La presente investigación aborda el estudio de la poética de Guillermo Samperio tanto en la acepción amplia que refiere las principales características formales y de contenido de su obra como por el hecho de que esta se encuentra impregnada de poeticidad. Para ello partimos del contexto de apertura de los géneros literarios propiciado por las vanguardias históricas y continuado por la epistemología posmoderna así como de los hallazgos de la literatura fantástica en el ámbito hispanico. Desde esta base teórica realizamos un recorrido por todos los libros del escritor mexicano publicados hasta la fecha detectando las dos etapas principales de su trayectoria y explicando los temas, símbolos y personajes más significativos. Nuestro propósito reside en reivindicar a un autor con enormes posibilidades de instalarse en el canon como un clásico de la literatura contemporánea. Dada la heterogeneidad de su propuesta apostamos por una visión panorámica que atiende tanto al marco histórico en que se inserta como a las estrategias retóricas que predominan en su estilo literario. Como colofón analizamos en profundidad *El fantasma*, *Texto en blanco*, en el que se sintetizan gran parte de las aportaciones samperianas. **Leo, luego escribo** Mónica Lavín, 2001.
