Regulating Football Commodification Consumption And The Law:

Regulating Football Steve Greenfield, Guy Osborn, 2001-06 Football in Europe has undergone massive changes over the last decade Regulating Football gets behind the headlines to look at the impact of ever increasing commercialisation and the commodification of football The essence of the book is football as it is played refereed managed bought sold and consumed the authors capture the life and action of the game as seen from the perspective of the numerous participants and place these experiences within a sociological economic and legal context which reflects the increasing commodification of the sport Exploring the ways in which the game is regulated the authors question whether we have reached the point where commercial issues have superseded the club and even the game of football itself The role of players agents officials governing bodies and the media are all explored The authors pay attention to levels of violence both on and off the field in both the professional and amateur forms of the game Racism in the game is also surveyed with particular emphasis placed on efforts to combat racism on and off the pitch

globalised sports industry Drawing on extensive empirical research into football around the world this book explains what agents do how their role has changed and why this is important for future sport business Offering analysis from economic legal social and historical perspectives the book explores key topics such as the history of sports agents including the emergence of the modern agent in US sport typologies and demographic profiles of agents in football valuations and organisational analysis of leading European agents and agencies relations between agents and clubs future directions for research into sports agents Focusing on the major European leagues this book goes further than any other in illuminating an important but under researched aspect of contemporary sport business It is a valuable resource for any student researcher or policy maker with an interest in sport business sport management sport policy the economics of sport or labour economics

Law and Sport in Contemporary Society Steven Greenfield, Guy Osborn, 2013-05-13 As the commercialization of sport grows the need for proper regulation increases In legal terms sport is part of the entertainment and media industries which are subject to rapid change This work brings together experts in many fields to analyze these changes and to discuss the implications of issues such as the BSkyB Manchester United case civil and criminal actions on the playing field the Bosman ruling drugs in sport the legality of boxing and the validity of decisions made by governing bodies This collection should appeal to students of both sports history and sports sociology

Violence and Racism in Football Brett Bebbler, 2015-10-06 This study based on government records newspaper articles and fanzines explores the complex interaction between politicians police and the perpetrators of football violence Bebbler looks at how successive governments tried to impose law and order on football hooligans whilst inadvertently escalating the violence

The Global Football League P. Millward, 2011-10-12 This book tackles issues of globalization in the English Premier League and unpicks what this means to fan groups around the world drawing upon a range of sociological theories to tell the story of the local and global repertoires of action emanating from the popular protests at Liverpool and Manchester United football clubs

Consuming Sport Garry Crawford, 2004-06-03 *Consuming Sport* offers a detailed consideration of how sport is experienced and engaged with in the everyday lives social networks and consumer patterns of its followers It examines the processes of becoming a sport fan and the social and moral career that supporters follow as their involvement develops over a life course The book argues that while for many people sport matters for many more it does not Though for some sport is significant in shaping their social and cultural identity it is often consumed and experienced by others in quite mundane and everyday ways through the media images that surround us conversations overheard and in the clothing of people we pass by As well as developing a new theory of sport fandom the book links this discussion to wider debates on audiences fan cultures and consumer practices The text argues that for far too long consideration of sport fans has focused on exceptional forms of support ignoring the myriad of ways in which sport can be experienced and consumed in everyday life

The People's Game? S. Morrow, 2003-09-30 The beautiful game is big business Football leagues worldwide are being dominated by clubs

who are becoming richer and more powerful Enormous corporate investment deals with media giants huge volumes of merchandising and dedicated TV channels mean that football teams are as concerned with the affairs of the boardroom as what is going on on the pitch In this dynamic new book Stephen Morrow examines the changing face of football looking at issues such as the role of the stock exchange the viability of the stakeholder approach the new economics of football including the role of media firms and the social impact of the sport Sports law and policy in the European Union Richard Parrish,2013-07-19 This electronic version has been made available under a Creative Commons BY NC ND open access license Adopting a distinctive legal and political analysis this book argues that the EU is receptive to the sports sectors claims for special treatment before the law The book investigates the birth of EU sports law and policy by examining significant court decisions the possibility of exempting sport from EU law sport and the EU treaty and more Assembling Consumption Robin Canniford,Domen Bajde,2015-09-16 Assembling Consumption marks a definitive step in the institutionalisation of qualitative business research By gathering leading scholars and educators who study markets marketing and consumption through the lenses of philosophy sociology and anthropology this book clarifies and applies the investigative tools offered by assemblage theory actor network theory and non representational theory Clear theoretical explanation and methodological innovation alongside empirical applications of these emerging frameworks will offer readers new and refreshing perspectives on consumer culture and market societies This is an essential reading for both seasoned scholars and advanced students of markets economies and social forms of consumption **The Association Game** Matthew Taylor,2013-10-18 The story of British football s journey from public school diversion to mass media entertainment is a remarkable one The Association Game traces British football from the establishment of the earliest clubs in the nineteenth century to its place as one of the prominent and commercialised leisure industries at the beginning of the twenty first century It covers supporters and fandom status and culture big business the press and electronic media and development in playing styles tactics and rules This is the only up to date book on the history of British football covering the twentieth century shift from amateur to professional and whole of the British Isles not just England Globalised Football Nina Clara Tiesler,Joao Nuno Coelho,2013-10-31 When studying the social phenomena in and around football five major aspects of globalisation processes become evident international migration the global flow of capital the syncretistic nature of tradition and modernity in contemporary culture new experiences of time and space and the revolution in information technologies In an exploration of these themes the collection provides insight into academic studies of football in Portugal Germany England Spain Brazil Angola Mozambique China Japan South Korea Russia and the USA At examining football related phenomena under the headings of nations and migration myths and business the city and the dream it shows how modernised football itself is object and subject in processes of both neo liberal globalisation and counter hegemonic globalisation While the contributions highlight characteristics of particular local and national contexts the volume focuses on global centre periphery

