Germaine de Staël, George Sand, and the Victorian Woman Artist Linda M. Lewis, 2003 By examining literary portraits of the woman as artist Linda M Lewis traces the matrilineal inheritance of four Victorian novelists and poets George Eliot Elizabeth Barrett Browning Geraldine Jewsbury and Mrs Humphry Ward She argues that while the male Romantic artist saw himself as god and hero the woman of genius lacked a guiding myth until Germaine de Stael and George Sand created one The protagonists of Stael's *Corinne* and Sand's *Consuelo* combine attributes of the goddess Athena the Virgin Mary Virgil's Sibyl and Dante's Beatrice Lewis illustrates how the resulting *Corinne* *Consuelo* effect is exhibited in scores of English artist as heroine narratives particularly in the works of these four prominent writers who most consciously and elaborately allude

to the French literary matriarchs Exploring a connection between French and English literature and providing fresh insight Germaine de Stael George Sand and the Victorian Woman Artist makes a major contribution to our understanding of nineteenth century feminism Jacket *Southern Womanhood and Slavery* Leigh Fought,2003-06-01 Southern Womanhood and Slavery is the first full length biography of Louisa S McCord one of the most intriguing intellectuals in antebellum America The daughter of South Carolina planter and politician Langdon Cheves and an essayist in her own right McCord supported unregulated free trade and the perpetuation of slavery and opposed the advancement of women s rights This study examines the origins of her ideas Leigh Fought constructs an exciting narrative that follows McCord from her childhood as the daughter of a state representative and president of the Bank of the United States through her efforts to accept her position as wife and mother her career as an author and plantation mistress and the Union invasion of South Carolina during the Civil War to the end of her life in the emerging New South Fought analyzes McCord s poetry letters and essays in an effort to comprehend her acceptance of slavery and the submission of women Fought concludes that McCord came to a defense of slavery through her experience with free labor in the North which also reinforced her faith in the paternalist model for preserving social order McCord s life as a writer on unfeminine subjects her reputation as strong minded and masculine her late marriage her continued ownership of her plantation after marriage and her position as the matron of a Civil War hospital contradicted her own philosophy that women should remain the quiet force behind their husbands She lived during a time of social flux in which free labor slavery and the role of women underwent dramatic changes as well as a time that enabled her to discover and pursue her intellectual ambitions Fought examines the conflict that resulted when those ambitions clashed with McCord s role as a woman in the society of the South McCord s voice was an interesting articulate and necessary feminine addition to antebellum white ideology Moreover her story demonstrates the ways in which southern women negotiated through patriarchy without surrendering their sense of self or disrupting the social order Engaging and very readable Southern Womanhood and Slavery will be of special interest to students of southern history and women s studies as well as to the general reader **Conscious Acts and the Politics of Social Change** Robin L. Teske,Mary Ann Tétreault,2000 **Woman Awake** Christina Feldman,2016-08-01 Because women have been conditioned to live according to traditional feminine values conformity passivity and surrender of the self they often feel powerless to transform their lives and afraid to lose their sense of worth In Woman Awake Christina Feldman suggests that it is possible for women to break out of their negative patterns and accept themselves as they really are With a growing awareness of the dignity of all life and its connection with them women can overcome the social conditioning and myth making that overwhelm and oppress them For those women new to Buddhist meditation Christina Feldman offers sensitive and valuable guidelines on breathing and relaxation stressing above all that learning to understand appreciate and value themselves is the first step toward women s creative and joyful integration with the world **The Life Ready Woman** Shaunti Feldhahn,Robert

Lewis, 2011 Best selling authors Shaunti Feldhahn *For Women Only* and Robert Lewis help women understand how to live boldly and biblically while staying in step with the twenty first century **Aliens and Others** Jenny Wolmark, 1994

