Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self

Peter Dunlap-Shohl

Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self:

Relational Autonomy Natalie Stoljar, 2000 **Autonomy, Gender, Politics** Marilyn Friedman, 2003-01-09 Women have historically been prevented from living autonomously by systematic injustice subordination and oppression The lingering effects of these practices have prompted many feminists to view autonomy with suspicion Here Marilyn Friedman defends the ideal of feminist autonomy In her eyes behavior is autonomous if it accords with the wants cares values or commitments that the actor has reaffirmed and is able to sustain in the face of opposition By her account autonomy is socially grounded yet also individualizing and sometimes socially disruptive qualities that can be ultimately advantageous for women Friedman applies the concept of autonomy to domains of special interest to women She defends the importance of autonomy in romantic love considers how social institutions should respond to women who choose to remain in abusive relationships and argues that liberal societies should tolerate minority cultural practices that violate women s rights so long as the women in question have chosen autonomously to live according to those practices **Relational Autonomy** Catriona Mackenzie, Natalie Stoljar, 2023 **Vulnerability** Catriona Mackenzie, 2014 This volume breaks new ground by investigating the ethics of vulnerability Drawing on various ethical traditions the contributors explore the nature of vulnerability the responsibilities owed to the vulnerable and by whom **Personal Autonomy and Social Oppression** Marina A.L. Oshana, 2014-11-13 Personal Autonomy and Social Oppression addresses the impact of social conditions especially subordinating conditions on personal autonomy The essays in this volume are concerned with the philosophical concept of autonomy or self governance and with the impact on relational autonomy of the oppressive circumstances persons must navigate They address on the one hand questions of the theoretical structure of personal autonomy given various kinds of social oppression and on the other how contexts of social oppression make autonomy difficult or impossible *Creative Collaboration* Vera John-Steiner, 2006 What is the true nature of thinking Can it best be understood as a solitary activity of a lone individual This book suggests that our grasp of creativity is impoverished because we fail to recognise the vital roles that partnerships collaborations friendships and communities play in our thinking learning and understanding **Mental Capacity in Relationship** Camillia Kong, 2017-05-11 An interdisciplinary text that investigates mental capacity and considers how relationships can affect an individual s ability to make decisions *Feminist Perspectives* Lorraine Code, Sheila Mullett, Christine Overall, 1988 Autonomy and the Self Michael Kühler, Nadja Jelinek, 2012-11-28 This volume addresses the complex interplay between the conditions of an agent s personal autonomy and the constitution of her self in light of two influential background assumptions a libertarian thesis according to which it is essential for personal autonomy to be able to choose freely how one s self is shaped on the one hand and a line of thought following especially the seminal work of Harry Frankfurt according to which personal autonomy necessarily rests on an already sufficiently shaped self on the other hand Given this conceptual framework a number of influential aspects within current debate can be addressed in a new

and illuminating light accordingly the volume's contributions range from 1 discussing fundamental conceptual interconnections between personal autonomy and freedom of the will 2 addressing the exact role and understanding of different personal traits e.g Frankfurt's notion of volitional necessities commitments to norms and ideals emotions the phenomenon of weakness of will and psychocorporeal aspects 3 and finally taking into account social influences which are discussed in terms of their ability to buttress to weaken or even to serve as necessary preconditions of personal autonomy and the forming of one's self The volume thus provides readers with an extensive and most up to date discussion of various influential strands of current philosophical debate on the topic It is of equal interest to all those already engaged in the debate as well as to readers trying to get an up to date overview or looking for a textbook to use in courses

God, the Gift, and Postmodernism John D. Caputo, Michael J. Scanlon, 1999-12-22 Pushing past the constraints of postmodernism which cast reason and religion in opposition *God the Gift and Postmodernism* seizes the opportunity to question the authority of the modern and open the limits of possible experience including the call to religious experience as a new millennium approaches Jacques Derrida the father of deconstruction engages with Jean Luc Marion and other religious philosophers to entertain questions about intention givenness and possibility which reveal the extent to which deconstruction is structured like religion New interpretations of Kant Heidegger Husserl and Derrida emerge from essays and discussions with distinguished philosophers and theologians from the United States and Europe The result is that *God the Gift and Postmodernism* elaborates a radical phenomenology that stretches the limits of its possibility and explores areas where philosophy and religion have become increasingly and surprisingly convergent Contributors include John D Caputo John Dominic Crossan Jacques Derrida Robert Dodaro Richard Kearney Jean Luc Marion Frangoise Meltzer Michael J Scanlon Mark C Taylor David Tracy Merold Westphal and Edith Wyschogrod

