Reinventing Accountability Making Democracy Work For Human Development:

Reinventing Accountability A. Goetz, R. Jenkins, 2004-12-16 A deepening crisis in accountability in developing democracies has triggered much debate on accountability and the mechanisms needed for overcoming deficiencies of democracy This book analyzes a wide variety of contemporary efforts to reform accountability systems in developing countries

Performance Accountability and Combating Corruption Anwar Shah, 2007 Performance based oversight and accountability can serve as an important antidote to government corruption inefficiency and waste This volume provides an analytical framework and operational approaches needed for the implementation of results based accountability The volume makes a major contribution to the literature on public management and evaluation Major subject areas covered in this book include performance based accountability e government network solutions to performance measurement and improvement institutions of accountability in governance legal and institutional framework to hold government to account fighting corruption external accountability ensuring integrity of revenue administration the role of supreme audit institutions on detecting fraud and corruption and the role of parliamentary budget offices and public accounts committees

Accountability and Democracy Craig T. Borowiak, 2011-07-01 Few political concepts are as emblematic of our era as democratic accountability In a time of political and economic turmoil in which global forces have destabilized conventional relations of political authority democratic accountability has come to symbolize both what is absent and what is desired in our polity Situated at the intersection of democratic theory and international studies *Accountability and Democracy* provides an in depth critical analysis of accountability Through an engagement with several key democratic traditions both ancient and modern the book paints a rich picture of democratic accountability as a multi dimensional concept harboring competing imperatives and diverse instantiations Contrary to dominant views that emphasize discipline and control Craig Borowiak offers an original and refreshing view of democratic accountability as a source of mutuality participation and political transformation He both creatively engages conventional electoral models of accountability and moves beyond them by situating democratic accountability within more deliberative participatory and agonistic contexts Provocatively the book also challenges deep seated understandings of democratic accountability as an expression of popular sovereignty Borowiak instead argues that accountable governance is incompatible with all claims to ultimate authority regardless of whether they refer to the demos the state or cosmopolitan public law Rather than conceiving of democratic accountability as a way to legitimize a secure and sovereign political order the book contends that destabilization and democratic insurgence are indispensable and often neglected facets of democratic accountability practices For contemporary scholars practitioners and activists grappling with the challenge of building democratic legitimacy into world politics the book urges greater reflexivity and nuance in how democratic accountability is evoked and implemented It offers insights into the myriad ways democratic accountability has been thwarted in the past while also cultivating a sense of expanded possibility for how it might be

conceived for the present **Making Bureaucracy Work** Akshay Mangla,2024-01-25 This book examines when and how public bureaucracies work for disadvantaged citizens through a comparative study of primary education in rural India

Accountability through Public Opinion Sina Odugbemi,Taeku Lee,2011-05-10 This books analyses the role of public opinion for generating genuine citizen demand for accountability providing case studies from around the world to illustrate how public opinion forces governments to be accountable NGOs and Accountability in China Jude Howell,Xiaoyuan

Shang,Karen R. Fisher,2018-05-15 This book investigates how NGOs in authoritarian states such as China craft accountability and legitimacy to ensure their survival It explores this through the lens of child welfare organisations from 2007 to 2017 The authors provide a fresh approach to accountability that is more attuned to the particular conditions of authoritarianism The project explores the effects of power relations in shaping the hierarchies of accountability and participation that emerge and the attention given to different voices such as those of donor government and users Essential reading for researchers and policy makers interested in development NGO social policy political science and child welfare studies *The State of India's Democracy* Sumit Ganguly,Larry Diamond,Marc F. Plattner,2007-09-10 Wilkinson William Crawley Asian Affairs *Building Peace* Laura J. Shepherd,2018-10-11 Moving seamlessly from the global to the local from the politics of institutions to the theoretical apparatus through which we analyse peace and security governance the contributions to this volume draw attention to the operations of gendered power in peacebuilding across diverse contexts and explore the possibilities of gender sensitive sustainable peace The authors have wide ranging expertise in gendered analysis of the peacebuilding practices of international and national organisation detailed and complex qualitative analysis of the gendered politics of peacebuilding in specific country contexts and feminist analysis of the tools we use to think with when approaching contemporary debates about peacebuilding The volume thus serves not only as a useful marker of the development of feminist encounters with peacebuilding but also as a foundation for future scholarship in this area This book was originally published as a special issue of the journal Peacebuilding **Governance of HIV/AIDS** Sophie

