

What is Reiki

Reiki- **Rei** means "God's Wisdom / the Higher Power" and **Ki** is "life force energy". Reiki therefore means "spiritually guided life force energy".

Reiki creates balance and harmony in the recipient to promote healing.

Reiki energy flows freely from the healer's body to the recipient just like free flowing water. It relieves pain or stress from a part of the body with the greatest need.

83% studies show moderate to strong evidence supporting the merits of **Reiki** treatment.

The **Reiki** distance healing technique is used to send energies over a distance and treat clients.

A basic tenet of **Reiki** is that the flow of energy varies according to the degree of disharmony in the person or animal's body/mind.

Reiki energy works in harmony with all other forms of healing, including medicines, surgery, psychological care or any other method of alternative care.

About 4 000 000 people all over the world have taken atleast one level of **Reiki** training.