Rethinking Intuition Michael Raymond DePaul, William M. Ramsey, 1998 Ancients and moderns alike have constructed arguments and assessed theories on the basis of common sense and intuitive judgements This volume brings together a group of philosophers and psychologists to discuss these issues It contains a collection of essays discussing intuition from two different perspectives They also cover how psychological research seems to pose serious challenges to traditional intuition driven philosophical enquiry

Agency and Imagination in the Films of David Lynch James D. Reid, Candace R. Craig, 2019-12-13 *Agency and Imagination in the Films of David Lynch* Philosophical Perspectives offers a sustained philosophical interpretation of the filmmaker's work in light of classic and contemporary discussions of human agency and the complex relations between our capacity to act and our ability to imagine With the help of the pathological characters that so often leave their unforgettable mark on Lynch's films this book reveals several important ways in which human beings fail to achieve fuller embodiments of agency or seek substitute satisfactions in spaces of fantasy In keeping with Lynch's penchant for unconventional narrative techniques James D Reid and Candace R Craig explore the possibility scope and limits of the very idea of agency itself and what it might be like to renounce concepts of

agency altogether in the interpretation and depiction of human life In a series of interlocking readings of eight feature length films and *Twin Peaks: The Return* that combine suggestive philosophical analysis with close attention to cinematic detail Reid and Craig make a convincing case for the importance of David Lynch's work in the philosophical examination of agency the vagaries of the human imagination and the relevance of film for the philosophy of human action Scholars of film studies and philosophy will find this book particularly useful

Embodiment and Agency Sue Campbell, Letitia Meynell, Susan Sherwin, 2009-07-15 Themes of embodiment and agency have long been central to feminist philosophical thought and have increasingly led feminists to extend their theorizing to encompass a range of identities shaped by processes of gender race class disability and sexuality The intersection of these themes however has often been limited to analyzing how specific modes of socialized embodiment can be impediments to agency or autonomy *Embodiment and Agency* is distinctive in bringing a remarkable range of theoretical perspectives and resources to the project in ways that stress possibilities as well as constraints Contributors utilize for example phenomenology psychoanalysis care ethics analytic philosophy Hegelian critique and postcolonial theory to examine embodiment and agency in contexts ranging from a child's struggle to find her own identity to global politics The volume is integrated through its theme through an introductory essay situating the contributions in relation to each other and to current feminist theory on agency and through the structuring of the contents into two distinct sections Part I *Becoming Embodied Subjects* explores how we become individually and collectively identified subjects through the possibilities for agency that arise from specific modes of embodiment Part II *Embodied Relations: Political Contexts* continues the theme of embodied agency in contemporary sociopolitical contexts It challenges the reader to reconceptualize the links between embodiment and moral agency in ways adequate to political realities personal relationships and collective responsibilities

Personal Autonomy James Stacey Taylor, 2008-08-11 This volume brings together original essays addressing the theoretical foundations of the concept of autonomy as well as essays investigating the relationship between autonomy and moral responsibility freedom political philosophy and medical ethics Written by prominent philosophers currently in these areas the book represents cutting edge research on the nature and value of autonomy and will be essential reading for a broad range of philosophers as well as psychologists

Autonomy, Oppression, and Gender Andrea Veltman, Mark Piper, 2014-07-14 This collection of new essays examines philosophical issues at the intersection of feminism and autonomy studies Are autonomy and independence useful goals for women and subordinate persons Is autonomy possible in contexts of social subordination Is the pursuit of desires that issue from patriarchal norms consistent with autonomous agency How do emotions and caring relate to autonomous deliberation Contributors to this collection answer these questions and others advancing central debates in autonomy theory by examining basic components normative commitments and applications of conceptions of autonomy Several chapters look at the conditions necessary for autonomous agency and at the role that values and norms such as independence equality inclusivity self respect care and

femininity play in feminist theories of autonomy Whereas some contributing authors focus on dimensions of autonomy that are internal to the mind such as deliberative reflection desires cares emotions self identities and feelings of self worth several authors address social conditions and practices that support or stifle autonomous agency often answering questions of practical import These include such questions as What type of gender socialization best supports autonomous agency and feminist goals When does adapting to severely oppressive circumstances such as those in human trafficking turn into a loss of autonomy How are ideals of autonomy affected by capitalism and How do conceptions of autonomy inform issues in bioethics such as end of life decisions or rights to bodily self determination **Feminist Metaphysics** Charlotte

Witt,2010-11-25 The present volume is an exciting new collection of original essays by outstanding feminist theorists including Sally Haslanger Marilyn Frye and Linda Alcoff **Feminist Metaphysics** is the first collection of articles addressing metaphysical issues from a feminist perspective The essays cover central feminist topics including the ontology of sex and gender persons identity and subjectivity and the relations among experience ideology and reality Many of the papers combine cutting edge feminist theory with contemporary metaphysics and the philosophy of language The volume is also distinctive in including articles representing both analytic and continental perspectives on metaphysics The essays are philosophically sophisticated and are primarily intended for a professional audience of philosophers and feminist theorists

