Regional Politics In Russia

Bayram Balci, Nicolas Monceau

Regional Politics In Russia:

The Regional Roots of Russia's Political Regime William M. Reisinger, Bryon J Moraski, 2017-01-09 Insightful analysis of how regional politics shaped the executive branch's ability to retain power and govern under Yeltsin and Putin

Regional politics in Russia Cameron Ross, 2024-06-04 This innovative multi-contributed book now available in paperback argues convincingly that Russia will never be able to create a viable democracy as long as authoritarian regimes are able to flourish in the regions. The main themes covered are democratisation at the regional level and the problems faced by the federal states in forging viable democratic institutions in what is now a highly asymmetrical Federation. A major strength of the book lies in its combination of thematic chapters with case studies of particular regions and republics. Very little has been published to date on the actual processes of democratisation in particular republics and regions. The book takes into account the literature available on the new institutionalism and outlines the importance of institutions in developing and maintaining democracy. It looks at the importance of sovereignty, federalism and democratic order and considers the distinct problems of party building in Russia's regions. Electoral politics are also considered fully before the book goes on to consider the whole issue of regional politics and democratisation in five particular areas of Russia: Novgorod, the Komi Republic, Russia's Far East, Tatarstan and Bashkortostan. The authors, the majority of whom are internationally recognised experts in their field, have been drawn from Britain, the USA, Russia and Germany, giving the book a truly global perspective. **Federalism and**

democratisation in Russia Cameron Ross, 2013-07-19 This electronic version has been made available under a Creative Commons BY-NC-ND open access license. Building on earlier work, this text combines theoretical perspectives with empirical work to provide a comparative analysis of the electoral systems, party systems and governmental systems in the ethnic republics and regions of Russia. It also assesses the impact of these different institutional arrangements on democratization and federalism, moving the focus of research from the national level to the vitally important processes of institution building and democratization at the local level and to the study of federalism in Russia. *Russia's Regions and Comparative*

Subnational Politics William M. Reisinger, 2013-01-17 Subnational political units are growing in influence in national and international affairs, drawing increasing scholarly attention to politics beyond national capitals. In this book, leading Russian and Western political scientists contribute to debates in comparative politics by examining Russia's subnational politics. Beginning with a chapter that reviews major debates in theory and method, this book continues to examine Russia's 83 regions, exploring a wide range of topics including the nature and stability of authoritarian regimes, federal politics, political parties, ethnic conflict, governance and inequality in a comparative perspective. Providing both qualitative and quantitative data from 20 years of original research, the book draws on elite interaction, public opinion and the role of institutions regionally in the post-Soviet years. The regions vary on a number of theoretically interesting dimensions, while their federal membership provides control for other dimensions that are challenging for globally comparative studies. The authors

demonstrate the utility of subnational analyses and show how regional research can help answer a variety of political questions providing evidence from Russia that can be used by specialists on other large countries or world regions in cross national scholarship Situated within broader theoretical and methodological political science debates this book will be of interest to students and scholars of Russian politics comparative politics regionalism and subnational politics *What Is Russia Up To in the Middle East?* Dmitri Trenin, 2017-11-10 The eyes of the world are on the Middle East Today more than ever this deeply troubled region is the focus of power games between major global players vying for international influence Absent from this scene for the past quarter century Russia is now back with gusto Yet its motivations decision making processes and strategic objectives remain hard to pin down So just what is Russia up to in the Middle East In this hard hitting essay leading analyst of Russian affairs Dmitri Trenin cuts through the hyperbole to offer a clear and nuanced analysis of Russia s involvement in the Middle East and its regional and global ramifications Russia he argues cannot and will not supplant the U S as the leading external power in the region but its actions are accelerating changes which will fundamentally remake the international system in the next two decades **Federalism and Regional Policy in**