Harman,Franklyn Lisk,2009-07-06 Nearly thirty years since HIV AIDS was first identified confusion over effective mechanisms of controlling and eradicating the illness remain prevalent This book highlights the need for comprehensive approaches to governance as responses to HIV AIDS become increasingly focused upon the health aspect of the epidemic and financial commitments become subject to aid fatigue This book examines the roles and influence of multiple actors and initiatives that have come to constitute the global response to the epidemic It considers how these actors and structures of governance enhance or limit participation and accountability and the impact this is having upon effective HIV AIDS responses across the world The book addresses participation and accountability as key elements of governance in four thematic areas the role of the state and democratic governance non state actors and mechanisms of political governance public private partnerships and economic governance and multilateral institutions and global governance Drawing on the

insights of public health specialists political scientists economists lawyers those working with community groups and within international organisations it offers valuable perspectives on the governance of HIV AIDS Aimed at both academics and practitioners throughout the world this book contributes to the academic debate surrounding global governance health and development economics and the work of multiple international organisations and civil society organisations

Norms, Gender and Corruption Kubbe, Ina, Merkle, Ortrun, 2022-10-14 Building upon the body of existing literature that has established the importance of norms in understanding why genders interact with social phenomena differently and how gender plays a role in most aspects of corruption this cutting edge book expands the fields to explore the nexus between norms gender and corruption

Altered States Valerie Sperling, 2009-05-25 Is globalization good for democracy Or has it made our governing institutions less accountable to citizens Located at the intersection of international relations and comparative politics this book explores the effects of globalization on national governance Under what circumstances do the transnational forces that embody globalization encourage or discourage political accountability Among the transnational forces discussed in the book are the International Monetary Fund the World Bank multinational corporations the United Nations private military contractors peacekeepers the European Court of Human Rights and several transnational social movements Using in depth case studies of situations in which these transnational institutions interact with national governments and citizens Valerie Sperling traces the impact of economic political military judicial and civic globalization on state accountability and investigates the degree to which transnational institutions are themselves responsible to the people whose lives they alter

Forced Displacement K. Grabska, L. Mehta, 2008-11-12 Uprootedness exile and forced displacement be they due to conflict persecution or so called development are conditions which characterise the lives of millions across the globe This book analyses a range of displacement situations including development oustees refugees and internally displaced persons

50.50: Women Writers, Politics and Voice Rosemary Bechler,

Governance and Democracy Arthur Benz, Ioannis Papadopoulos, 2006-04-18 For the first time this new collection brings together country specialists researchers on the European Union and leading international relations scholars to tackle a crucial question how compatible are today's new patterns of policy networks and multi level governance with democratic standards This important question is attracting attention both in political science and in political practices In political science the question is mainly dealt with in separated sub disciplines which focus on different levels of politics So far no serious exchange has actually taken place between authors working on these different levels The editors of this book both specialists of network and multi level governance show that although the issue is raised differently in the institutional settings of the national state the European Union or transnational governance excellent insights can be gained by comparison across these settings This major new contribution includes cutting edge work from junior scholars alongside chapters by leading specialists of governance such as Guy Peters Jon Pierre Philippe C Schmitter and Thomas Risse It also contains a collection of new case studies theoretical conceptualisations and

