suddenly that Alice had not a moment to think about stopping herself before she found herself falling down what seemed a deep well Either the well was very deep or she fell very slowly for she had plenty of time as she went down to look about her and to wonder what would happen next First she tried to look down and make out what she was coming to but it was too dark to see anything then she looked at the sides of the well and noticed that they were filled with cupboards and book shelves here and there were maps and pictures hung on pegs She took a jar down off one of the shelves as she passed it was labelled Orange Marmalade but to her great disappointment it was empty she did not like to drop the jar for fear of killing somebody underneath so managed to put it into one of the cupboards as she fell past it Well thought Alice to herself after such a fall as this I shall think nothing of tumbling down stairs How brave they ll all think me at home Why I wouldn t say anything about it even if I fell off the top of the house which was most likely true
