steeped in archival research and rooted in nuanced interpretations of wide ranging cultural artifacts from vandalized religious images and tourist snapshots to poems and travelogues The Icon Curtain pushes disciplinary boundaries and opens new perspectives on the study of borders and the Cold War alike **Back in**

War Amanda Vaill,2014-04-22 A spellbinding story of love amid the devastation of the Spanish Civil War Madrid 1936 In a city blasted by a civil war that many fear will cross borders and engulf Europe a conflict one writer will call the decisive thing of the century Six people meet and find their lives changed forever Ernest Hemingway his career stalled his marriage sour hopes that this war will give him fresh material and new romance Martha Gellhorn an ambitious novice journalist hungry for love and experience thinks she will find both with Hemingway in Spain Robert Capa and Gerda Taro idealistic young photographers based in Paris want to capture history in the making and are inventing modern photojournalism in the process And Arturo Barea chief of Madrid s loyalist foreign press office and Ilsa Kulcsar his Austrian deputy are struggling to balance

truth telling with loyalty to their sometimes compromised cause a struggle that places both of them in peril Hotel Florida traces the tangled wartime destinies of these three couples against the backdrop of a critical moment in history As Hemingway put it You could learn as much at the Hotel Florida in those years as you could anywhere in the world From the raw material of unpublished letters and diaries official documents and recovered reels of film Amanda Vaill has created a narrative of love and reinvention that is finally a story about truth finding it out telling it and living it whatever the cost