My Degeneration Peter Dunlap-Shohl,2015-11-15 How does one deal with a diagnosis of Parkinson s disease at the age of forty three **My Degeneration** by former Anchorage Daily News staff cartoonist Peter Dunlap Shohl answers the question with humor and passion recounting the author s attempt to come to grips with the malicious whimsy of this chronic progressive and disabling disease This graphic novel tracks Dunlap Shohl s journey through depression the worsening symptoms of the disease the juggling of medications and their side effects the impact on relations with family and community and the raft of mental and physical changes wrought by the malady **My Degeneration** examines the current state of Parkinson s care including doctor patient relations and the repercussions of a disease that among other things impairs movement can rob patients of their ability to speak or write degrades sufferers ability to deal with complexity and interferes with the sense of balance Readers learn what it s like to undergo a dramatic demanding and audacious bit of high tech brain surgery that can mysteriously restore much of a patient s control over symptoms But **My Degeneration** is more than a Parkinson s memoir Dunlap Shohl gives the person newly diagnosed with Parkinson s disease the information necessary to cope with it on a day to day basis He chronicles the changes that life with the disease can bring to the way one sees the world and the way one is seen by the wider community Dunlap Shohl imparts a realistic basis for hope hope not only to carry on but to enjoy a decent quality of life **The Ethics of Care** Virginia Held,2005-11-24 Virginia Held assesses the ethics of care as a promising alternative to the familiar moral theories that serve so inadequately to guide our lives The ethics of care is only a few decades old yet it is by now a distinct moral theory or normative approach to the problems we face It is relevant to global and political

matters as well as to the personal relations that can most clearly exemplify care This book clarifies just what the ethics of care is what its characteristics are what it holds and what it enables us to do It discusses the feminist roots of this moral approach and why the ethics of care can be a morality with universal appeal Held examines what we mean by care and what a caring person is like Where other moral theories demand impartiality above all the ethics of care understands the moral import of our ties to our families and groups It evaluates such ties focusing on caring relations rather than simply on the virtues of individuals The book proposes how such values as justice equality and individual rights can fit together with such values as care trust mutual consideration and solidarity In the second part of the book Held examines the potential of the ethics of care for dealing with social issues She shows how the ethics of care is more promising than Kantian moral theory and utilitarianism for advice on how expansive or not markets should be and on when other values than market ones should prevail She connects the ethics of care with the rising interest in civil society and considers the limits appropriate for the language of rights Finally she shows the promise of the ethics of care for dealing with global problems and seeing anew the outlines of international civility

Care, Autonomy, And Justice Grace Clement, 2018-02-20 This book begins with versions of the ethic of care and the ethic of justice It argues that the ethic of care reveals important problems with the concept of autonomy but that these problems are not present in all versions of autonomy

Rights, Duties and the Body Rosamund Scott, 2002-08-05 This book addresses the law and ethics concerning a pregnant woman's refusal of medical treatment needed by the fetus she carries In England and some U S states a pregnant woman can now refuse such treatment Nevertheless courts have acknowledged the residual ethical dilemmas sometimes adverting to the inappropriateness here of legal compulsion of presumed moral duties This leaves the impression of an uncomfortable split between the ethics and the law This study seeks to explain and justify a pregnant woman's legal right to refuse medical treatment and thus resolve so far as possible the surrounding ethical legal and social tensions The idea of day to day maternal conduct which may cause prenatal harm is also touched upon Innovatively the author adopts a joint philosophical and legal approach directed to issues both of principle and policy revealing strong conceptual links between the ethics and the law In addition to an ethical exploration of the maternal fetal relationship the author explores the relevant English American and some Canadian arguments from the law of treatment refusal abortion tort and rescue

Delve into the emotional tapestry woven by Crafted by in Dive into the Emotion of **Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self** . This ebook, available for download in a PDF format (PDF Size: *), is more than just words on a page; it's a journey of connection and profound emotion. Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self Introduction

Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self Offers a diverse range of free eBooks across various genres. Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self, especially related to Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Relational Autonomy Feminist Perspectives On Autonomy

Agency And The Social Self books or magazines might include. Look for these in online stores or libraries. Remember that while Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self, sharing copyrighted material without permission is not legal. Always ensure you're either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self eBooks, including some popular titles.

FAQs About Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self is one of the best book in our library for free trial. We provide copy of Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self. Where to download Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self online for free? Are you looking for Relational Autonomy Feminist Perspectives On Autonomy Agency And The Social Self PDF? This is definitely going to save you time and cash in something you should think about.
