to transform chronically frustrating relationship dynamics We've all been there A conversation with a loved one escalates into conflict Voices rise to a fever pitch and angry accusative words fly through the air At times like these it seems impossible to find the magic words that will lead to healing Enter *Talk to Me Like I'm Someone You Love* A psychotherapist with decades of experience in counseling couples Nancy Dreyfus hit upon the revolutionary practice outlined in this book during a couples therapy session in which a wife's unrelenting criticism of her husband was causing him to become emotionally withdrawn In the midst of this Dreyfus found herself scribbling on a scrap of paper Talk to me like I'm someone you love and gestured to the husband that he should hold it up He did and within seconds the familiar power differential between the two shifted and a gentler more genuine connection emerged Dreyfus was startled then intrigued and then motivated to create a tool that could help others This book features more than one hundred of Dreyfus's flash cards for real life written statements that express what we wish we could communicate to the person we love but either can't find the right words or the right tone in which to say it The statements include Taking responsibility I realize I'm overreacting Can you give me a minute to get sane again Apologizing I know I've really hurt you What can I do to help you trust me again Loving You are precious and I get that I haven't been treating you like you are A one of a kind practical relationship tool *Talk to Me Like I'm Someone You Love* will help couples to stop arguing and begin healing *Sync Your Relationship, Save Your Marriage* Peter Fraenkel, Ph.D., 2011-03-15 Award winning couples therapist Peter Fraenkel argues that most relationship problems can be traced to partners being out of sync on the powerful but mostly hidden dimension of time Differences in daily rhythms personal pace punctuality time perspective and priorities about how time is allocated can all lead to couple conflict Yet the fascinating fact is that these polarizing time differences play a potent role in attracting lovers in the first place In this trailblazing new book he draws on his original research to show how a clearer understanding of these forces can improve the health of your relationship and even rescue a failing one *Mars and Venus Together Forever* John Gray, 1997-12-05 Is it really possible to be in love forever New York Times bestselling author John Gray will show you how in *Mars and Venus Together Forever* This resource guide contains relationship skills that will help you and your mate sustain a lasting relationship that only grows richer with time *Mars and Venus Together Forever* educates the different sexes on What your mother couldn't tell you and your father didn't know What women need most and men really want How men and women think and feel differently The language barrier men speak male and women speak female The seven secrets of lasting passion And much more Filled with lively anecdotes revealing exercises and profound common sense *Mars and Venus Together Forever* will help men and women explore new frontiers in their relationships communicate effectively with each other and discover the secret of happily ever after *Why Mars and Venus Collide* John Gray, 2008-01-22 Once upon a time Martians and Venusians functioned in separate worlds But in today's hectic and career oriented environment relationships have become a lot more complicated and men and women are experiencing unprecedented levels of stress To add to the increasing tension most men

and women are also completely unaware that they are actually hardwired to react differently to the stress It s a common scenario a husband returns home from work stressed out and eager to kick back on the couch and watch television A wife returns home from work stressed out and wants to talk about it with her husband What happens Neither is on the same page anger and resentment set in and Mars and Venus collide Using his signature insight that has helped millions of couples transform their relationships John Gray once again arms the inhabitants of Mars and Venus with information that will help them live harmoniously ever after In *Why Mars and Venus Collide* Gray focuses on the ways that men and women misinterpret and mismanage the stress in their daily lives and how these reactions ultimately affect their relationships It s not that he s just not into you he needs to fulfill a biological need Gray explains And it s not that she wants to henpeck you she also has a biological drive He shows for instance how a husband s withdrawal is actually a natural way for him to replenish his depleted testosterone levels and restore his well being and how a woman s need for conversation and support helps her build her own stress reducing hormone oxytocin Backed up by groundbreaking scientific research Gray offers a clear easy to understand program to bridge the gap between the two planets providing effective communication strategies that will actually lower stress levels Whether in a relationship or single this book will help both men and women understand their new roles in a modern work oriented society and allow them to discover a variety of new and practical ways to create a lifetime of love and harmony