Contemporary Russia Andrey Starodubtsev, 2021-06-30 Asking clear direct and theoretically informed questions about the relationship between federalism decentralisation and authoritarianism this book explores the political survival of authoritarian leaders the determinants of policy formulation and theories of federalism and decentralization to construct new frameworks for studying territorial go *Russia Abroad* Anna Ohanyan, 2018-10-01 While we know a great deal about the benefits of regional integration there is a knowledge gap when it comes to areas with weak dysfunctional or nonexistent regional fabric in political and economic life Further deliberate un regioning applied by actors external as well as internal to a region has also gone unnoticed despite its increasingly sophisticated modern application by Russia in its peripheries This volume helps us understand what Anna Ohanyan calls fractured regions and their consequences for contemporary global security Ohanyan introduces a theory of regional fracture to explain how and why regions come apart consolidate dysfunctional ties within the region and foster weak states Russia Abroad specifically examines how Russia employs regional fracture as a strategy to keep states on its periphery in Eurasia and the Middle East weak and in Russia s orbit It argues that the level of regional maturity in Russia s vast vicinities is an important determinant of Russian foreign policy in the emergent multipolar world order Many of these fractured regions become global security threats because weak states are more likely to be hubs of transnational crime havens for militants or sites of protracted conflict The regional fracture theory is offered as a fresh perspective about the post American world and a way to broaden international relations scholarship on comparative regionalism **Political Parties in the Regions of Russia** Grigorii Golosov, 2004 Combining statistical and qualitative analysis including numerous case studies this text explains why political parties have failed to take hold in Russia s regions The author s argument is bolstered by a database of regional elections held between 1993 2003 **The Origins of**

Dominant Parties Ora John Reuter, 2017-04-27 This book asks why dominant political parties emerge in some authoritarian regimes but not in others focusing on Russia's experience under Putin

Authoritarian Russia Vladimir Gel'man, 2015-07-01 Russia today represents one of the major examples of the phenomenon of electoral authoritarianism which is characterized by adopting the trappings of democratic institutions such as elections political parties and a legislature and enlisting the service of the country's essentially authoritarian rulers Why and how has the electoral authoritarian regime been consolidated in Russia What are the mechanisms of its maintenance and what is its likely future course This book attempts to answer these basic questions Vladimir Gel'man examines regime change in Russia from the collapse of the Soviet Union in 1991 to the present day systematically presenting theoretical and comparative perspectives of the factors that affected regime changes and the authoritarian drift of the country After the fall of the Soviet Union Russia's national political elites aimed to achieve their goals by creating and enforcing of favorable rules of the game for themselves and maintaining informal winning coalitions of cliques around individual rulers In the 1990s these moves were only partially successful given the weakness of the Russian state and troubled post socialist economy In the 2000s however Vladimir Putin rescued the system thanks to the combination of economic growth and the revival of the state capacity he was able to implement by imposing a series of non democratic reforms In the 2010s changing conditions in the country have presented new risks and challenges for the Putin regime that will play themselves out in the years to come

Public Administration and Regional Management in Russia Elena G. Popkova, Konstantin V. Vodenko, 2020-04-10 This book addresses current challenges in public administration and regional management in Russia By taking into account socio economic factors as well as key ethnic cultural and social processes in multicultural regions it identifies the prerequisites for successful public governance and regional management The respective contributions cover a broad range of topics including digitalization trends managerial approaches diversification strategies and corporate cultures Moreover the book discusses the effects of ethno-political tensions and interethnic tolerance on public administration in Russia's multicultural regions Given its scope the book offers a valuable resource for scholars and public servants at governmental institutions

The Regional Roots of Russia's Political Regime William M. Reisinger, Bryon J Moraski, 2017-01-09 In *The Regional Roots of Russia's Political Regime* William M Reisinger and Bryon J Moraski examine Russian politics at the subnational level in order to discover why democracy failed to take root and how Putin's authoritarian regime materialized Since the national regime needed dominant victories in federal legislative and presidential elections elections were critical to the resurgence of Russian authoritarianism At the same time victories without a traditional nationwide political party required that regional politicians help deliver votes Putin employed a variety of resources to encourage the collaboration of regional leaders during federal elections and to sanction those who would or could not deliver these votes By analyzing successive federal elections Reisinger and Moraski show that regions that led the way in delivering votes in Putin's favor were those that had been both more independent and

more authoritarian during the Yeltsin era These authoritarian enclaves under Yeltsin became models of behavior in the Putin regime which prized deferential election results Other regions were quick to follow this lead functioning during Putin s ascendancy as swing states Still Russia s regimes continued to exhibit regime diversity with democratic enclaves resisting the push to become cogs in the Kremlin s electoral authoritarian wheel While motivated by scholarly questions about authoritarianism democracy and the influence of subnational forces on national regime trajectories Reisinger and Moraski also consider policy relevant questions *Federalism and Local Politics in Russia* Cameron Ross, Adrian

