

REGLAMENTO DE FÚTBOL SALA. ENERO 2013

El objetivo del fútbol sala será introducir el balón en la portería del equipo contrario. Ganará el partido el equipo que al finalizar el encuentro haya logrado este objetivo el mayor número de veces (marcando entonces más goles). Para que el gol sea válido el balón deberá haber traspasado totalmente la línea de portería por la zona delimitada por sus dos postes y su travesaño, sin que antes haya sido tocado o golpeado con la mano o el brazo del cualquier jugador atacante.

REGLA I: EL TERRENO DE JUEGO

○ Se trata de un rectángulo de 40 metros de largo por 20 de ancho, en el que nos vamos a encontrar con dos áreas de meta o penalti. Las líneas más largas que delimitan el terreno de juego serán las líneas de banda, mientras que las dos más cortas serán las que se conocen como líneas de fondo o de corner.

○ Todas las líneas forman parte de la zona que delimitan y son:

* Las líneas de banda se unen en su parte central por medio de una línea recta perpendicular a las mismas, denominada línea central. En el centro de la cancha será trazado un círculo de 3 metros de radio, denominado círculo central.

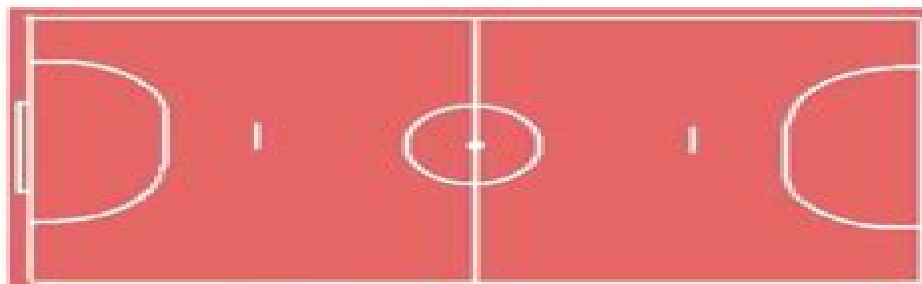

* El área de meta o de penalti será limitada por tres líneas. Una recta de 3 metros de longitud, paralela a la línea de meta y trazada a 6 metros de la misma. Las otras dos líneas, curvas, serán las resultantes del trazado de sendas circunferencias con centro en la base de los postes, y de 6 metros de radio, que unirán los extremos de la anterior línea paralela y la de fondo.

* El punto de penalti estará situado a 6 metros del centro de cada una de las porterías.

* El punto de doble penalti estará situado a 10 metros del centro de cada una de las porterías.

* La zona de sustituciones estará delimitada por dos líneas situadas en la línea de banda y será el lugar por donde se deban efectuar los cambios.

The Basque Dialect of Lekeitio José Ignacio Hualde, Gorka Elordieta, Arantzazu Elordieta, 1994 This book is a study of the Basque variety spoken in Lekeitio Vizcaya As such we have intended to make a direct contribution to Basque dialectology aiming at setting certain standards for research in this area In addition we believe that some of the materials assembled in this work will be of interest to a larger audience beyond Basque specialists It is for this reason that we decided to write the present book in English In our opinion certain linguistic aspects are treated in more detail here than in any previous work on any other Basque variety A case in point would be accentuation both at the lexical level and in its relation to the syntactic process of focalization

Future Of Immortality Robert J. Lifton, 1987-03-17 **Immortality** Stephen Cave, 2012-04-03 If you could live forever would you want to Both a fascinating look at the history of our strive for immortality and an investigation into whether living forever is really all it's cracked up to be A fascinating work of popular philosophy and history that both enlightens and entertains Stephen Cave investigates whether it just might be possible to live forever and whether we should want to He also makes a powerful argument that it's our very preoccupation with defying mortality that drives civilization Central to this book is the metaphor of a mountaintop where one can find the Immortals Since the dawn of humanity everyone whether they know it or not has been trying to climb that mountain But there are only four paths up its treacherous slope and there have only ever been four paths Throughout history people have wagered everything on their choice of the correct path and fought wars against those who've chosen differently In drawing back the curtain on what compels humans to keep on keeping on Cave engages the reader in a number of mind bending thought experiments He teases out the implications of each immortality gambit asking for example how long a person would live if they did manage to acquire a perfectly disease free body Or what would happen if a super being tried to round up the atomic constituents of all who've died in order to resurrect them Or what our loved ones would really be doing in heaven if it does exist We're confronted with a series of brain rattling questions What would happen if tomorrow humanity discovered that there is no life but this one Would people continue to please their boss vie for the title of Year's Best Salesman Would three hundred year projects still get started If the four paths
