## **Regional Policy In Europe:**

**Regional Policy** Norbert Vanhove, Leo Hendrik Klaassen, 1980 *EU Cohesion Policy and European Integration* Mr Carlos Mendez, Ms Fiona Wislade, Professor John Bachtler, 2014-01-28 EU Cohesion policy accounts for a major share of the EU budget and is central to economic and social development in many European countries This book provides a comprehensive and theoretically informed analysis of how Cohesion policy has evolved over time in particular the budgetary and policy dynamics of the 2007 13 reform In the context of the budgetary politics of the EU the book examines the process by which the reform of Cohesion policy has been shaped it identifies the key factors that explain the allocation of funding assesses the roles of the Member States European Commission and European Parliament and tests whether the process and outcome are consistent with the expectations of EU decision making and integration theories Based on extensive EU wide research over a ten year period the book provides new insights into both the process and outcomes of EU policy reform Presenting original research in an accessible format this book will be of interest to scholars as well as undergraduate and postgraduate students in the fields of European integration and policy studies

**Regional Policy in Europe** S. S. Artobolevskii, 1997 Based on the author's extensive research in the field this book analyzes regional policy for the whole of Europe Comparing East and West it offers a new model of regional policy and gives an overview of the direction that it may take in Europe as a whole Topics covered include the evaluation of regional policy its main aims its infrastructure in Western Europe its form in Eastern Europe and the development of regional policy from 1917 to the 1990s The book is intended for professionals and academics working in the areas of regional studies economics and policy studies

*The Regional and Urban Policy of the European Union* Philip McCann, 2015-01-30 The regional and urban development policy of the European Union or more precisely EU Cohesion Policy is undergoing change This development is driven by the enormous transformations in European regions and by shifts in thinking and analysis The iss

**Regional Development in Central and Eastern Europe** Grzegorz Gorzelak, John Bachtler, Maciej Smętkowski, 2018-10-24 This book provides an up to date assessment of the main processes and dilemmas of regional development and regional policy in the newer European Union Member States in Central and Eastern Europe and neighbouring countries It highlights the difficulties of balancing the demands within the new Member States for rapid regional growth and development with firstly the demands of the European Union overall that restructuring and development should conform to the aims and principles of EU common policies and secondly with budgetary constraints The book covers a wide range of issues including global and national challenges to regional convergence and cohesion regional dynamics city networks and border issues the effectiveness of policy responses at national and European levels including an assessment of policy experiences from outside the new Member States and likely future developments

**Transition, Cohesion and Regional Policy in Central and Eastern Europe** Ruth Downes, John Bachtler, 2021-05-31 This title was first published in 2000 One of the most comprehensive overviews of regional

development and policy emergence in the Central and East European countries to date this book focuses on economic and social cohesion bringing together a wide range of empirical research and discussion material **EU Cohesion Policy** John Bachtler, Peter Berkowitz, Sally Hardy, Tatjana Muravska, 2016-10-26 The Open Access version of this book available at <http://www.tandfebooks.com/doi/view/10.4324/9781315401867> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 3.0 license This book brings together academics members of European institutions and regional and national level policymakers in order to assess the performance and direction of EU Cohesion policy against the background of the most significant reforms to the policy in a generation Responding to past criticisms of the effectiveness of the policy the policy changes introduced in 2013 have aligned European Structural and Investment Funds with the Europe 2020 strategy and introduced measures to improve strategic coherence performance and integrated development **EU Cohesion Policy Reassessing performance and direction** argues that policy can only be successfully developed and implemented if there is input from both academics and practitioners The chapters in the book address four important issues the effectiveness and impact of Cohesion policy at European national and regional levels the contribution of Cohesion policy to the Europe 2020 strategy of smart sustainable and inclusive growth the importance of quality of government and administrative capacity for the effective management of the Funds and the inter relationships between institutions territory and place based policies The volume will be an invaluable resource to students academics and policymakers across economics regional studies European studies and international relations **Cohesion Policy and European Integration** Liesbet Hooghe, 1996 How can one convince potent nation states to put their sovereignty at risk in common European policies EU cohesion policy now one third of the EU budget provides such a puzzle Until 1988 the European Commission shared out money to national governments with few strings attached Since the reform of 1988 national governments are required to negotiate with the Commission and regional authorities on how to use the money Has this European wide policy eroded national sovereignty in favour of a stronger role for the Commission and more power for Europe's regions The first part of the book probes into the policy dynamics at the European level In the second part eight country studies evaluate the impact of uniform EU policy on territorial relations by comparing policy making before and after the reform The concluding section explains persistent variation in EU cohesion decision making and implementation **Politics of European Union Regional Policy** Ian Bache, 1998-12-01 This book provides an over view of the key developments in the politics of European Union regional policy from the creation of the EEC to the present day The discussion of who decides what and to what effect in relation to regional policy is part of the contemporary academic debate about the nature of politics and policy making in the EU Bache argues that no single theory can explain the complex politics of EU regional policy making In particular current theories pay insufficient attention to the importance of implementation in shaping policy outcomes The book concludes that the application of different analytical tools at different stages of policy making provides the fullest picture of the politics of

