Ghost Stories M. R. James, 2018-06-07 Still as the night was the mysterious population of the distant moonlit woods was not yet lulled to rest The aim of a good ghost story is to make the blood freeze pleasurably and this M R James achieves to perfection in these wonderful stories His most atmospheric settings include English country houses and gardens the north end of the churchyard the yew maze in Mr Humphreys and his Inheritance and the unforgettable train journey in Casting the Runes To each of these stories he brings an eye for the telling detail an imaginative twist and a narrative tone that is at least to begin with urbane and reassuring The Penguin English Library collectable general readers editions of the best fiction in English from the eighteenth century to the end of the Second World War *Los Mejores Relatos de Fantasmas y Terror*

Throughout his illustrious writing career Charles Dickens often turned his hand to fashioning short pieces of ghostly fiction Even in his first successful work Pickwick Papers you will find five ghost stories all of which are included in this collection Dickens began the tradition of the ghost story at Christmas and many of his tales in this genre are presented here including the brilliant novella The Haunted Man and the Ghost s Bargain which deserves to be as well known as A Christmas Carol While all his supernatural tales aim to chill the spine they are not without the usual traits of Dickens flamboyant style his subtle with biting irony humorous incidents and moral observations It is a mixture which makes these stories fascinating and entertaining as well as unsettling To paraphrase the Fat Boy in Pickwick Papers Charles Dickens wants to make your flesh

Man Size In Marble E Nesbit, 2020-05-15 Life has taken a sudden interior turn but the literature of the lockdown may have already been written A century ago writers throughout the supposedly civilised world realised their once familiar domestic world had changed profoundly and began to describe it in singular unsettling ways The best word for what they found and how they described it is the German one *unheimlich* whereby the familiar or homely is suddenly strange a unique word for which we have in English the unsatisfactory *uncanny* In his essay of 1919 Freud used the word *unheimlich* to describe the disquieting unsettling short fiction of his time As has been noted by the critic Mark Fisher and others however he structured his inquiry into the *unheimlich* on the stories themselves unable to create a theory which superseded them These stories have endured We have collected together the best of them the funny the horrific and the simply disturbing to offer insight and commentary on the strange world we have been living in E Nesbitt s ghost story is elevated from the thousands that were published in popular magazines such as the Strand in the early 20th century by the way she places a barely competent middle class couple in a situation frighteningly beyond their depth