relations and migration trajectories of football professionals by analysing recent developments in post colonial Portuguese speaking areas The high ranking of Portuguese football not only serves in national ist discourses or in order to emancipate the country from a marginal position it also turns Portugal into a football talent exporter confronting it partly with the same ambiguous consequences as Brazil and the African countries who lose their football talents to the European centre The receiving countries again include Portugal This book was previously published as a special issue of Soccer in Society

Football and Supporter Activism in Europe Borja García,Jinming Zheng,2017-09-12 This book is the first to explore and compare football governance fandom culture and supporter engagement in Europe With a specific focus on supporter activism and campaigning the collection provides a comparative study of several European countries The authors argue that supporters despite being the pillar or the lifeblood of their club see their role in football governance marginalised The volume is unique in that it challenges the widely accepted assumption that membership football clubs encourage the democratic participation of supporters Covering football fandom in both the traditional big five leagues and non big five countries such as Portugal Turkey Croatia Poland and Czech Republic the volume will be of interest to students and scholars across a range of disciplines including sociology history sport management sport governance and political science Sport Management Russell Hoyer,2012 Sport Management Principles and applications provides a comprehensive introduction to the practical application of management principles within sport organisations It is ideal for first and second year students studying sport management related courses as well as those studying business focussed and human movement physical education courses seeking an overview of sport management principles In full colour to make key information easier to locate the book provides a comprehensive overview of The nature of the sport industry and the role of the state non profit and professional sectors in sport Core management principles and their application in sport highlighting the unique features of how sport is managed Includes discussion and insight into strategic planning organisational culture organisational structures human resource management leadership governance financial management marketing and performance management Highly accessible each chapter has a coherent structure featuring A conceptual overview of the focus for the chapter A presentation of accepted practice and key research findings supported by specific organisational examples at the community state provincial national and professional levels drawing from countries around the globe A section of teaching and learning resources including a reference list suggesons for further reading relevant websites and tutorial activity or study questions Brand new to this edition is a new case study at the end of each chapter as well as two new chapters on marketing and financial management Covers the fundamental management issues unique to sport so that students understand how general management principles relate to their area of study Extensive online lecturer materials including PowerPoint for every chapter tutorial activities test banks and diagnostic and teaching notes help lecturers save time preparing for lectures Brand new case studies examples and chapters from the UK Europe and Asia Pacific prepare students for employment in any country *Sport in Films* Emma

Poulton, Martin Roderick, 2019-05-30 Sport offers everything a good story should have: heroes and villains triumph and disaster, achievement and despair, tension and drama. Consequently, sport makes for a compelling film narrative and films in turn are a vivid medium for sport. Yet despite its regularity as a central theme in motion pictures, constructions and representations of sport and athletes have been marginalised in terms of serious analysis within the longstanding academic study of films and documentaries. In this collection, it is the critical study of film and its connections to sport that are examined. The collection is one of the first of its kind to examine the ways in which sport has been used in films as a metaphor for other areas of social life. Among the themes and issues explored by the contributors are: Morality tales in which good triumphs over evil; The representation and ideological framing of social identities including class, gender, race and nationality; The representation of key issues pertinent to sport including globalization, politics, commodification, consumerism and violence; The meanings spoken by films and the various readings which audiences make of them. This is a timely collection that draws together a diverse range of accessible, insightful and ground-breaking new essays. This book was published as a special issue of *Sport in Society*. *Sports and Human Rights* Véronique Boillet, Sophie Weerts, Andreas R.

Ziegler, 2024-06-06 Based on a series of themes and case studies, this book aims to illustrate the impact of sports policies and practices on individuals and their identities and to analyze the potential solutions offered by International Human Rights Law (IHRL) for these infringements. It bridges the gap between IHRL and sports studies and will be useful to scholars in both fields, especially those unfamiliar with each other's work. Furthermore, by investigating the context of sport and its governance, this collection offers a series of valuable insights enabling the development of an interpretation of law in context for legal scholars in the field of human rights. As the governance and regulation of sport are seen as illustrations of other forms of normativity, this book also contributes to the conversation about the transnational dimension of law and legal orders. In this respect, it illustrates that normative autonomy in the field of sport, associated with the idea of *lex sportiva*, tends to be relative regarding IHRL. The sporting environment is not disconnected from major contemporary social issues; it constitutes a public space in which injustices can be denounced but also the theater in which prejudices are perpetuated against various parties such as athletes or workers. IHRL commonly addresses attacks on individual dignity and social justice issues by guaranteeing rights to individuals and offering them protection mechanisms. In this context, can IHRL solve the problems encountered in the sporting environment? This is the question that animates this volume. This is an open access book.