EU regional policy This title is published in conjunction with UACES the University Association for Contemporary European Studies UACES web site can be found at [www.uaces.org](http://www.uaces.org) **Regional Policy in Europe** S.S Artobolevskiy,2012-10-12 Based on the author s extensive research in the field this book analyzes regional policy for the whole of Europe Comparing East and West it offers a new model of regional policy and gives an overview of the direction that it may take in Europe as a whole Topics covered include the evaluation of regional policy its main aims its infrastructure in Western Europe its form in Eastern Europe and the development of regional policy from 1917 to the 1990s The book is intended for professionals and academics working in the areas of regional studies economics and policy studies **European Cohesion Policy** Willem Molle,2007-08-07 The only comprehensive text available for advanced study and professional reference this book brings much needed clarity to both the theoretical and practical aspects of EU intervention Integrating both theoretical and practical research in a clear and accessible structure covering economic social and territorial issues European Cohesion Policy provides a systematic view of the various stages of the whole policy cycle looking in detail at the evolution of the problems the design of the policy system the implementation in practice the evaluation of effects An authoritative analysis of the problems and debates involved European Cohesion Policy is essential reading for students policy makers development workers and researchers working in all aspects of European policy *The EU, Strategy and Security Policy* Laura Chappell,Jocelyn Mawdsley,Petar Petrov,2016-05-26 This edited collection is a timely and in depth analysis of the EU s efforts to bring coherency and strategy to its security policy actions Despite a special European Council summit in December 2013 on defence it is generally acknowledged that fifteen years since its inception the EU s Common Security and Defence Policy CSDP has yet to acquire a clear sense of purpose This book investigates those areas where the EU has established actorness in the security and defence field and asks whether they might constitute the elements of an emergent more coherent EU strategy on security Taking a critical view the contributors map the EU s strategic vision s across particular key regions where the EU has been active as a security actor the strategic challenges that it has pinpointed alongside the opportunities and barriers posed by a multiplicity of actors interests and priorities identified by both member states and EU actors By doing this we demonstrate where gaps in strategic thinking lie where the EU has been unable to achieve its aims and offer recommendations concerning the EU s future strategic direction This book will be of much interest to students of European security EU policy strategic studies and IR in general **Innovation and Regional Growth in the European Union** Riccardo Crescenzi,Andrés Rodríguez-Pose,2011-06-17 This book investigates the EU s regional growth dynamics and in particular the reasons why peripheral and socio economically disadvantaged areas have persistently failed to catch up with the rest of the Union It shows that the capability of the knowledge based growth model to deliver its expected benefits to these areas crucially depends on tackling a specific set of socio institutional factors which prevents innovation from being effectively translated into economic growth The book takes an eclectic approach to the territorial genesis of innovation and

regional growth by combining different theoretical strands into one model of empirical analysis covering the whole EU 25 An in depth comparative analysis with the United States is also included providing significant insights into the distinctive features of the European process of innovation and its territorial determinants The evidence produced in the book is extensively applied to the analysis of EU development policies

**Regional Dynamics in Central and Eastern Europe** Francesco Palermo, Sara Parolari, 2013-01-30 This book presents a contemporary broad assessment of the main dilemmas of regional development and regional policy in Central and Eastern Europe considering the influence of internal and external pressures on the regionalization process in this area

European Union Public Health Policy Scott L. Greer, Paulette Kurzer, 2013 Ranging from influence over world trade laws affecting health to population health issues such as obesity to the use of comparative data to affect policy the EU's public health policies are increasingly important visible expensive and effective They also provide an invaluable case study for those who want to understand the growth and impact of the EU as well as how states can affect their populations lives and health European Union Public Health Policy capitalizes on extensive new research providing an introduction to the topic and indicating new intellectual directions surrounding the topic An introductory section and extended conclusion explore the meaning of public health the relationship of EU public health policy to health care policy and the place of public health in the study of European integration and Europeanization Focusing on health system transformation global health governance and population health the chapters address Relevant policy issues and EU policies Effects of the EU policies on practice or outcomes An explanation of the policy trajectory Current issues and likely future directions or conflicts Drawing together an international and multidisciplinary selection of experts this volume is an important contribution for all those interested in public health policy EU health policy and EU governance

**Regional Governance in the EU** Gabriele Abels, Jan Battke, 2019 The role of regions in the European Union has been frequently debated since the 1980s This comprehensive book provides a thorough overview of the issue from a variety of perspectives analysing regional governance and territorial dynamics in the EU and its member states Focusing on the implications of the democratisation regionalisation nexus it argues that a Europe with the regions may promote good governance and ameliorate the democratic deficits of the EU