Campbell, 2008-10-27 With articles by a high quality set of contributors including Richard Sakwa Darrell Slider and Vladimir Gel man this book explores the increasingly authoritarian character of Putin s rule especially in his second term since 2004

Russia in the Arctic Alexander Sergunin, 2015-12-15 In this timely book the authors provide a detailed analysis of Russia s national interests in the Arctic region They assess Russia s domestic discourse on the High North s role in the system of national priorities as well as of Moscow s bi and multilateral relations with major regional players energy environmental socio cultural and military policies in the Arctic In contrast to the internationally wide spread stereotype of Russia as a revisionist power in the High North this book argues that Moscow tries to pursue a double sided strategy in the region On the one hand Russia aims at defending her legitimate economic interests in the region On the other hand Moscow is open to co operation with foreign partners that are willing to partake in exploiting the Arctic natural resources The general conclusion is that in the foreseeable future Moscow s strategy in the region will be predictable and pragmatic rather than aggressive or spontaneous The authors argue that in order to consolidate the soft power pattern of Russia s behavior a proper international environment in the Arctic should be created by common efforts Other regional players should demonstrate their responsibility and willingness to solve existing and potential problems on the basis of international law

Regional Development in Russia Hans Westlund, Aleksandr Grigor'evich Granberg, Folke Snickars, 2000 Reporting the findings of a joint Swedish Russian research project economists overview Russia s regional development during the entire Soviet period and analyze the array of regional problems facing Russia at the birth of the 21st century For the Soviet period they reveal that the development of heavy industry actually reduced regional inequalities but that disparities widened as the economy diversified and that the science of regional planning never achieved practical application during a regime of central planning Among the important factors contributing to cohesion and disintegration in Russia today they cite ethnicity religion and Russian nationalism Annotation copyrighted by Book News Inc Portland OR **Republicanism in Russia** Oleg

Kharkhordin, 2018-11-05 If Marxism was the apparent loser in the Cold War it cannot be said that liberalism was the winner at least not in Russia Oleg Kharkhordin is not surprised that institutions of liberal democracy failed to take root following the dissolution of the Soviet Union In *Republicanism in Russia* he suggests that Russians can find a path to freedom by looking instead to the classical tradition of republican self government and civic engagement already familiar from their history

Republicanism has had a steadfast presence in Russia in spite of tsarist and communist hostility. Originating in the ancient world especially with Cicero it continued by way of Machiavelli, Montesquieu, Tocqueville and more recently Arendt. While it has not always been easy for Russians to read or write classical republican philosophy much less implement it, republican ideas have long flourished in Russian literature and are part of a common understanding of freedom, dignity and what constitutes a worthy life. Contemporary Russian republicanism can be seen in movements defending architectural and cultural heritage, municipal participatory budgeting experiments and shared governance in academic institutions. Drawing on recent empirical research, Kharkhordin elaborates a theory of *res publica* different from the communal life inherited from the communist period, one that opens up the possibility for a genuine public life in Russia. By embracing the indigenous Russian reception of the classical republican tradition, Kharkhordin argues today's Russians can sever their country's dependence on the residual mechanisms of the communist past and realize a new vision for freedom.

Why Not Parties in Russia? Henry E. Hale, 2005-12-05. Russia poses a major puzzle for theorists of party development. Whereas virtually every classic work takes political parties to be inevitable and essential to democracy, Russia has been dominated by non-partisan politicians ever since communism collapsed. This book mobilizes public opinion surveys, interviews with leading Russian politicians, careful tracking of multiple campaigns and analysis of national and regional voting patterns to show why Russia stands out. Russia's historically influenced combination of federalism and super-presidentialism, coupled with a post-communist redistribution of resources to regional political machines and oligarchic financial-industrial groups, produced and sustained powerful party substitutes that have largely squeezed Russia's real parties out, damaging Russia's democratic development.

