Cranston, 1961      **Death and Eternal Life** John Hick, 1994-01-01 In this cross cultural interdisciplinary study John Hick draws upon major world religions as well as biology psychology parapsychology anthropology and philosophy to explore the mystery of death He argues that scientific and philosophical objections to the idea of survival after death can be challenged and he claims that human inadequacy in facing suffering supports the basic religious argument for immortality      **Reincarnation in America** Lee Irwin, 2017-07-31 This book presents a history of reincarnation from ancient times to the present it is written for a diverse readership interested in theories of life after death The survey offers an exciting journey through a maze of fascinating ideas that all contribute to an underlying theory that after death comes rebirth      **Return of the Revolutionaries** Walter Semkiw, 2003-04-01 Two hundred and twenty five years ago a political revolution took place in this country which swept power from the English monarchy and gave it to the people of the New World Today a spiritual revolution is underway in which spiritual power and responsibility are passing from institution to individuals You ll be shocked to learn that the same people are at the heart of both world changing movements John Adams Thomas Paine Samuel Adams the justices of the first Supreme Court and numerous other American Revolutionaries have been reincarnated as the political and spiritual leaders of today including George W Bush Bill Clinton Al Gore Marianne Williamson Shirley MacLaine and others Semkiw presents ample evidence that physical appearance character traits modes of thinking and expression as well as family and karmic groups often stay the same from lifetime to lifetime He s also included photographs demonstrating the startling physical similarities the individuals of the American Revolution share with today s revolutionaries As further support of the basic premise and reality of reincarnation Semkiw has included Dr Ian Stevenson s groundbreaking findings of children who report past lives as well as other case studies of individuals who have researched and written on their own past lives Discusses new research into using DNA to prove reincarnation Find out how physical appearance character traits synchronistic events karmic groups and

spiritual guidance can be used to detect one's past lives Includes numerous black white photographs dramatically illustrating the similar physical appearance of revolutionaries past and present

**EXPLORING REINCARNATION** Hans TenDam, 2012-12-31 Exploring Reincarnation examines the full range of explanations for past life recall This definitive study includes case histories from around the world as well as intriguing theories about the relationship between body and soul from general social beliefs about past lives to detailed questions about karma and past life regression therapy An outstanding introduction to reincarnation from a historical scientific and philosophical point of view Exploring Reincarnation is the now classic panorama on reincarnation ideas and experiences

**Where Airy Voices Lead** Piotr Bienkowski, 2020-05-29 Many have pursued and continue to pursue real immortality by seeking to prolong their lives on this earth Others pursue symbolic or proxy immortality through children fame or being part of something long lasting One can imagine these different forms of immortality as a menu of options of how to live forever you click the one that appeals to you most and best fits your beliefs hopes values and worldview

The Living Classroom, Second Edition Christopher M. Bache, 2024-12-01 A pioneering work in teaching and transpersonal psychology The Living Classroom explores the dynamics of collective consciousness in the classroom In this second edition Bache has in his own words come out of the psychedelic closet speaking candidly about the role that psychedelics played in the development of his integral holistic pedagogy Combining scientific research with personal accounts collected over thirty years Bache examines the subtle influences that radiate invisibly around teachers as they work unintended cognitive resonances that spring up between teachers and students in the classroom While these kinds of synchronistic connections are often overlooked by traditional academics Bache demonstrates that they occur too frequently and are too pointed to be dismissed as mere coincidence Drawing upon Rupert Sheldrake's theory of morphic fields Bache proposes that well taught courses generate learning fields around them forms of collective consciousness that can trigger new insights and startling personal transformations Moving beyond theory this book is rich with student stories and offers practical hands on strategies for teachers who want to begin working with these learning fields to take their teaching to a more conscious level

*Stumbling Down the Shamanic Path* Michèle Burdet, 2010-05-06 Stumbling Down the Shamanic Path relates how a spiritual skeptic became a questioner a meditator who avoided gurus an explorer of earth energies and then met the teacher who discerned the shaman sleeping in the spirit of a middle aged alpinist That was only the beginning for pursuit of this new tack offered a new set of hurdles After years of bumpy roads Michèle Burdet is today a practitioner of ancient shamanic arts such as soul retrieval and is teaching apprentices to carry on the torch of what she likes to call prehistoric psychotherapy

**After Death** Sukie Miller, 1998 The first cross cultural investigation of how humanity copes with the reality of death this new understanding of the afterdeath in much the same way the work of Elisabeth Kubler Ross does for the dying process Using extensive and innovative research anecdotes and stories Sukie Miller has woven together the results of groundbreaking studies of attitudes world wide toward the afterdeath Identifying four distinct stages