**European Regional Development** Paweł Churski, Tomasz Herodowicz, Barbara Konecka-Szydłowska, Robert Perdał, 2021 This book offers a comprehensive overview of contemporary issues of regional development It places particular emphasis on its socio economic and socio political determinants which accompany the problem of existing and ever widening differences in the level of regional development in various parts of Europe In order to diagnose the scale of those differences and to indicate the main forces behind the divergence of development the authors propose an original systematisation of regional development factors drawing attention to the need to consider them within the framework of present day socio economic megatrends The proposed approach to the development factors is also used for the author's operationalisation of the concept of territorial capital which is at the centre of regional place based policy The

wide spatial aspect of the analysis national and local and its extensive temporal scope 2004 2019 yields unique results and creates an important element of added value for this book which shows the regularities of the process of regional development in Europe at three spatial levels pan European national and intra regional Furthermore it indicates the challenges faced by regionalists who attempt to carry out research on different territorial levels with a diverse number of units 205 EU regions 16 Polish voivodeships 2 478 Polish local units and extended observation periods 2004 2017 The solutions proposed by the authors who show the potential of overcoming the barriers resulting from limited access to complete and comparable statistical data series should be inspiring for many researchers The unique results of direct research carried out on a large sample of respondents and entrepreneurs via diverse field research techniques constitute a valuable source of information on local conditions that impact contemporary development processes in less developed regions Their value is even greater because they were carried out in a unique laboratory created by the authors for testing the regularity of formation and impact of socio economic development factors in various locally determined conditions of this process It consists of purposefully selected test units LAU2 Located in a less developed region they represent all growth types and functional test units identified in the course of the research Consequently the results obtained may be generalised and applied to other areas showing similar features of territorial capital The monograph is addressed primarily to a wide group of regionalists connected with economic and social sciences as well as to practitioners involved in the implementation of development policies at various levels

*Regional Monetary Policy* Carlos Javier Rodriguez Fuentes, 2005-11-07 With the final phase of the European Monetary Union underway concern has been raised over the regional implications of the European Central Bank ECB Monetary Policy Departing from the standard approach utilized by the ECB this book provides a comprehensive theoretical framework to explore the ways through which money and monetary policy may affect regions Carlos Rodriguez Fuentes the rising star of Spanish economics has produced a work of impressive clarity which analyzes the effects of regional monetary policy with particular reference to European Monetary Union Here he examines the role that the banking system and the liquidity preference of economic agents play in the transmission of central banks monetary policy decisions to regions within a country or countries within a currency union Rodriguez Fuentes utilizes a unique framework built upon the basic principle of the Post Keynesian monetary theory which enables the identification of a new way for money and monetary policy to have a regional impact the behavioural effect This book with its combination of literary and empirical approach will prove essential reading for all students of economics and politics as well as readers who interested in the development of the European Union

[Return Migration and Regional Development in Europe](#) Robert Nadler, Zoltán Kovács, Birgit Glorius, Thilo Lang, 2016-07-30 This book assesses recent migration patterns in Europe which have significantly included return migration against the stream of East West migration Since the Eastern enlargement of the EU many regions of Central and Eastern European have experienced a loss of human resources in core industries raising concerns about social

economic and territorial cohesion in the region The success rates of national and regional governmental policy aiming to retain or re attract skilled workers have been variable yet return migration has emerged as a major element of migration flows Bringing together leading researchers on this important topic in contemporary European geography the contributors analyse a series of key issues These include theoretical frameworks in the field of return migration the nexus between return migration and regional development the effects of the global and European crisis on emigration and return migration non economic motivations for emigration and return the intergenerational character of return migration and the reintegration of return migrants into post socialist societies Taken together the chapters see return migrants as important agents of change innovation and economic growth The book will be of great interest for scholars and students of human economic and political geography

Smart Specialisation Dominique Foray, 2014-08-13 This is the first book on a new policy approach that has been widely adopted in Europe and beyond It analyses the concept of smart specialisation and discuss the need for smart specialisation strategies explains why the approach is new and different from more standard policy processes and explores what are the conditions for successful implementation Smart Specialisation Opportunities and Challenges for Regional Innovation Policy describes the origin of the concept explains when a smart specialisation policy is necessary provides a detailed analysis of the design principles of the policy and discuss the pertinence of this approach according to regional development levels Finally the book discuss the practical implementation phase of the process based on the first feedback acquired from certain regions engaged in the preparation of their smart specialisation strategy The book is original in that it provides the first full analysis of smart specialisation strategies both at theoretical and practical levels It has been written at the critical period of the implementation of smart specialisation strategies in every region in Europe The fact that the EU has adopted smart specialisation as a mandatory principle for every region and member states will make this book well received by and very useful for i policy makers in regional and national administrations in Europe ii policy makers in other parts of the world who are in charge of regional policy and have heard about the concept iii consultants analysts and experts who are active on the markets for smart specialisation diagnosis and expertise iv scholars researchers and graduate students working in the field of regional studies technology policy and geography of innovation