Russian Regional Politics under Putin and Medvedev Cameron Ross, 2014-06-03. Many authors have alluded to the unique nature of Russia's dual transition and its difficult task of simultaneously reforming its economy and polity. But there is in fact a third transition still far from completed that is of no less importance: the need to reconfigure central-regional relations and to create a stable and viable form of federalism. There are vast economic, demographic and political variations across the Russian federation. Therefore, an understanding of regions and the causes and consequences of cross-regional diversity is a vitally important dimension of Russian politics that should not be overlooked. It is only by studying regional-level politics that we can gain a full understanding of the complexities of Russia's protracted transition. This edited volume examines regional politics and centre-regional relations over the period 2000-2010, including the most recent developments which have taken place under the new dual leadership of Medvedev and Putin. All eight chapters have been written by leading experts in the field of Russian politics. In addition to chapters on regional elections, parties, regional governors and local politics, there are three chapters devoted to the important developments which are currently taking place in the Caucasus. This book was published as a special issue of *Europe Asia Studies*.

Turkey, Russia and Iran in the Middle East Bayram Balci, Nicolas Monceau, 2021-09-14. This book explores the complexity of the Syrian question and its effects on the foreign policies of Russia.

Iran and Turkey The Syrian crisis has had a major effect on the regional order in the Middle East Syria has become a territory where the rivalry between Russia and Western powers is being played out and with the West's gradual withdrawal the conflict will without a doubt have lasting effects locally and on the international order This collection focuses on the effects of the Syrian crisis on the new governance of the Middle East region by three political regimes Russia Iran and Turkey Many articles and a number of books have been written on this conflict which has lasted over ten years but no publication has examined simultaneously and comparatively how these three states are participating in the shared management of the Syrian conflict The EU-Russia Borderland Heikki Eskelinen, Ilkka Liikanen, James W. Scott, 2013-05-20

After the collapse of the Soviet Union there were high hopes of Russia's modernisation and rapid political and economic integration with the EU But now given its own policies of national development Russia appears to have limits to integration Today much European political discourse again evokes East West civilisational divides and antagonistic geopolitical interests in EU Russia relations This book provides a carefully researched and timely analysis of this complex relationship and examines whether this turn in public debate corresponds to local level experience particularly in border areas where the European Union and Russian Federation meet This multidisciplinary book covering geopolitics international relations political economy and human geography argues that the concept limits to integration has its roots in geopolitical reasoning it examines how Russian regional actors have adapted to the challenges of simultaneous internal and external integration and what kind of strategies they have developed in order to meet the pressures coming across the border and from the federal centre It analyses the reconstitution of Northwest Russia as an economic social and political space and the role cross border interaction has had in this process The book illustrates how a comparative regional perspective offers insights into the EU Russia relationship even if geopolitics sets certain constraints to co operation and market processes have led to conflict in cross border interaction several actors have been able to take initiative and create space for increasing cross border integration in the conditions of Russia's internal reconstitution

The Top Books of the Year Regional Politics In Russia The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the captivating narratives that have captivated audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Regional Politics In Russia : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.

Regional Politics In Russia Introduction

In the digital age, access to information has become easier than ever before. The ability to download Regional Politics In Russia has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Regional Politics In Russia has opened up a world of possibilities. Downloading Regional Politics In Russia provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to

valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Regional Politics In Russia has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Regional Politics In Russia. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Regional Politics In Russia. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Regional Politics In Russia, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Regional Politics In Russia has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Regional Politics In Russia Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read

eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Regional Politics In Russia is one of the best book in our library for free trial. We provide copy of Regional Politics In Russia in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Regional Politics In Russia. Where to download Regional Politics In Russia online for free? Are you looking for Regional Politics In Russia PDF? This is definitely going to save you time and cash in something you should think about.
