

Reglamento de Básquetbol

Cinco contra cinco y en un rectángulo

Regla 1: EL JUEGO

Art. 1. Definición

1.1 JUEGO DEL BALONCESTO

El baloncesto lo juegan dos (2) equipos de cinco (5) jugadores cada uno. El objetivo de cada equipo es introducir el balón dentro de la canasta del adversario e impedir que el adversario se apodere del balón o enceste.

1.2 CESTO: PROPIO/OPONENTE

La canasta en la que ataca un equipo es la canasta del adversario y la que defiende es su canasta.

1.3 MOVIMIENTO DEL BALÓN

El balón puede ser pasado, lanzado, palmeado rodado o botado en cualquier dirección dentro de las restricciones de los artículos pertinentes de las Reglas.

1.4 GANADOR DE UN PARTIDO

El equipo que mayor número de puntos al final del tiempo de juego del cuarto periodo o, si fuera necesario, de uno o más periodos extra, será el ganador del partido.

Regla 2: DIMENSIONES Y EQUIPAMIENTO

Art. 2. Dimensiones del terreno de juego

Terreno de juego reglamentario

2.1 CAMPO DE JUEGO

Reglamento De Basquetbol 20032004:

Cultural History and Education Thomas S. Popkewitz, Barry M. Franklin, Miguel A. Pereyra, 2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company *Hooligans Abroad (RLE Sports Studies)* John M. Williams, Eric Dunning, Patrick J. Murphy, 2014-04-24 This book traces international developments in the hooligan phenomenon since the Heysel tragedy of 1985 The authors make special reference to the troubled European championships in West Germany in 1988 and look critically at political responses to the problem The authors used participant observation in their research on British fans at the World Cup in Spain and at matches in Rotterdam and Copenhagen and capture the authentic voice of football hooliganism in their interviews In this analysis of patterns of football violence the authors suggest some short term proposals for restricting seriously violent and disorderly behaviour at continental matches and put forward a long term strategy to deal with the root causes of hooligan behaviour Searching for Agrarian Reform in Latin America William C. Thiesenhusen, 1989 *Hitler and Churchill* Andrew Roberts, 2010-12-16 His book is timely and a triumph Roberts manages to convey all the reader needs to know about two men to whom battalions of biographies have been devoted EVENING STANDARD Adolf Hitler and Winston Churchill were two totally opposite leaders both in what they stood for and in the way in which they seemed to lead Award winning historian Andrew Roberts examines their different styles of leadership and draws parallels with rulers from other eras He also looks at the way Hitler and Churchill estimated each other as leaders and how it affected the outcome of the war In a world that is as dependent on leadership as any earlier age HITLER AND CHURCHILL asks searching questions about our need to be led In doing so Andrew Roberts forces us to re examine the way that we look at those who take decisions for us **Reinventing Conservation Easements** Jeff Pidot, 2005 No recent happening in land conservation rivals the rapid expansion of conservation easements and the related growth in the number of land trusts over the past 15 years Among the forces driving this phenomenon are tax and other public subsidies and the view that the conservation easement is a win win strategy in land protection The thesis of this policy focus report is that conservation easements are a valuable land protection tool complementing regulation land acquisition and tax policies but that reforms are needed in tax and other laws and conventions governing easements lest we risk losing the public benefits for which the easements were established Corruption in Developing Countries Ronald Wraith, Edgar Simpkins, 2010-11-26 First published in 1963 this study of corruption in the developing countries of Africa takes as its point of comparison Britain pre 1880 as the authors question whether Britain s experience in overcoming corruption can throw any light the means of overcoming corruption in contemporary developing countries **Fray Bernardino de Sahagún, 1499-1590** Lluís Nicolau d'Olwer, 1987 Biografi om franciskanermunken Bernardino de Sahag n der som mission r i Mexico i det 16 rhundrede studerede aztekernes kultur og is r sproget Nahuatl **Insurgencies: Essays in Planning Theory** John Friedmann, 2011-01-10 For nearly fifty years John Friedmann s writings have not just led the academic study of the discipline

but have given shape and direction to the planning profession itself Covering transactive planning radical planning the concept of the Good City civil society rethinking poverty and the diversity of planning cultures this collection of Friedmann's most important and influential essays tells a coherent and compelling story about how the evolution of thinking about planning over several decades has helped to shape its practice With each essay given a new introduction to establish its context and importance this is an ideal text for the study of planning theory and history

Uses of Disorder Richard Sennett, 2012-09-12 The excitement of the brilliantly innovative book is that it challenges the reader to revise his concept of order and to consider the seemingly disparate problems of the individual personality and the urban society in the light of a fresh unified framework that has the shock of new truth Drawing on recent ideas in psychology sociology and urban history Sennett shows how the excessively ordered community freezes adults both the fierce young idealists and their security oriented parents into rigid attitudes that originate in adolescence and stifle further personal growth He explains how the accepted ideal of order generates patterns of behavior among the urban middle cases that are stultifying narrow and violence prone He demonstrates that most city planning has been conducted with the same rigidity and shows in specific and human terms why that approach has not solved and cannot solve our cities problems The *Uses of Disorder* is not only a critique of the ways in which the affluent city has failed as a place where the individual even the affluent individual can grow It is also an exploration of new modes of urban organization through which city life can become richer and more life affirming The author proposes and projects in concrete terms including a new use of the police a functioning city that can incorporate anarchy diversity and creative disorder to bring into being adults who can openly respond to and dealt with the challenges of life Thus Richard Sennett more aware of the nature of human nature than most Utopians of the past sees progress in the creation of new urban relationships that will protect not stability but diversity and change Out of his books with its free and imaginative insights grounded in a strong sense of present day realities emerges the vision of a fully affluent and libertarian society an arena that will welcome a rich variety of individuals and accept the conflict that stem from such variety as not merely inevitable but life giving