Woman and the Demon Nina Auerbach, 1982 Analyzes the Victorian conception of both demonic and divine nature of women in Victorian art and literature **No Man's Land** Sandra M. Gilbert, Susan Gubar, 1996-02-21 How do writers and their readers imagine the future in a turbulent time of sex war and sex change And how have transformations of gender and genre affected literary representations of woman man family and society This final volume in Gilbert and Gubar's landmark three part *No Man's Land* *The Place of the Woman Writer in the Twentieth Century* argues that throughout the twentieth century women of letters have found themselves on a confusing cultural front and that most increasingly aware of the artifice of gender have dispatched missives recording some form of the future shock associated with profound changes in the roles and rules governing sexuality Divided into two parts *Letters from the Front* is chronological in organization with the first section focusing on such writers of the modernist period as Virginia Woolf Zora Neale Hurston Edna St Vincent Millay Marianne Moore and H D and the second devoted to authors who came to prominence after the Second World War including Gwendolyn Brooks Sylvia Plath Margaret Atwood Toni Morrison and A S Byatt Embroiled in the sex antagonism that Gilbert and Gubar traced in *The War of the Words* and in the sexual experimentations that they studied in *Sexchanges* all these artists struggled to envision the inscription of hitherto untold stories on what H D called the blank pages of the unwritten volume of the new Through the works of the first group Gilbert and Gubar focus in particular on the demise of any single normative definition of the feminine and the rise of masquerades of femininity amounting to female female impersonation In the writings of the second group the critics pay special attention to proliferating revisions of the family romance revisions significantly inflected by differences in race class and ethnicity and to the rise of masquerades of masculinity or male male impersonation Throughout Gilbert and Gubar discuss the impact on literature of such crucial historical events as the Harlem Renaissance the Second World War and the sexual revolution of the sixties What kind of future might such a past engender Their book concludes with a fantasia on *The Further Adventures of Snow White* in which their bravura retellings of the Grimm fairy tale illustrate ways in which future writing about gender might develop *Greatness Engendered* Alison Booth, 2018-03-15 The egotism that fuels the desire for greatness has been associated exclusively with men according to one feminist view yet many women cannot suppress the need to strive for greatness In this forceful and compelling book Alison Booth traces through the novels essays and other writings of George Eliot and Virginia Woolf radically conflicting attitudes on the part of each toward the possibility of feminine greatness Examining the achievements of Eliot and Woolf in their social contexts she provides a challenging model of feminist historical criticism **Cultural Perspectives on Aging** Andrea Hülsen-Esch, 2021-11-22 Current demographic developments and change due to long life expectancies low birth rates changing family structures and economic and political crises causing migration and flight are having a significant impact on

intergenerational relationships the social welfare system the job market and what elderly people can expect from their retirement and environment The socio political relevance of the categories of age and ageing have been increasing and gaining much attention within different scholarly fields However none of the efforts to identify age related diseases or the processes of ageing in order to develop suitable strategies for prevention and therapy have had any effect on the fact that attitudes against the elderly are based on patterns that are determined by parameters that are not biological or sociological age ing is also a cultural fact This book reveals the importance of cultural factors in order to build a framework for analyzing and understanding cultural constructions of ageing bringing together scholarly discourses from the arts and humanities as well as social medical and psychological fields of study The contributions pave the way for new strategies of caring for elderly people

Female Identity in Feminist Writings Dr. Vaishali Dahiya, 2022-05-25 *Female Identity in Feminist Writings* revolves around the thought that Feminism is an ideology with a difference This makes it peculiarly difficult to analyze and criticize the terms usually applied to ideologies If women were to be truly equal to men then there would be a need for female emancipation within both private and public spheres Perhaps men or the state should have a greater role in child rearing realizing women have a greater role in every sphere Perhaps there should be a wage for the work done by women in the private sphere Whatever the answer there is agreement among feminists that such divisions are not natural or biological in origin but social and as such can be reformed by social and political change

Sacred Groves and Ravaged Gardens Louise Westling, 2008 In *Sacred Groves and Ravaged Gardens* Louise Westling explores how the complex difficult roles of women in southern culture shaped the literary worlds of Eudora Welty Carson McCullers and Flannery O'Connor Tracing the cultural heritage of the South Westling shows how southern women reacted to the violent false world created by their men a world in which women came to be shrouded as icons of purity in atonement for the sins of men Exposing the actual conditions of women's lives creating assertive protagonists who resist or revise conventional roles and exploring rich matriarchal traditions and connections to symbolic landscapes Welty McCullers and O'Connor created a body of fiction that enriches and complements the patriarchal version of southern life presented in the works of William Faulkner John Crowe Ransom Allen Tate and William Styron