normative proposals for solutions dealing with the issue of democratic deficits which all give the reader a better understanding of the most crucial problems and perspectives of democracy in different patterns of governance beyond conventional government approaches This is a valuable book for policy analysts students of the European Union and international relations and all students in social and political science **Governing Women** Anne Marie Goetz,2009-01-13 Using case studies from around the world this volume argues that good governance from a gender perspective requires more than just additional women in politics it requires fundamental incentive changes to orient public action and policy to support gender equality *Foundations for Local Governance* Fumihiko Saito,2008-01-15 Successful reforms need coherent approaches in which a range of stakeholders are willing to share responsibilities and resources in order to achieve the ultimate outcome of poverty reduction in developing countries This book provides a framework to access intended outcomes generated by decentralization measures implemented in Asian and African countries It is based on comparative analyses of different experiences of decentralization measures in six developing countries **Knowledge, Policy and Power in International Development** Harry Jones,Nicola A. Jones,Louise Shaxson,David Walker,2012-04-18 This book presents an academically rigorous yet practical guide to efforts to understand how knowledge policy and power interact to promote or prevent change It offers a power analysis perspective on the knowledge policy process illustrated with rich empirical examples from the field of international development combined with practical guidance on the implications of such an approach It provides ways to identify and address problems that have hampered previous attempts to improve the space between knowledge and policy such as difficulties in analysing political context persistent asymmetric relationships between actors ignorance of the contributions of different types of knowledge and misconceptions of the roles played by intermediary organisations Most importantly the book gives readers the ability to develop strategies for negotiating the complexity of the knowledge policy interface more effectively so as to contribute to policy dialogues influence policy change and implement policies and programmes more effectively The authors focus on the dynamics of the knowledge policy interface in international development offering novel theoretical insights and methodological approaches that are applicable to a broader array of policy arenas and their audiences including academics practitioners and students Coalition Politics and Hindu Nationalism Katharine Adeney,Lawrence Saez,2007-04-11 This new collection examines the emergence of the Bharatiya Janata Party BJP in India and the ways in which its Hindu nationalist agenda has been affected by the constraints of being a dominant member of a coalition government Religious influence in contemporary politics offers a fertile ground for political sociological analysis especially in societies where religion is a very important source of collective identity In South Asian societies religion can and often has provided legitimacy to both governments and those who oppose them This book examines the emergence of the BJP and the ways in which its Hindu nationalist agenda has been affected by the constraints of being a dominant member of a coalition government The collected authors take stock of the party's first full term in power presiding

over the diverse forces of the governing NDA coalition and the 2004 elections They assess the BJP's performance in relation to its stated goals and more specifically how it has fared in a range of policy fields centre state relations foreign policy defence policies the second generation of economic reforms initiatives to curb corruption and the fate of minorities Explicitly linking the volume to literature on coalition politics this book will be of great importance to students and researchers in the fields of South Asian studies and politics

Helping Familiar Strangers Louise Olliff, 2022-12-06 Who helps in situations of forced displacement How and why do they get involved In *Helping Familiar Strangers* Louise Olliff focuses on one type of humanitarian group refugee diaspora organizations RDOs to explore the complicated impulses practices and relationships between these activists and the familiar strangers they try to help By documenting findings from ethnographic research and interviews with resettled and displaced persons RDO representatives and humanitarian professionals in Australia Switzerland Thailand and Indonesia Olliff reveals that former refugees are actively involved in helping people in situations of forced displacement and that individuals with lived experience of forced displacement have valuable knowledge skills and networks that can be drawn on in times of humanitarian crisis We live in a world where humanitarians have varying motivations capacities and ways of helping those in need and *Helping Familiar Strangers* confirms that RDOs and similar groups are an important part of the tapestry of care that people turn to when seeking protection far from home

Accountability Politics Jonathan A. Fox, 2007-12-13 How can the seeds of accountability ever grow in authoritarian environments Embedding accountability into the state is an inherently uneven partial and contested process Campaigns for public accountability often win limited concessions at best but they can leave cracks in the system that serve as handholds for subsequent efforts to open up the state to public scrutiny This book explores the how civil society thickens by comparing two decades of rural citizens' struggles to hold the Mexican state accountable exploring both change and continuity before during and after national electoral turning points The book addresses how much power sharing really happens in policy innovations that include participatory social and environmental councils citizen oversight of elections local government social investment funds participation reforms in World Bank projects community managed food programs as well as new social oversight and public information access reforms Meanwhile efforts to exercise voice unfold at the same time as rural citizens consider their exit options as millions migrate to the US where many have since come together in a new migrant civil society Since explanations of electoral change do not account for how people actually experience the state this book concludes that new analytical frameworks are needed to understand transitions to accountability This involves unpacking the interaction between participation transparency and accountability Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war The geographical focus of the series is primarily Latin America the Caribbean Southern and Eastern Europe and relevant experiences in Africa and Asia The series editor is