Landscape Ecology Francoise Burel, Jacques Baudry, 2003-01-05 This book is intended as a resource for students and researchers interested in developmental biology and physiology and specifically addresses the larval stages of fish Fish larvae and fish embryos are not small juveniles or adults Rather they are transitional organisms that bridge the critical gap between the singlecelled egg and sexually immature juvenile Fish larvae represent the stage of the life cycle that is used for differentiation feeding and distribution The book aims at providing a single volume treatise that

explains how fish larvae develop and differentiate how they regulate salt water and acid base balance how they transport and exchange gases acquire and utilise energy how they sense their environment and move in their aquatic medium how they control and defend themselves and finally how they grow up

Startup Cities Peter S. Cohan, 2018-02-07 This book offers a comprehensive model for explaining the success and failure of cities in nurturing startups presents detailed case studies of how participants in that model help or hinder startup activity and shows how to apply these lessons to boost local startup activity Startup Cities explains the factors that determine local startup success based on a detailed comparison of regional startup cities pairing the most successful and less successful cities within regions along with insights and implications from case studies of each of the model's elements The book compares local city pairs highlighting factors that distinguish successful from less successful cities and presents implications for stakeholders that arise from these principles Peter Cohan is a lecturer of Strategy at Babson College and one of the world's leading authorities on regional startup ecosystems Starting in 2012 he created and led Startup Strategy courses that explore four regional startup ecosystems Hong Kong Singapore Israel Paris and Spain Portugal These courses are based on an original framework for evaluating why a few cities host most startup creation and the rest fail to do so In running these courses Peter has built a network of local policymakers investors entrepreneurs and professors from which he draws practical insights for what distinguishes successful Startup Commons from their peers The book provides vital benefits to these stakeholders What You'll Learn Local policymakers will know how to build a local team to set objectives for their local Startup Commons and develop a comprehensive strategy to realize those goals Entrepreneurs will know how to choose where to locate their startups based on factors such as the supply and quality of talent from chief marketing and technology officers to coders and sales people quality of life access to capital customers and mentors and costs such as salary and real estate expense University administrators and faculty will know how to take research out of their labs and house it in companies that can commercialize that research create academic programs that will encourage more entrepreneurship among their students and connect with local policymakers and capital providers to spur local startup activity Capital providers will know how to scout out emerging startup cities where they can get access to the best investment opportunities at more favorable valuations and have greater influence on how the local startup scene evolves Who This Book Is For All key startup stakeholders including local policymakers mayors directors of economic development treasurers controllers presidents of regional chamber of commerce entrepreneurs CEOs chief marketing officers chief financial officers chief HR officers chief technology officers universities presidents deans of faculty provosts professors of finance management and entrepreneurship directors of international education and capital providers venture capital partners and associates angel investors bank loan officers managers of accelerator operations

Treatise on the Whole-World Celia Britton, 2020-06-02 This exciting challenging book covers a wide range of subject matter but all linked together through the key ideas of diversity and Relation It sees our modern world shaped by immigration and the aftermath

of colonization as a multiplicity of different communities interacting and evolving together and argues passionately against all political and philosophical attempts to impose uniformity universal or absolute values This is the Whole World which includes not only these objective phenomena but also our consciousness of them Our personal identities are not fixed and self sufficient but formed in Relation through our contacts with others Glissant constantly stresses the unpredictable chaotic nature of the world which he claims we must adapt to and not attempt to limit or control Creolization is not restricted to the Creole societies of the Caribbean but describes all societies in which different cultures with equal status interact to produce new configurations This perspective produces brilliant new insights into the politicization of culture but also language poetry our relationship to place and to landscapes globalization history and other topics The book is not written in the style conventionally associated with essays but is a mixture of argument proclamation and poetic evocations of landscapes lifestyles and people

Learning as Transformation Jack Mezirow, 2000-10-05 Provocative and illuminating this book is a must read for adult educators seeking to understand and facilitate transformational learning It showcases a stellar group of authors who not only engage each other and the reader in constructive discourse but who also model the heart of the transformational learning process Sharan B Merriam Department of Adult Education University of Georgia This volume continues the landmark work begun by Jack Mezirow over twenty years ago revealing the impact of transformative learning on the theory and practice of adult education Top scholars and practitioners review the core principles of transformation theory analyze the process of transformative learning describe different types of learning and learners suggest key conditions for socially responsible learning explore group and organizational learning and present revelations from the latest research They also share real world examples drawn from their own experiences and assess the evolution of transformative learning in practice and philosophy Learning as Transformation presents an intimate portrait of a powerful learning concept and invites educators researchers and scholars to consider the implications of transformative learning in their own professional work

Developing Critical Thinkers Stephen D. Brookfield, 1991-07-29 1989 Winner of the Cyril O Houle World Award for Literature in Adult Education This award winning book offers a practical straightforward guide to helping adults develop their critical thinking skills in four key arenas of adult life in their personal relationships in their workplaces in their political involvements and in their responses to the media
